Independent Auditor's Report

Plan Administrator
ChromaScape Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ChromaScape Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date of the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ChromaScape Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the ChromaScape Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The plan was established on January 1, 2017. The Plan is a defined contribution plan sponsored by ChromaScape Holdings, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each employee, with the exception of excluded employees as defined in the Plan document, is eligible to participate in the Plan following the completion of one month of service and attainment of age 21. Part-time employees are eligible for the plan if they have greater than 1,000 hours in a plan year. Once participants are eligible for the plan, they can enroll the first day of the following month and begin making participant deferrals and receive discretionary employer contributions. Participants direct the investments of contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and one guaranteed annuity contract as investment options.

Contributions: Participants may contribute to the Plan each year up to the maximum percentage of their compensation allowable on a pre-tax and after-tax basis not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions, as allowed under the IRC. Participants may increase or decrease their contribution amount at any time. Participants may also contribute amounts representing distributions from other qualified plans. During 2021, the Company discretionary employer contributions were made in an amount equal to 50% of elective deferrals that do not exceed 6% of participant deferral. All contributions are invested in the investment options at the direction of the participant. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) Company discretionary employer contributions and (b) Plan earnings and losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. All other amounts credited to participants' separate accounts are vested under a 2-year cliff provision.

Investment options: Upon enrollment in the Plan, participants may elect to allocate contributions between the fund options available under the Plan in increments of 1%. If a participant does not elect a deferral percentage, the Plan has an automatic deferral percentage of 4%. The automatic deferral percentage will increase by 1% per year up to a maximum of 8% of compensation. Earnings on all funds, including appreciation and depreciation in the fair value of investments, are determined daily through published market sources for the registered investment companies or by the annuity provider for the guaranteed annuity contract. Participants may transfer account contributions on a daily basis and may transfer account balances in 1% increments on a daily basis.

If a participant does not make an investment option election, contributions are automatically allocated in accordance with the default investment alternatives established under the Plan. These default investments would be made in accordance with specific rules under which the fiduciaries of the Plan, including the employer, the custodian and the plan administrator, are relieved of any legal liability for any losses resulting from the default investments.

ChromaScape Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. A participant is only permitted to have one loan outstanding at a time. The loan amount will process as a reduction of the elected investment funds on a pro-rata basis. Loan terms may extend from 12 to 60 months. The loans are secured by the balance in the participant's account and have a fixed interest rate equal to the prime interest rate at the time the loan is originated. As of December 31, 2021 and 2020, the prime interest rate was 3.25%. Principal and interest is paid ratably through payroll deductions.

Payments of benefits: A participant may receive the value of his or her vested account upon retirement, attainment of age 59 ½, disability or termination as a lump-sum distribution. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Hardship withdrawals, as defined in the Plan, are also available to participants.

Administrative expenses: Administrative expenses are paid by the Company, except for participant fees related to distribution and loan withdrawals, which are paid from the participants' accounts.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and discretionary employer contributions are recognized when the participant contributions are withheld from the participant's earnings.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

ChromaScape Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Forfeitures: As of 2021 and 2020, forfeited nonvested accounts totaled \$9,020 and \$7,291 respectively. No forfeitures were used to pay plan expenses or reduce the employer contribution as stated in the plan document. Accumulated forfeitures will be applied to pay expenses or reduce the employer contribution in 2022.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan utilizes a non-standardized form of a prototype plan sponsored by Great-West Life & Annuity Insurance Company (Great-West). The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and is, therefore, not subject to federal income taxes under the present income tax laws.

Note 4. Information Certified by Great-West Life & Annuity Insurance Company

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Great-West, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 4,669,179	\$ 5,090,993
Investments, at contract value:		
Guaranteed annuity contract	\$ 144,180	\$ 122,243
Notes receivable from participants	\$ 60,383	\$ 41,116

The custodian also certified to the completeness and accuracy of \$468,953 of net appreciation in fair value of investments and \$211,819 of interest and dividends related to the aforementioned assets for the year ended December 31, 2021.

ChromaScape Inc. 401(k) Plan

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies: Valued by published market sources at the net asset value of shares held by the plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ChromaScape Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,669,179	\$ -	\$ -	\$ 4,669,179
Investments at fair value	\$ 4,669,179	\$ -	\$ -	\$ 4,669,179

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,090,993	\$ -	\$ -	\$ 5,090,993
Investments at fair value	\$ 5,090,993	\$ -	\$ -	\$ 5,090,993

Note 6. Investment Contract with Great-West Life & Annuity Insurance Company

The Plan has a guaranteed annuity contract investment contract with Great-West. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2021 and 2020, was \$144,180 and \$122,243, respectively. Fair value approximates contract value at December 31, 2021 and 2020.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0% and is reset at least as frequently as annually.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code.
2. The Plan's total investment in the contract falls below an amount specified in the contract.
3. Premature termination of the contract.
4. Plan termination of merger.
5. Changes to Plan's prohibition on competing investment of other Plan provisions that have an adverse effect on the investment.
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

ChromaScape Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Investment Contract with Great-West Life & Annuity Insurance Company (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7. Parties-in-Interest and Related-Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. During the year ended December 31, 2021, fees for these services were \$44,476.

The Plan invests in certain funds issued by Great-West. The guaranteed annuity contract investment options were issued by Great-West; therefore, these qualify as party-in-interest.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 4,945,701	\$ 5,277,405
Less: contributions receivable, prior year	-	(23,053)
Net assets available for benefits per the Form 5500	<u>\$ 4,945,701</u>	<u>\$ 5,254,352</u>

The following is a reconciliation of changes in net assets per the financial statements to the Form 5500 for the year ended December 31, 2021:

Changes in net assets per the financial statements	\$ (331,704)
Plus: contributions receivable, prior year	23,053
Changes in net assets per the Form 5500	<u>\$ (308,651)</u>

Note 9. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

Note 10. Subsequent Events

In May 2022, the Custom Milling & Consulting, Inc. 401(k) Profit Sharing Plan merged into the ChromaScape Inc. 401(k) Plan. Approximately \$2,900,000 of plan assets were transferred into the Plan in May 2022.
