INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Professional Group Plans, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Professional Group Plans, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Professional Group Plans, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Professional Group Plans, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Professional Group Plans, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with plan provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(Continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Professional Group Plans, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Professional Group Plans, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Professional Group Plans, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

(Continued)

In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the Professional Group Plans, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or summary Plan description for a more detailed and complete description of the Plan’s provisions, which are available from the plan administrator.

General

The Plan, established effective September 1, 1997, is a qualified defined contribution plan covering all eligible employees of Professional Group Plans, Inc. (the “Company”) who meet eligibility requirements and choose to participate. The Company serves as the Plan Sponsor. Empower serves as the plan administrator and record keeper as well as the trustee of the Plan. Paypro Corporation serves as the payroll processor for the Plan. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan was most recently amended on April 6, 2017, to allow for a participant in the Plan to change a prior deferral election at any time before the payroll processing cutoff date for the pay period for which the modification becomes effective.

Coronavirus Aid, Relief, and Economic Security (“CARES Act”) and Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”)

The Plan has implemented certain requirements by the CARES Act and the SECURE Act, which laws changed the Plan to allow, among others, a penalty-free distribution through December 30, 2020, suspend outstanding scheduled loan payments until 2021, increase the maximum loan limit for loans taken as a result of COVID-19 through September 22, 2020, and suspend required minimum distributions for the 2020 calendar year, including 2020 payments that would have been required to be made by April 1, 2021, unless elected otherwise. Written amendments to the Plan to reflect these operational changes will be adopted by December 31, 2025, in accordance with applicable law and Internal Revenue Service (“IRS”) guidance.

Eligibility

All employees, except union employees and independent contractors and interns of the Company, as described in the Plan’s provisions, become eligible to participate in the Plan upon completing at least one year of service and attainment of 21 years of age. Employees who have attained that age and service time are admitted to the Plan on the first day of the following quarter coinciding with the date employees satisfy the eligibility requirements. Eligible new hires are automatically enrolled at 6% of their eligible compensation until they elect an alternative amount to contribute or elect not to defer any compensation under the Plan.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Contributions

Each year, participants may elect to contribute up to 100% of their compensation subject to limitations under the Internal Revenue Code (“IRC”). Participants 50 years of age or older can contribute an additional maximum catch-up contribution. Participants may also, with approval of the plan administrator, transfer a qualifying rollover distribution, as defined, to the Plan.

The Company’s employer matching contribution is equal to 50% of the first 6% of deferrals with an annual maximum of \$1,500 for participants earning \$100,000 or less. For all other participants, the matching contribution is equal to 25% of the first 6% of deferrals with an annual maximum of \$1,500.

The Company also makes discretionary profit sharing contributions to the Plan to certain participants. In order to share in the profit sharing contribution, the participant must be employed on the last day of the Plan year. If the participant is terminated, they must be credited with more than 500 hours of service during the Plan year. In the event of a death, disability or retirement, the participant may still share in the profit sharing contribution for the year regardless of the amount of service attained.

Investment Options

Participants may direct the investment of their contributions (including rollover contributions) to the Plan into various investment options offered by the Plan. Participants may change their investments at any time. Investment options include mutual funds, a pooled separate account and a group annuity contract.

The Pension Protection Act created the Qualified Default Investment Alternative (“QDIA”), which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the American Funds Target Date Retirement Funds as the QDIA, based on the Participants’ date of birth.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement, (“trustee of the Plan”). This information has not been audited by the Plan’s independent auditors.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Participants' Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if applicable, and Plan earnings. Each participant's account is charged with withdrawals and Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum of the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan or 50% of their vested interest in the Plan. The number of loans per participant is limited to one loan outstanding at any given time. The notes are secured by the balance in the participants account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Pursuant to the CARES Act, loan limits were temporarily increased. Between March 27, 2020 and September 22, 2020, participants meeting certain eligibility criteria were able to borrow from their account balance up to the lesser of 100% of the vested balance or \$100,000. Participants receiving loans under the CARES Act were not subject to the 60-day waiting period between paying off a loan and obtaining a new loan. Additionally, any loan payments due between March 27, 2020 and December 31, 2020, for eligible participants could be delayed for up to one year, and those 12 months would not count towards the overall repayment period.

Vesting

Participants are immediately 100% vested in their voluntary employee contributions (including rollover contributions).

Participants vest in matching contributions as indicated in the following table:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

Vesting (Continued)

Participants vest in profit sharing contributions as indicated in the following table:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

The portion of a participant's account balance attributed to the Company's matching contributions and discretionary profit sharing contributions that are not vested upon termination of employment will be forfeited and may be used in future periods to reduce the Company's future matching or discretionary profit sharing contributions or pay Plan expenses. For the years ended December 31, 2021 and 2020, there were forfeited non-vested balances of \$3,252 and \$1,453, respectively. In 2021, matching contributions were paid to participants in the amount of \$2,138 from forfeited nonvested accounts.

Withdrawals

Prior to termination of employment, a participant may withdraw, subject to the Plan's notice requirements, all or a portion of the value of his or her participant account and the vested value of his or her Company contribution account if (a) he or she has attained age 59½, or (b) the participant is subject to a hardship event as defined by the Plan's provisions. Withdrawals to which a participant is entitled are the amounts that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to each participant's account, less allocated expenses.

A hardship distribution can be derived from pre-tax deferrals, Roth deferrals, employer matching contributions, and is subject to the participant's vested account balance. The Plan provides for hardship withdrawals not to exceed an amount required to meet the immediate need created by the hardship and only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, education expenses, costs directly related to the purchase of, or to prevent the eviction from or to stop foreclosure of, the participant's personal residence and such other circumstances as the plan administrator may determine based on rules set forth in the IRC.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Withdrawals (Continued)

Effective January 1, 2019, the Plan's safe harbor hardship withdrawals changed due to The Bipartisan Budget Act of 2018. The significant changes of this new law are that (1) it expands the types of funds that can be distributed in the event of a hardship distribution to include qualified matching contributions, qualified non-elective contributions and earnings; (2) the Plan will no longer require a participant to take a loan prior to requesting a hardship withdrawal; and (3) the Plan will no longer require a suspension of employee contributions after receipt of a hardship withdrawal.

Payment of Benefits

Participants will receive the full amount of their vested account balances in the event of normal retirement, death or disability. On termination of service, participants may elect to receive their benefits in a lump sum or in installments if the vested amount is over \$5,000. If the vested amount is \$5,000 or less, the benefit will be paid in a single sum.

Effective January 1, 2020, pursuant to the SECURE Act, which was enacted in December 2019, the age at which required minimum distributions must begin for the Plan was increased from 70½ to 72. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Pursuant to the CARES Act, effective July 1, 2020, Plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

Management fees and operating expenses charged to the Plan for specific investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in net appreciation in the fair value of such investments.

Plan expenses not paid by the Company may be paid out of Plan assets provided that such payment is consistent with the Employee Retirement Income Security Act of 1974 ("ERISA"). Fees charged to participants for administration of notes receivable and other transactions are included in administrative expenses.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, reported changes in net assets available for benefits, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Notes receivable from participants balances were \$97,034 and \$142,388 for the years beginning January 1, 2021 and 2020, respectively.

Investment Valuation and Income Recognition

GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

PROFESSIONAL GROUP PLANS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Shares of mutual funds are valued at their quoted daily closing market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Investments in mutual funds are classified as Level 1 assets and as such, are deemed actively traded.

Pooled Separate Accounts ("PSAs")

PSAs are proprietary pooled funds that invest in either a single Principal mutual fund or a non-publicly traded PSA, which invests mainly in stocks or fixed-income securities such as asset-backed securities, residential mortgage-backed securities, commercial mortgage-backed securities and corporate bonds. These accounts are required to compute and publish their daily NAV and to transact at that price. Accordingly, since the NAV provided by the trustee is both available to current investors and the basis for current transactions, these PSAs are determined to have readily determinable fair values, classifying them as Level 1 assets.

Group Annuity Contract - The Stable Value Fund

The Plan's investment in the Stable Value Fund is valued at the NAV of units of a bank collective trust. The NAV is provided by Mass Mutual and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the guaranteed interest contract, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participant the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses, based on the value of assets at the time of purchase during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income on group annuity contracts is recorded separate from the change in fair value. Interest on participant loans is recognized as earned. Dividend income is recorded on the ex-dividend date.

Subsequent Events

These financial statements were approved by management and available for issuance on October 14, 2021. Management has evaluated subsequent events through this date.

4 - GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with Mass Mutual that is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2021 and 2020, was \$1,118,682 and \$1,584,433, respectively. The crediting interest rate is based on a formula agreed upon with the issuer; the average crediting interest rate for 2021 was 1% and the 2020 rate was 3.41%.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

Dividend income	735,720
Interest income from group annuity contract	21,800
Interest income on notes receivable from participants	4,070

6 - RISKS, UNCERTAINTIES AND CONCENTRATION

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

One investment represents 19% and 15% of net assets available for benefits at December 31, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS

7 - TAX STATUS

The Company adopted a pre-approved prototype plan which the IRS had determined, in a letter dated March 31, 2014, to be in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan was designed and currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

8 - PARTY IN-INTEREST TRANSACTIONS

The Plan paid Principal administrative expenses of \$75,951 for the year ended December 31, 2021.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company, as Plan Sponsor, pays these individuals' salaries and other administrative expenses. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the IRS and ERISA rules on prohibited transactions.
