Independent Auditor's Report

To the Board of Trustees
Marders 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Marders 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of The Plan were audited by Wagner & Zwerman LLP (the "predecessor auditor"), who merged with Gettry Marcus CPA, P.C. as of January 1, 2022. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 29, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of the Marders 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 1996 (as amended January 1, 2016), is a defined contribution plan covering all full-time employees of Marders, the Landscape Store, Inc. (the "Company") who attained the age of 21 and have completed 250 hours of service in a consecutive three-month period or 1,000 hours of service in one year of service. Effective January 1, 2022, the Plan adopted the The Retirement Company, LLC Non-Standardized Pre-Approved 401(k) Savings Plan ("Retirement Company Non-Standardized Plan"). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of the Trustees of the Plan are responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investments offerings, monitors investment performance and reports to the Plan's Board of Trustees. The assets of the Plan are administered under a trust agreement with Capital Bank and Trust Company ("Capital Bank"). The trust agreement requires that the custodian administer in accordance with the text of the Plan, the trust agreement, and instructions from the Plan Administrator. The custodian holds and manages the assets of the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, not to exceed limitations set forth by applicable law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor will contribute to the Plan a Safe Harbor Matching Contribution equal to 3% of the eligible participant's compensation. The Sponsor may also, at its discretion, make a profit sharing and/or additional matching contributions to eligible participants' accounts. Profit sharing contributions equal an amount determined by the Sponsor for participants who have completed 1,000 hours of service. Additional matching contributions equal an amount equal to 50% of participants contributions, not to exceed \$2,000. The Sponsor made matching contributions of \$428,178 and \$381,678 for each of the years ended December 31, 2021 and 2020, respectively. The Sponsor did not make profit sharing contributions for either of the years ended December 31, 2021 or 2020.

Investment Options

Eligible participants currently may elect to invest in various mutual funds. Prior to the change in investment custodian during 2020, pooled separate accounts and a guaranteed investment contract were also available as investment elections. In addition, participants may elect to invest in life insurance contracts.

The life insurance contracts are owned by and payable to the Plan, subject to provisions, as defined. Any distribution of an insurance policy or the proceeds of an insurance policy purchased pursuant to requirements under the Plan document will be distributed to the beneficiary of the account holder.

Note 1 - Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Safe Harbor matching contributions, as well as allocations of (a) the Company's profit sharing contribution, if any, (b) Plan earnings and losses, and (c) an allocation of plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Company's Safe Harbor contributions plus actual earnings thereon. The vesting in the Company's profit sharing contribution portion of the participants' accounts is based on a graded vesting schedule and years of continuous service. However, if an active participant dies, reaches 62 years of age, or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in their profit sharing contributions shall be determined in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Interest</u>
Less than one year	0%
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four or more years	80%
Five or more years	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over five years, except for loans used to acquire a principal residence of a participant; such loans must be repaid over a period not in excess of 15 years. Unless the loan note provides otherwise, the principal amount of the loan and accrued interest shall become immediately due and payable upon termination of employment.

Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested interest over \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the vested interest is less than \$5,000, or for termination of services for other reasons, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Note 1 - Description of Plan (continued)

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,826 and \$6,349 respectively. Forfeitures of employer matching contributions may be used to reduce the employer contributions for the succeeding Plan year. Forfeitures of employer profit sharing contributions may be reallocated among remaining participants in the succeeding Plan year. Forfeitures used to reduce employer contributions totaled \$2,826 and \$8,381 for the years ended December 31, 2021 or 2020, respectfully.

Coronavirus Aid, Relief and Economic Security Act

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was enacted on March 27, 2020. The CARES Act includes a number of relief provisions available to tax-qualified retirement plans. The provisions of the CARES Act may be effective and operationalized immediately (i.e., prior to amending the Plan document). The Plan adopted certain measures included in the CARES Act as follows:

- Permit qualified individuals (as defined under the CARES ACT) to request Coronavirus-Related Distributions up to \$100,000 from their vested portion of the Plan between January 1, 2020 and December 31, 2020.
- For loans taken within 180 days after the enactment of the CARES Act (i.e., March 27, 2020), permit qualified CARES ACT individuals to take loans from their account up to the lesser of 100% of their vested account balance or \$100,000. In addition, permit any Plan loan repayment that came due during the period March 27, 2020 through December 31, 2020 to be delayed for up to one year.
- Permit the delay of Required Minimum Distributions ("RMD") for a period of one year, with the delay applying to both 2019 distributions that were required to begin no later than April 1, 2020, and 2020 distributions, unless an employee elects to receive an RMD in 2020. Participants electing to receive a 2020 RMD amount were able to use the 60-day rollover option.

The timing and manner for formal plan amendments, as determined by the CARES Act, is for the Plan year ending December 31, 2022, however, the timing of the RMD provision was extended to the Plan year ending December 31, 2025.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

**Marders 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance of credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. For the years ended December 31, 2021 and 2020, defaulted loans of \$5,623 and \$12,464, respectively, were included in benefits paid to participants on the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. Life insurance contracts are stated at cash surrender value, which approximates fair value. Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser and trustees.

The common collective trust funds are stable value funds and have an investment objective to receive a constant rate of return on funds. Generally, there are no restrictions on a participant's ability to redeem their investment in the funds; however, withdrawals prompted by certain events may restrict a participant's ability to redeem the investment. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or a merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses for the years ended December 31, 2021 and 2020 were \$55,819 and \$5,516, respectively.

Accounting Standards Update ("ASU")

On August 18, 2018, FASB issued ASU 2019-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans), removes, modifies, and adds fair value and/or NAV related disclosures. The ASU is effective beginning after December 15, 2019. The Board of Trustees has determined that the adoption of ASU 2018-13 has no impact on its financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Change in Investment Custodian

On November 5, 2020, the Plan changed investment custodians from Voya Retirement Insurance and Annuity Company ("Voya") to Capital Bank and transferred Plan assets on November 6, 2020. Plan participants were subject to a two-week blackout period during this transition period.

Subsequent Events

The Plan has evaluated events and transactions that occurred through October 10, 2022, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Recent increases in inflation and interest rates, as well as other changes in economic and political events, have resulted in increased volatility in financial markets. Accordingly, the Plan's investment portfolio, subsequent to December 31, 2021, has incurred a decline in aggregate fair value. It is not known if values will continue to decline or how long a recovery, if any, of these values will take to recapture their peak values.

Note 3 - Information Prepared and Certified by Capital Bank and Trust Company and The Voya Retirement Insurances and Annuity Company

The following information included in the accompanying financial statements and supplemental schedules was obtained and derived from data that has been prepared and certified to as complete and accurate by Capital Bank and Voya:

	December 31,	
	<u>2021</u>	<u>2020</u>

Total investment income	<u>\$ 1,250,761</u>	<u>\$ 866,587</u>
Interest on notes receivable from participants	<u>\$ 8,567</u>	<u>\$ 13,500</u>

Prior to November 6 2020, Voya held the Plan's investments assets and also executed investment transactions. Certification was received as of and for the period ended November 5 31, 2020, that the information provided is complete and accurate.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2021 and 2020.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust fund RelianceMetLife GAC Series ("Stable Value Fund").* The Stable Value Fund is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Stable Value Fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.
- *Insurance contracts:* are stated at the cash surrender value, which approximates fair value, by discounting the cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Significant inputs to the Level 3 measurements include the number of years to estimate the policy and the discount rates utilized.

Note 4 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables on the following page set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value at December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,165,461	\$ -	\$ -	\$ 9,165,461
Insurance contracts	-	-	411,711	411,711
Total investments at fair value	<u>\$ 9,165,461</u>	<u>\$ -</u>	<u>\$ 411,711</u>	<u>9,577,172</u>
Investment measured at NAV (a)				5,997
				<u>\$ 9,583,169</u>

Investments at Fair Value at December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,113,060	\$ -	\$ -	\$ 9,113,060
Insurance contracts	-	-	375,879	375,879
Total investments at fair value	<u>\$ 9,113,060</u>	<u>\$ -</u>	<u>\$ 375,879</u>	<u>\$ 9,488,939</u>

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investment whereas the redemption notice period is applicable to the Plan.

**Marders 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 4 - Fair Value Measurements (continued)

The table below includes a roll-forward for investments (including the change in fair value) classified by the Plan within Level 3 of the fair value hierarchy for the years ended December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Balance, beginning of year	\$ 375,879	\$ 340,363
Increase in cash surrender value of policies	35,832	35,516
Balance, end of year	<u>\$ 411,711</u>	<u>\$ 375,879</u>

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by FTWilliam.com ("FTW"). FTW received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since FTW received its opinion letter from the IRS for the prototype plan adopted by the Plan, the Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Retirement Company Non-Standardized Plan, effective January 1, 2022, received a favorable opinion letter dated June 30, 2020 in which the IRS stated that the Plan, as designed, is in compliance with applicable sections of the IRC.

U.S. GAAP requires Plan management evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7 - Related Party Transactions

Certain Plan investments are managed by Capital Bank and Voya, the custodians for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment.

As described in Note 2, the Plan made a direct payment to the third party administrator of \$55,819 and \$5,516 for the years ended December 31, 2021 and 2020 which was not covered by Revenue sharing. The Company pays directly any other fees related to the Plan's operations.

**Marders 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The impact of the COVID-19 pandemic outbreak continues to evolve. The pandemic has adversely affected net global economic activity and has contributed significant volatility in financial markets. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the ultimate impact of the pandemic on the Plan (and the Company) and its future results and financial position is not presently determinable.
