Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of First Southern Bancorp, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 First Southern Bancorp, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of First Southern Bancorp, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Southern Bancorp, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Southern Bancorp, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Southern Bancorp, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of First Southern Bancorp, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

First Southern Bancorp, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the First Southern Bancorp, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of First Southern Bancorp, Inc. (the "Company") and its wholly-owned subsidiaries who have 60 days of service and have attained the age of 18 years. Eligible employees may make salary deferral contributions and participate in matching contributions on the first day of the month coincident with, or immediately following, the date on which eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and serving as the Plan Administrator.

Contributions

Participants may elect to make pre-tax and Roth contributions pursuant to salary deferral agreements entered into between the employer and the participants. Participants may elect to defer any whole percentage or flat dollar amount up to 100% of compensation, not to exceed the annual limits established by the Internal Revenue Code. Participants may change their elective contribution percentages on the first day of each month.

During 2021 and 2020, the employer safe harbor matching contribution was equal to 100% of the first 3% of the participant's eligible compensation that is contributed to the Plan, plus 50% of the next 2% of compensation that is contributed to the Plan. Salary deferrals that are "catch-up" contributions are not matched.

The employer has discretion to make non-elective contributions that it may, from time to time, deem advisable. These non-elective employer contributions are to be determined each year on a discretionary basis. Employer discretionary contributions are allocated in the ratio in which the considered compensation of each participant bears to the considered compensation of all participants as of the allocation date. For the years ended December 31, 2021 and 2020, no non-elective contributions were made by the employer.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

The Plan is intended to qualify as a participant-directed plan under Section 404(c) of ERISA for investments held in the custody of Voya Retirement Insurance and Annuity Company ("VRIAC"), with the exception of the following investments, Robert W. Baird & Co. Incorporated participant-directed brokerage accounts ("Baird"), TD Ameritrade Holding Corporation participant-directed brokerage accounts ("TD Ameritrade"), Mequity Tucker, LLC and Rio Energy LLC. This means that each participant is responsible for his or her own investment decisions under the Plan and any resulting investment activity. A separate account is established for each participant who receives and/or makes a contribution.

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Other Plan assets are held pursuant to written custodial agreements with Baird, TD Ameritrade, and Voya. Participants with Plan assets held in these accounts are allowed to invest their account balances in any investment desired, within certain specified limitations. In addition, certain participants hold their investment in privately held corporations, including Mequity Tucker, LLC and Rio Energy, LLC.

Vesting

Participants are 100% vested at all times in their elective contributions and Safe Harbor matching contributions. Vesting for employer discretionary contributions and earnings thereon is based on a six-year graded vesting scale. Prior to the completion of six years of vesting service, participants will be vested under the following schedule:

The vesting schedule for the employer discretionary base contribution is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	- %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

1. DESCRIPTION OF THE PLAN (continued)

Participant distributions

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment may be in the form of a lump-sum or installment distribution. The Plan also allows for hardship distributions, subject to the Plan provisions.

Participants who terminate employment, for any reason, may elect to receive their vested benefits within a reasonable period following termination. Participants whose benefits exceed \$5,000 may receive a distribution in any form permitted by the Plan. Participants whose benefits do not exceed \$5,000 may receive a lump sum distribution following their termination. Any non-vested benefits are forfeited to the Plan at the time of distribution. Participants who do not terminate employment may make withdrawals from the Plan in accordance with Internal Revenue Code ("IRC") regulations.

In addition, due to the enactment of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") on March 27, 2020, certain Plan participants qualified for a new COVID-related distribution option. Individuals who were diagnosed with (or those whose spouse or dependent was diagnosed with) COVID-19, or who experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19 ("Qualified Individuals"), could choose to take COVID-related distributions of up to \$100,000 in 2020 without being subject to either the usual early distribution penalty applicable to those who have not yet reached age 59-1/2 or the mandatory withholding requirement. The distribution may be returned to the Plan during a three-year period following the distribution.

Forfeitures

Forfeited non-vested accounts totaled \$2,172 and \$4,144 as of December 31, 2021 and 2020, respectively. The Plan allows for forfeitures to be used to pay any Plan expenses. Any forfeiture balance that remains after paying Plan expenses can be used to offset other employer contributions under the Plan for the Plan year immediately following the Plan year in which the forfeiture occurs. Administrative expenses and employer contributions of \$4,146 and \$1,967 were paid from forfeitures for the years ended December 31, 2021 and 2020, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

First Southern Bancorp, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

3. CERTIFICATION OF INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VRIAC, the custodian of the Plan, has certified to the completeness and accuracy of certain investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, item 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021; and the information related to investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, with the exception of the following investments, Baird participant-directed brokerage accounts, TD Ameritrade participant-directed brokerage accounts, Mequity Tucker, LLC and Rio Energy, LLC.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology included:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable relevant inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: These investments are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by the custodian, based on the daily closing prices reported by the underlying mutual funds. The unit price of the separate account is calculated by dividing the total value of the assets of the separate accounts by the number of units in the separate account.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Limited partnerships: Values are determined based on the participant's capital account, which approximates fair value. The limited partnership investments are included in Level 3 within the fair value hierarchy.

	<u>\$ 7,888,244</u>	<u>\$ -</u>	<u>\$ 74,595</u>	<u>\$ 27,673,507</u>

(a) In accordance with ASU 2015-07, certain pooled separate account investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. See below regarding investments measured at fair value using net asset value per share.

Transfers between Levels: For years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses: The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2021 and 2020.

(a) Funds in this category invest in various types of debt securities to achieve a long-term rate of return while preserving capital.

(b) Funds in this category invest in domestic and foreign equities and in fixed income securities to achieve a long-term rate of return. Some funds give special consideration to certain social criteria.

(c) Funds in this category seek to "balance" growth of principal and current income by investing in a combination of stocks and bonds.

First Southern Bancorp, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS (continued)

(d) Funds in this category seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. Stocks are selected for price appreciation and for the value of the current income provided through dividends.

(e) Funds in this category invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly.

(f) Funds in this category seek capital appreciation by investing primarily in stocks of small-and medium-sized companies.

(g) Funds in this category invest in stocks of companies in the United States and developed countries outside of the United States and have an investment style of World Stock as well. International investing may provide greater diversification benefits to a U.S.-based portfolio than investing in domestic securities alone.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an unallocated insurance contract with Voya Financial. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of this investment at December 31, 2021 and 2020, was \$5,127,464 and \$5,764,525, respectively.

The guaranteed investment contract is designed to accrue interest based on a crediting rate established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Additionally, certain events might limit the ability of the Plan to transact at contract value with the contract issuer.

Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger

Notes to Financial Statements
December 31, 2021 and 2020

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or signoff of a subsidiary) that significantly affect the Plan's normal operations

At December 31, 2021 no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A break of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. INCOME TAX

The underlying nonstandardized prototype Plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("Code") and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2006-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's operations in compliance with the Code.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by VRIAC. VRIAC is also a custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest. As a custodian of Plan assets, Voya qualifies as a party-in interest. Fees paid by the Plan for investment management services are reported within net appreciation of investments on the statements of changes in net assets available for benefits.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued. Effective January 1, 2022, the Safe Harbor Matching Contribution formula under the Plan was amended. As amended, the Company shall make a safe harbor matching contribution on behalf of each eligible participant under the Plan equal to 100% of the amount contributed to the Plan for the Plan Year up to 6% of compensation.
