INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
ROC Service Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ROC Service Company, LLC 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Standard Insurance Company as of December 31, 2021 and for the period from May 28, 2021 to December 31, 2021, and from Voya Retirement Insurance and Annuity Company as of December 31, 2020 and for the period from January 1, 2021 to May 27, 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those derived from or agreed to the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions is derived from or agrees to, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that,

individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of ROC Service Company, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the ROC Service Company, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all full-time employees of ROC Service Company, LLC (the “Company”) who have completed twelve months of service and are age eighteen or older. Eligible plan participants may begin making contributions on the first day of the month coinciding with or next following date requirements are met. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”).

Up until the close of business on May 27, 2021, Voya Retirement Insurance and Annuity Company (“Voya”) was the custodian of the Plan’s investment assets and executed investment transactions at the direction of plan participants, received contributions, interest and dividend income, paid administrative expenses, and made distributions to participant. Effective May 28, 2021, Standard Insurance Company (“The Standard”) was appointed custodian of the Plan. The Plan also uses the services of a third-party administrator, Loren D. Stark (the “TPA”) to perform annual compliance testing, prepare the Plan’s Form 5500, and assist the Plan administrator in day-to-day activities of the Plan. Two officers of the Company serve as trustees of the Plan. The trustees have the authority to execute contracts, deeds, or other instruments, and to exercise the powers and duties set forth in the Trust Agreement.

CARES Act

Beginning in April 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), specifically allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020, for qualifying reasons associated with the COVID-19 pandemic and permits individuals to stop receiving 2020 required minimum distributions.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions (continued)

The Company may make a discretionary contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals each payroll period. Each year, the Company will determine the formula for the discretionary matching contribution. In addition, the Company may make a discretionary non-elective contribution to the Plan which is divided among Plan participants in proportion to their compensation. During 2021 and 2020, there were no discretionary non-elective contributions made. The matching Company contribution is invested as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollovers, if applicable, plus actual earnings thereon. Vesting in the Company's contribution of their accounts is based on years of continuous service with the Company. Participants become 25% vested in employer contributions after one year, and an additional 25% each year thereafter until 100% vested upon four years of credited service.

Payment of Benefits

Upon separation of service due to death, disability, retirement, or termination of employment, a participant or their beneficiaries may elect to receive either a lump sum amount equal to the participant's vested interest in his or her account or in installments.

Forfeited Accounts

In accordance with Plan provisions, amounts of forfeited non-vested account balances will be used reduce any employer contribution. During 2021 and 2020, forfeitures of approximately \$42,000 and \$15,000, respectively, were used to reduce employer contributions. For the years ended December 31, 2021 and 2020, the total amount of unallocated forfeitures were approximately \$30,000 and \$40,000, respectively.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared on the accrual basis of accounting in accordance with US GAAP.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's custodian determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit distributions are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3: Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 3: Fair Value Measurement (Continued)

The three levels of the fair value hierarchy under FASB Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable input.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutua Funds

These investments are valued at the NAV of shares held by the Plan at year end based on quoted market prices and are classified within Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 3: Fair Value Measurement (Continued)

The following tables present the fair value of investments, measured on a recurring basis, as of December 31, 2021 and 2020, respectively, by the fair value hierarchy described above. The Plan had no investments classified as Level 2 or 3 as of December 31, 2021 and 2020.

Note 4: Information Certified by the Plan's Custodians

The trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the trustees and was certified as complete and accurate by The Standard and Voya:

	5/28/2021 - 12/31/2021 Certified by The Standard	1/1/2021 - 5/27/2021 Certified by Voya	12/31/2020 Certified by Voya
Investments at fair value	<u>\$ 3,962,417</u>		<u>\$ 3,492,553</u>
Investment Income:			
Net appreciation (depreciation) in fair value of investments	<u>\$ 207,613</u>	<u>\$ 358,297</u>	<u>\$ 477,283</u>

Note 5: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contribution portion of their account.

Note 6: Related Party and Party in Interest Transactions

The Custodians of the Plan are party-in-interests as defined by ERISA. The Custodians invest certain Plan assets in mutual funds managed by the Custodians, and such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements

Note 7: Risks and uncertainties

The Plan provides investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Due to the nature of the investments held by the investment vehicles, changes in market conditions and the economic environment may significantly impact the net asset value of the investment vehicles, and consequently, the fair value of the Plan's interest in the investment vehicles. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's interest in the investment vehicles.

In March 2020, the World Health Organization announced a global pandemic related to the novel coronavirus ("COVID-19"), triggering volatility in financial markets and a significant negative impact on the global economy. The Plan's investments experienced volatility during 2020 in line with market conditions. The continued economic impact of the COVID-19 pandemic is uncertain and any ongoing impact to the Plan cannot be estimated at this time.

Note 8: Tax Status

Effective March 31, 2014, the Plan adopted a nonstandardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020. The Plan has been amended since the date of the last amendment covered by the above-mentioned determination letter. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through October 6, 2022, the date the financial statements were available to be issued. No events came to the attention of the Plan's management that would require adjustments to or disclosure in the financial statements.
