Independent Auditor's Report

The Plan Administrator
Nan Ya Plastics Corporation, America Employees Savings Plan
Livingston, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nan Ya Plastics Corporation, America Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

1. Plan Description

The Nan Ya Plastics Corporation, America Employees Savings Plan (the Plan) is a defined contribution plan which became effective January 1, 1991. Nan Ya Plastics Corporation, America and Nan Ya Plastics Corporation USA (collectively, the Company) are the Plan's Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On April 1, 2000, all of the New Jersey corporate employees of Nan Ya Plastics Corporation USA transferred to Nan Ya Plastics Corporation, America. Prior to the transfer, these employees were participants in the Formosa Plastics Corporation Employee Savings Plan. The Plan was amended and restated at various dates of eligibility, to incorporate certain legislative and regulatory requirements. The following description is provided for general information purposes. Participants of the Plan should refer to the plan document for more detailed and complete information.

Eligibility Requirements

All full-time salaried and hourly employees, except hourly employees in New Jersey, who have completed three months of continuous service with the Plan Sponsor, are eligible to participate on the first pay period after three months of employment provided, they are not leased employees. Temporary employees with a minimum of 1,000 hours of service in one year, as defined, are eligible to participate in the Plan effective on the enrollment date immediately following the completion of that one-year period.

Effective January 1, 2021, eligibility requirements changed to 30 days for employees to become participants in the Plan from the hire date.

Contributions

Eligible employees are automatically enrolled in the Plan at 5% of the employee's pre-tax wages unless the employee affirmatively elects not to participate. The contributions will be invested in a target fund date fund unless and until the participant chooses otherwise.

Each year, participants may elect to defer between 1% and 30% of their annual pre-tax compensation, as defined, provided their contributions do not exceed maximum allowable amounts under the Internal Revenue Code (the Code). After-tax (Roth) contributions from 1% to 30% of annual compensation, as defined, are allowed. Rollovers from other qualified retirement plans and catch-up contributions are also allowed. Contributions for highly compensated participants, as defined, are limited to an amount set by the plan administrator to permit the Plan to meet certain discrimination tests required by the Code.

The Plan provides a guaranteed matching contribution equal to 25% of the first 4% of the pre-tax salary deferred, as defined. The Plan also provides a discretionary profit-sharing contribution equal to 75% of the first 4% of pre-tax salary deferral elected plus 100% of the remaining pre-tax salary deferral up to 1%. The sum of an employee's pre-tax salary deferral and employer matching and profit-sharing contributions cannot exceed the lesser of 100% of the employee's salary, as defined, or \$58,000 and \$57,000 for the years ended December 31, 2021 and 2020, respectively. During the years ended December 31, 2021 and 2020, there were discretionary profit-sharing contributions of \$1,675,554 and \$1,596,506, respectively.

Nan Ya Plastics Corporation, America

Employees Savings Plan

Notes to Financial Statements

Participants may change their contribution elections four times during the year (January 1, April 1, July 1, and October 1) with the option to terminate their contributions to the Plan anytime during the year. Participants may change investments daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and discretionary profit-sharing contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants have a 100% vested interest in the value of their account attributable to both Company and participant contributions.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus-related distributions up to \$100,000 through December 31, 2020.
- Increase the available loan, as described below, to the lesser of \$100,000 or 100% of the participant's vested account balance up to September 22, 2020.
- Extended the period for loan repayments, if applicable, up to one year through December 31, 2020.

During 2020, the Plan had special coronavirus distributions in the amount of \$6,035,060.

Payment of Benefits

Upon a participant's retirement, termination (prior to eligibility for retirement), or death, 100% of the value of the participant's account, as defined, will be distributed to the participant or the designated beneficiary in a lump sum. There were no significant requests by participants to withdraw their funds at December 31, 2021 and 2020 that were not paid by year-end. The participant may postpone the benefit distribution to a later date, provided the participant is not a 5% owner, as defined. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan, including the relief provisions under the CARES Act.

Participants who are 5% owners, as defined, are required to begin receiving benefits under the Plan by April 1 following the calendar year in which the participant attains age 72, even if not yet retired.

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants have the ability to borrow against their account balance, up to the lesser of \$50,000 or 50% of their vested balance, except for amounts borrowed under the CARES Act, with a minimum borrowing of \$1,000. Loans bear interest based upon the prime rate, as reported by the Wall Street Journal on the first business day of the month, plus 1%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless for the purchase a principal residence for which the repayment period may be longer. Participants may have up to two loans outstanding at a time and repayment of the entire balance is permitted at any time. As of December 31, 2021, participant loans bore interest rates of 4.25% to 10.50% and mature through 2026.

Administrative Expenses

All costs and expenses of administering the Plan are borne by the Plan, except that they may be paid by the Plan Sponsor at its discretion. For the years ended December 31, 2021 and 2020, the amount paid by the Plan Sponsor was not significant. Expenses paid by the Plan Sponsor are excluded from these financial statements.

Direct compensation paid by the Plan as administrative expenses totaled \$42,822 and \$38,160 for the years ended December 31, 2021 and 2020, respectively, which consisted of third-party recordkeeping fees.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous make for the asset or liability in an orderly transaction between market participants on the measurement date (an exit price). See Note 7 for a discussion of the fair value of investments.

Purchases and sales of the investments within the Plan are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Tax Status

The Internal Revenue Service issued a determination letter dated March 10, 2016, which states that the Plan and its underlying trust qualify under the applicable provisions of the Code, and therefore, are exempt from federal income taxes. The Plan sponsor is responsible for reviewing the annual Required Amendments List (RAL) issued by the IRS for individually designed plans to retain qualified tax status. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirement of the Code and, therefore believes, that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

While the Company has not expressed any intention to terminate or partially terminate the Plan, the Company reserves the right to amend or discontinue the Plan or its contributions at any time subject to the provisions set forth under ERISA. Upon termination of the Plan, the Company, at its discretion, may elect to terminate the trust agreement. In such event, each affected participant's individual account balance will remain 100% vested and be paid to such participant as soon as practicable after a determination is made of the value of the participant's individual account.

5. Party-in-Interest and Related Party Transactions

Merrill Lynch, Pierce, Fenner and Smith, Inc., the investment manager, and Bank of America, N.A., the trustee, are parties-in interest with respect to the Plan under the provisions of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

6. Information Certified By Bank of America N.A.

The Company is party to a trust agreement with Bank of America N.A. for the holding and administration of the Plan assets. The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

7. Fair Value Measurements

The Plan follows the provisions of Accounting Standards Codification (ASC) 820, Fair Value Measurement. ASC 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Investment Assets at Fair Value

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2021 and 2020. There were no transfers between levels during the year ended December 31, 2021.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820:

Nan Ya Plastics Corporation, America Employees Savings Plan

Notes to Financial Statements

Mutual Funds

Mutual funds represent investments with various investment managers. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds

Common collective trust funds represent investments with various investment managers. Common collective trust funds are valued using the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Money Market Funds

Money market mutual funds are valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies of these items held at December 31, 2021 and 2020.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAVs per share:

BlackRock US Debt Index Fund	825,471	-	Daily	N/A

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. No material items noted that needs to be disclosed.
