Independent Auditor's Report

Plan Administrator and Participants
nThrive 401(k) Retirement Plan
Alpharetta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of nThrive 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated January 3, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

nThrive 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the nThrive 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by nThrive, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 28, 2021, the Plan qualified as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan allows any affiliated or unaffiliated employer, as defined in the Plan document, to participate in the Plan (Participating Employer) if it accepts the terms of the Plan, trust, and all related documents. Participating Employers may have discretion to apply certain Plan provisions as written. The Participating Employer is subject to the terms of the Plan as provided in the Plan document, including but not limited to participation, eligibility, allocation rules, and vesting schedule. No special provisions, exceptions, or alterations to the terms in the Plan document apply to the Participating Employer and its employees. Effective March 21, 2022, the Plan was restated and the Plan no longer qualifies as a multiple employer plan.

Effective March 1, 2021, SSG Sub, LLC, a Participating Employer, transferred \$67,006,593 of assets out of the Plan and into the Savista LLC 401(k) Plan.

Eligibility

The Plan covers all employees of the Company, except those who are covered by a collective bargaining agreement, leased employees, and nonresident aliens who do not receive any earned income from the Company which constitutes United States source income. There is no age or service requirement to be eligible for the Plan. Employees become eligible to participate in the Plan effective the first day on which employment commences.

Contributions

Participants may contribute up to 90% of annual compensation subject to annual limitations set forth in Section 402(g) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees are automatically enrolled with a 6% salary deferral 30 days after their hire date, unless they voluntarily elect not to participate in the Plan, or elect an alternative salary deferral percentage. For participants automatically enrolled at 6%, the initial rate of pretax contribution increases by 1% each year, on May 1st, until the rate reaches 10%, unless the participant affirmatively elects otherwise.

The Company has elected to contribute a discretionary matching contribution whereby participants in the Plan receive 50% of the participant's salary deferrals not to exceed 6% of the participant's compensation. The Company may also choose to make a discretionary nonelective Company contribution and/or a qualified nonelective Company contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's matching contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a maximum equal to the lesser of (a) \$50,000 reduced by excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) 50% of their vested account balance. The maximum loan term is five years, except loans issued for the purchase of a primary residence in which case the note receivable term may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the date the loans are issued. Principal and interest are paid through bi-weekly payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. For participants from the Adreima 401(k) Plan, merged into the Plan in 2018, the participant's previous employer's matching and profit-sharing contributions, are vested 25% after one year of service, 50% after two years of service, and 100% after three years of service. For participants from the Equation Consulting, Inc. 401(k) Plan, merged into the Plan during 2018, the participant's previous employer's nonelective matching contributions were immediately vested. For all other Company matching and nonelective matching contributions, a participant is vested 20% after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service, and 100% after five years of service.

Payment of Benefits

Participants are eligible to receive a distribution from their accounts upon retirement, death, disability, or separation from service with the Company. The normal form of distribution is a single lump-sum payment; however, participants may elect to receive their distributions in periodic installment payments. The Plan also provides for in-service withdrawals for hardship reasons and for participants who have attained age 59½.

Forfeitures

Forfeited non-vested accounts totaled \$268,713 and \$401,080 at December 31, 2021 and 2020, respectively. Forfeitures resulting from the non-vested portions of Company contributions for a terminated participant's account can be used to reduce future Company contributions or administrative fees of the Plan. Forfeitures of \$50,928 were used to reduce Plan expenses and \$580,604 were used to offset Company contributions for the year ended December 31, 2021.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company at their discretion.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. The revenue credit program account balance was \$23,561 and \$23,559 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, no Plan expenses were offset by revenue credits.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Basis of Fair Value Measurement (cont.)

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies - Valued at the daily closing price as reported by the fund. These funds are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The Vanguard Retirement Savings Trust Fund is a common collective trust fund that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust was based on information using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments, in certain entities that calculate NAV per share (or its equivalent) follows:

Common collective trust	\$ <u>6,050,880</u>	\$ <u>7,039,892</u>	<u>N/A</u>	<u>Daily</u>	<u>Daily</u>

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA of Fidelity Management & Research Co., which received an opinion letter from the IRS dated March 31, 2014, stating that the Volume Submitter Profit Sharing Plan with CODA was designed in accordance with the provisions of the IRC. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions which were not already 100% vested.

7. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, a related company to Fidelity. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

9. Subsequent Events

Management has evaluated subsequent events through September 29, 2022, which is the date the financial statements were available to be issued.

In 2022, the Plan that was based on the Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. document moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC. The IRS has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan document was restated effective March 21, 2022, based on the pre-approved plan.

On June 17, 2022, the Company's name was changed to FinThrive Inc.

Plan Administrator and Participants
nThrive 401(k) Retirement Plan
Alpharetta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of nThrive 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated January 3, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

nThrive 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the nThrive 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by nThrive, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 28, 2021, the Plan qualified as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan allows any affiliated or unaffiliated employer, as defined in the Plan document, to participate in the Plan (Participating Employer) if it accepts the terms of the Plan, trust, and all related documents. Participating Employers may have discretion to apply certain Plan provisions as written. The Participating Employer is subject to the terms of the Plan as provided in the Plan document, including but not limited to participation, eligibility, allocation rules, and vesting schedule. No special provisions, exceptions, or alterations to the terms in the Plan document apply to the Participating Employer and its employees. Effective March 21, 2022, the Plan was restated and the Plan no longer qualifies as a multiple employer plan.

Effective March 1, 2021, SSG Sub, LLC, a Participating Employer, transferred \$67,006,593 of assets out of the Plan and into the Savista LLC 401(k) Plan.

Eligibility

The Plan covers all employees of the Company, except those who are covered by a collective bargaining agreement, leased employees, and nonresident aliens who do not receive any earned income from the Company which constitutes United States source income. There is no age or service requirement to be eligible for the Plan. Employees become eligible to participate in the Plan effective the first day on which employment commences.

Contributions

Participants may contribute up to 90% of annual compensation subject to annual limitations set forth in Section 402(g) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees are automatically enrolled with a 6% salary deferral 30 days after their hire date, unless they voluntarily elect not to participate in the Plan, or elect an alternative salary deferral percentage. For participants automatically enrolled at 6%, the initial rate of pretax contribution increases by 1% each year, on May 1st, until the rate reaches 10%, unless the participant affirmatively elects otherwise.

The Company has elected to contribute a discretionary matching contribution whereby participants in the Plan receive 50% of the participant's salary deferrals not to exceed 6% of the participant's compensation. The Company may also choose to make a discretionary nonelective Company contribution and/or a qualified nonelective Company contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's matching contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a maximum equal to the lesser of (a) \$50,000 reduced by excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) 50% of their vested account balance. The maximum loan term is five years, except loans issued for the purchase of a primary residence in which case the note receivable term may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the date the loans are issued. Principal and interest are paid through bi-weekly payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. For participants from the Adreima 401(k) Plan, merged into the Plan in 2018, the participant's previous employer's matching and profit-sharing contributions, are vested 25% after one year of service, 50% after two years of service, and 100% after three years of service. For participants from the Equation Consulting, Inc. 401(k) Plan, merged into the Plan during 2018, the participant's previous employer's nonelective matching contributions were immediately vested. For all other Company matching and nonelective matching contributions, a participant is vested 20% after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service, and 100% after five years of service.

Payment of Benefits

Participants are eligible to receive a distribution from their accounts upon retirement, death, disability, or separation from service with the Company. The normal form of distribution is a single lump-sum payment; however, participants may elect to receive their distributions in periodic installment payments. The Plan also provides for in-service withdrawals for hardship reasons and for participants who have attained age 59½.

Forfeitures

Forfeited non-vested accounts totaled \$268,713 and \$401,080 at December 31, 2021 and 2020, respectively. Forfeitures resulting from the non-vested portions of Company contributions for a terminated participant's account can be used to reduce future Company contributions or administrative fees of the Plan. Forfeitures of \$50,928 were used to reduce Plan expenses and \$580,604 were used to offset Company contributions for the year ended December 31, 2021.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. Certain other administrative expenses of the Plan are paid by the Company at their discretion.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. The revenue credit program account balance was \$23,561 and \$23,559 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, no Plan expenses were offset by revenue credits.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Basis of Fair Value Measurement (cont.)

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies - Valued at the daily closing price as reported by the fund. These funds are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The Vanguard Retirement Savings Trust Fund is a common collective trust fund that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust was based on information using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments, in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ <u>6,050,880</u>	\$ <u>7,039,892</u>	<u>N/A</u>	<u>Daily</u>	<u>Daily</u>

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA of Fidelity Management & Research Co., which received an opinion letter from the IRS dated March 31, 2014, stating that the Volume Submitter Profit Sharing Plan with CODA was designed in accordance with the provisions of the IRC. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions which were not already 100% vested.

7. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, a related company to Fidelity. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

9. Subsequent Events

Management has evaluated subsequent events through September 29, 2022, which is the date the financial statements were available to be issued.

In 2022, the Plan that was based on the Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. document moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC. The IRS has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan document was restated effective March 21, 2022, based on the pre-approved plan.

On June 17, 2022, the Company's name was changed to FinThrive Inc.
