INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
403(b) Thrift Plan for Stanley Street Treatment & Resources, Inc.
Fall River, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the accompanying financial statements of 403(b) Thrift Plan for Stanley Street Treatment & Resources, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

As described in Note 4 to the financial statements, the Plan has excluded from investments in the accompanying Statement of Net Assets Available for Benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by \$73,880 as of December 31, 2021. Further, contributions of \$85,478, investment income of \$39,839 and distributions of \$677,042 related to such accounts, as identified by the custodian have been excluded from the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

INDEPENDENT AUDITOR'S REPORT
(continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements
December 31, 2021 and 2020

1 – DESCRIPTION OF THE PLAN

General

The 403(b) Thrift Plan for Stanley Street Treatment and Resources, Inc. (the "Plan") is a defined contribution plan that was established on July 1, 2005 for the collective benefit of employees of Stanley Street Treatment and Resources, Inc. and Stanley Street Treatment and Resources of Rhode Island, Inc. (collectively the "Organization"). The Plan is funded by contributions from the Organization and its participants and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility for Participation

Employees are eligible to make voluntary deferral contributions upon date of hire. Employees are eligible for employer matching contributions after completing one year of service during which they have worked at least 1,000 hours if they are employed on the last day of the Plan year.

Employee Elective Deferred Contributions

Employees participating in the Plan may elect to defer a specific dollar amount or percentage of their annual earnings as their contribution to the Plan, subject to the limitations described in the Internal Revenue Code. The Plan provides for employee pre-tax and Roth contributions. Employee contributions in the form of rollovers and transfers from other qualified retirement plans are allowed as defined in the Plan document.

Employer Matching Contributions

The Organization may make discretionary matching contributions to the Plan equal to an amount approved by the Board of Directors. For the years ended December 31, 2021 and 2020, the Organization made employer matching contributions equal to 5% of each participant's deferral contribution.

Vesting

Participants are immediately vested in their salary deferral contributions and employer matching contributions.

Participant Accounts

Accounts are maintained for each participant. Accounts are increased for contributions, transfers and for an allocation of investment income based on the relationship of each participant's account within each investment fund to the total fund. Accounts are decreased for withdrawals made by participants, administrative expenses, and for an allocation of investment losses based upon the relationship of each participant's account within each investment fund to the total fund.

Investment Options

The Plan was established with Mutual of America Life Insurance Company ("Mutual of America") as its custodian. Upon enrollment into the Plan, a participant may direct employee and employer contributions in whole number percentages into a variety of investment options.

Notes to Financial Statements
December 31, 2021 and 2020

1 – DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

A participant may borrow from his/her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his/her vested account balance. Mutual of America requires that 120% of the outstanding note balance be maintained as collateral in the participant's Mutual of America Interest Accumulation Account. The notes bear interest at a rate that is 3% higher than the interest rate credited to the participant's Mutual of America Interest Accumulation Account and is paid by the participant to Mutual of America as a cost of the loan. Principal and interest is paid ratably, mainly through payroll deductions.

Notes receivable from participants are not deducted from participants' accounts and, therefore, not reported on the Statements of Net Assets Available for Benefits (see Note 6).

The Plan has adopted the provisions of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The new provisions increased the limit of participant loans to \$100,000 or 100% of the participant's vested account balance for certain loans. The increased loan limit applies only to loans made between March 27, 2020 and September 23, 2020. In addition, scheduled loan repayments during this period can be delayed for up to one year for qualifying participants.

In-service Withdrawals

In-service withdrawals may only be made under the following circumstances:

- Hardship as defined in the Internal Revenue Code
- Attainment of age 59½
- Coronavirus-related distributions as defined in the CARES Act

Retirement Benefits

The normal retirement age under the Plan is age 65. Certain participants may be eligible for early retirement subject to the provisions in the Plan document. A participant who becomes disabled as defined in the Plan document is eligible for disability retirement benefits.

Payment of Benefits

Upon termination of service from the Organization, a participant may elect to receive his/her account balance in the form of a single lump sum, installments or any other forms of settlement available from the manager of the investment fund in which the participant's account or portion thereof is invested. Upon termination of service at the Organization, a participant with an accumulated balance of \$1,000 or less will receive a distribution of the balance at the direction of the Organization.

Timing of Distributions

Distributions described above shall be made as soon as reasonably practicable following the date the participant's application for distribution is received by the custodian.

As of December 31, 2021 and 2020, there were no distributions payable to participants.

Administrative Expenses

Substantially all administrative expenses incurred by the Plan are paid by the Organization. However, certain administrative expenses may be paid by the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

1 – DESCRIPTION OF THE PLAN (continued)

Participant-Directed Contributions, Withdrawals and Transfers

The election to allocate contributions between the investment options, and any decision to change such allocation, is made by each participant as permitted by the custodian. Withdrawals and transfers are recorded at the time such transactions take place.

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared utilizing the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are carried at fair value, as determined by quoted market prices. The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits, investment income (loss), which consists of the realized gains and losses, unrealized appreciation (depreciation) on its investments, and interest and dividend income.

Security transactions are accounted for as of the date the securities are purchased or sold (trade date). Interest income is recorded as earned and, for money market instruments, includes amortization of discount and premium. Dividend income is recorded on the ex-dividend date or, for certain foreign securities, as soon as the investment funds are informed of the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Each participant's assets are jointly invested and the return on assets is allocated monthly among the participants and recorded as income or loss. The basis of allocation is the unit of participation method. Under this method, contributions and income result in an increase in units of participation while benefits paid and losses result in a decrease in units of participation.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in various mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Notes to Financial Statements
December 31, 2021 and 2020

2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Risks and Uncertainties (continued)

On March 13, 2020, a national emergency was declared in the United States as result of the COVID-19 pandemic. This ongoing public health crisis has had a significant and wide-ranging effect on the United States and local economies, including the financial markets. The longer-term impact of the pandemic on the Plan's financial statements cannot be reasonably determined at this time.

Subsequent Events

The Plan Administrator evaluated events that occurred after December 31, 2021, the date of the Statement of Net Assets Available for Benefits, but before the date the financial statements were available to be issued, October 11, 2022, for potential recognition or disclosure in the financial statements. Except as described in Note 5, the Plan Administrator did not identify any subsequent events that had a material effect on the accompanying financial statements.

3 – INFORMATION CERTIFIED BY CUSTODIAN

Unaudited information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year) was prepared by the Plan's custodian and furnished to the Plan Administrator and includes all Plan assets (except for the effects of participant and employer contributions receivables, if any) and all investment transactions. The Plan Administrator has obtained certifications from the custodian that such information is complete and accurate.

4 – EXCLUDED CUSTODIAL ACCOUNTS

The Plan has excluded from investments in the accompanying Statements of Net Assets Available for Benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by \$73,880 and \$625,605 as of December 31, 2021 and 2020, respectively. Further, contributions of \$85,478 and zero, investment income of \$39,839 and \$73,256 and distributions of \$677,042 and \$320 related to such accounts, as identified by the custodian, have been excluded from the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020, respectively. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements.

5 – FAIR VALUE MEASUREMENTS

The Plan applies the provisions of GAAP, which establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), a lower priority to significant other observable inputs (Level 2 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these provisions are described below:

5 – FAIR VALUE MEASUREMENTS (continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Separate Account Funds

Separate Account Funds invest assets in an underlying fund, and the name of the Separate Account Fund reflects the name of the corresponding underlying fund. Separate Account Funds are valued based on accumulation units. Accumulation unit values for the funds are determined as of the close of business on each valuation day. The dollar value of an accumulation unit for each fund of the Separate Account will vary based on changes in net asset values of the underlying funds and expenses of the underlying funds. Investments consist solely of investments in mutual funds registered with the U.S. Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

General Account Funds (Interest Accumulation Account)

The General Account is credited with a contractual rate of return. The General Account assets are carried at amortized cost, or contract value, which is deemed to be fair value for an insurance company general account. The general account is valued at contract value (book value) basis. Funds that are transferred to another funding vehicle or investment may be subject to market value adjustment.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5 – FAIR VALUE MEASUREMENTS (continued)

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2021 and 2020.

Description	Total 2021	Level 1	Level 2	Level 3
Separate Account Funds	\$7,078,008	\$7,078,008	\$ -	\$ -
General Account Fund	1,781,206	-	1,781,206	-
Investments at fair value	\$8,859,214	\$7,078,008	\$ 1,781,206	\$ -

Description	Total 2020	Level 1	Level 2	Level 3
Separate Account Funds	\$6,191,000	\$6,191,000	\$ -	\$ -
General Account Fund	1,270,732	-	1,270,732	-
Investments at fair value	\$7,461,732	\$6,191,000	\$ 1,270,732	\$ -

As discussed in Note 2, the Plan's investments are subject to various risks. As of October 11, 2022, the fair value of the Plan's investments has declined from the fair value at December 31, 2021.

6 – NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants at December 31, 2021 and 2020 consisted of the following:

	Participants	Due Date	Interest	Amount
2021	10	5/12/2022 – 1/30/2025	4.00%	\$43,344
	Participants	Due Date	Interest	Amount
2020	11	2/18/2021 – 3/1/2025	4.00%	\$53,964

Notes receivable amounts are not deducted from the participants' accounts but rather are made directly by Mutual of America to participants and, therefore, the notes receivable from participants are not shown separately on the Statements of Net Assets Available for Benefits as a note receivable.

7 – PLAN TERMINATION

Although it has expressed no intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8 – INCOME TAX STATUS

The Organization has adopted the Mutual of America Prototype 403(b) Thrift Plan Basic Plan Document No. 09 for its Plan document. Mutual of America obtained an advisory letter from the Internal Revenue Service indicating its Prototype 403(b) Thrift Plan Basic Plan Document No. 09 is acceptable under Internal Revenue Code Section 403(b).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

December 31, 2021 and 2020

9 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of shares of various accounts managed by Mutual of America. Mutual of America is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest. The Plan paid administrative fees to Mutual of America during the years ended December 31, 2021 **and 2020**.

The Organization provides certain administrative services at no cost to the Plan. The Organization also pays for certain administrative costs of the Plan.
