Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

Plan Administrator and 401(k) Committee
of the United Coal Company, LLC 401(k) Savings Plan
Johnson City, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of United Coal Company, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Plan description: The following description of the United Coal Company, LLC 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, which was established October 1, 2004, is a defined contribution 401(k) safe harbor plan that provides for both salary deferral contributions and employer contributions under Section 401(k) of the Internal Revenue Code (IRC). All employees of the Plan Sponsor (excluding collective bargaining employees) who have attained age 18, who have 90 days of service and are credited with 385 hours in that time period are eligible to participate in the Plan. Employees who do not complete a waiver of non-participation are automatically enrolled in the Plan upon meeting the above eligibility requirements. The Plan was last amended effective January 1, 2018, to change the determination period for which safe harbor contributions are measured and calculated.

Contributions: Participants may elect to defer a percentage of their compensation as defined in the Plan document limited to the maximum percentage allowable under the IRC for such Plan year. The Plan also allows for participant Roth elective deferrals. Rollover contributions are permitted from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The employer's matching contribution is an enhanced safe harbor contribution which is an amount equal to 100% of the participant's deferral contributions up to 4% of participant's compensation

The employer's discretionary contribution is allocated among participants as a uniform dollar amount for each hour of service. In 2021, the Plan Sponsor did not make a non-elective discretionary contribution.

Participant accounts: Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Investment options: Each participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants may transfer funds between investment options at any time.

Participants should refer to the most recent annual report of each investment fund for information on risk factors, fees assessments, investment return, asset concentrations, use of derivative financial instruments and other financial data.

Vesting: Participants are immediately vested in their deferral contributions, rollover contributions, and all Plan Sponsor contributions plus actual earnings thereon.

Payment of benefits: Upon retirement (normal retirement age is 65), death, disability, other termination of employment, or in-service distribution (after age 59 1/2), as defined, participants or their spouses and/or beneficiaries will receive their account balance under a method allowed by the Plan as disclosed below. If vested balances are less than \$1,000, the Plan Administrator may elect to distribute the account without consent.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Distribution methods allowed by the Plan upon separation of employment include:

- Lump sum
- Partial withdrawals or installments but only with respect to minimum required distributions, over a period not more than your assumed life expectancy (or your beneficiary's assumed life expectancy)

Distribution methods allowed by the Plan if under normal retirement age include:

- Single lump sum
- Installments (not to exceed life expectancy)

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document. Hardships may be taken from participant elective contributions, Roth deferrals and related earnings.

Under the Coronavirus, Aid, Relief, and Economic Security (CARES) Act, qualified participants of the Plan may receive coronavirus-related distributions of up to \$100,000 that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three-year period. Additionally, under the CARES Act, the participant may repay the distribution over a three-year period without incurring any additional income tax burden. The Plan has paid coronavirus-related distributions to qualified participants in the amount of \$10,645,778 through December 31, 2020. It is unknown as to whether or not any of these distributions will be repaid to the Plan.

Notes receivable from participants: Participants may borrow from their accounts, subject to a maximum amount which is the lesser of one-half of a participant's vested account balance or \$50,000. The participant's account balance serves as collateral for the loan. The minimum request for a loan is \$1,000 and not more than one loan can be outstanding for a participant at a time. Loans bear interest at 1% above the prime rate. Loan payments shall be repaid up to five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted. Further, the CARES Act permitted participants to obtain as a loan up to 100% of the participant's vested balance not to exceed \$100,000 through December 31, 2020. Additionally, the CARES Act also permitted suspension of loan repayments for new and existing Plan loans for a period of up to a year and for extension of the term of the loan for a period of up to a year without violating the maximum five year term for qualified individuals.

Significant accounting policies: The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments: Pooled separate accounts are stated at net asset value which is used as a practical expedient for fair value. The value of a unit in a pooled separate account is the fair market value of investments in the account as of the valuation date, plus cash balances and accruals less accounts payable, expenses, and taxes that are allocable to the account, divided by the number of outstanding participation units in the account. The underlying securities held in the pooled separate accounts are valued based on quoted market prices. If there is no readily available market value for a particular security, the investment manager will determine the fair market value of such investment in accordance with accepted practices and applicable laws and regulations. As of any date, the value of the Plan's share of a separate account will equal the number of participation units held by the Plan multiplied by the participation unit value.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Investment income from the pooled separate accounts is recorded net of investment expenses charged by each of the Plan's respective investment options.

The Plan does not require collateral to secure investments.

Payment of benefits: Benefit payments are recorded upon distribution.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from the Plan's financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses.

Significant New Authoritative Accounting Guidance: On October 29, 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date. Plan management has evaluated the potential effects of this new accounting and financial reporting standard and has determined that it should not have a significant impact on the Plan's financial reporting.

Subsequent events: The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 2. Income Tax Status

The Plan has adopted the Dunbar Bender & Zapf, Inc., Prototype Non-Standardized Profit-Sharing Plan. Dunbar Bender & Zapf, Inc. has received a determination letter dated March 31, 2014 that the prototype plan and related amendments qualify as tax exempt under Internal Revenue Code Section 401(a). An employer who has adopted a prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the Plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been restated since the date of the determination letter; however, the Plan Administrator believes that the United Coal Company, LLC 401(k) Savings Plan has been operating in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. The Plan Sponsor has contracted with John Hancock Life Insurance Company (U.S.A.) to administer the Plan's assets. Administrative functions performed by John Hancock Life Insurance Company (U.S.A.) include participant account maintenance, and custodial services. During the year ended December 31, 2021, fees for these services amounted to \$224,730. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 5. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA for 2021 and 2020. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of all investments including cash and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - schedule of assets held at end of year as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 6. Fair Value Measurement

Authoritative guidance regarding fair value measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

Included in the pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts				
measured at net asset value (a)	\$ 53,944,551	\$ -	\$ -	\$ -
Assets at Fair Value as of December 31, 2020				
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts				
measured at net asset value (a)	\$ 46,219,649	\$ -	\$ -	\$ -

- (a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

UNITED COAL COMPANY, LLC 401(k) SAVINGS PLAN**NOTES TO FINANCIAL STATEMENTS**

The following tables summarize investments for which fair value is measured using net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund, pooled separate account	\$ 4,442,854	N/A	Daily	Up to 12 months
Other pooled separate accounts	49,501,697	N/A	Daily	None
	<u>\$ 53,944,551</u>			

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund, pooled separate account	\$ 4,989,962	N/A	Daily	Up to 12 months
Other pooled separate accounts	41,229,687	N/A	Daily	None
	<u>\$ 46,219,649</u>			

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. COVID Pandemic and Impact

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing affects on the financial markets to the successes and failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
