Plan Administrator and Participants
Prince 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Prince 401(k) Plan, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of Prince 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Prince 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Prince 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Prince 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Prince 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Prince 401(k) Plan (formerly known as Prince Minerals, LLC 401(k) Retirement and Savings Plan) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General - The Plan, established effective January 1, 2004, is a defined contribution plan sponsored by Prince Minerals, LLC (formerly known as Prince Minerals, Inc.) and its subsidiaries (collectively the Company). The Plan was most recently amended and restated effective December 28, 2017. The Plan has an income deferral feature under Section 401 of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Prince 401(k) Plan Committee oversees governance of the Plan, the appropriateness of the Plan's investment offerings, and monitors investment performance.
- B. Eligibility - All employees of the Company that are 21 years of age or older are eligible to participate in the Plan on the first of the month following attainment of the age requirement.
- C. Contributions - Participants may elect to defer up to 100% of their compensation as defined by the Plan Document during any plan year, subject to a maximum imposed by the IRC. The Plan has an automatic contribution arrangement by which all newly hired employees will automatically have 2% of their compensation contributed to the Plan as an elective deferral contribution on their behalf unless they affirmatively elect otherwise. The Company makes safe harbor matching contributions equal to 100% of a participant's elective deferrals up to 6% of the participant's eligible compensation each pay period, except that the match was suspended from May 1, 2020 through December 31, 2020 for non-union employees. Effective January 1, 2021, the company reinstated the safe harbor matching contribution. Participant salary deferral contributions can be made on either a pre-tax basis or as Roth elective deferrals on an after-tax basis. Participants who have attained age 50 before year end of the Plan year are eligible to make additional tax deferred catch-up contributions of up to \$6,500 for 2021. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by the Internal Revenue Service (IRS), which was \$290,000 for 2021. For the year ended December 31, 2021, employer safe harbor matching contributions totaled \$1,945,398. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan (continued)

- D. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor matching contributions and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. Vesting - Participants are immediately vested in their salary deferral contributions, rollover contributions, Company safe harbor matching contributions, and related earnings thereon. Prior to January 1, 2013, the Plan permitted the Company to make discretionary matching contributions and profit sharing contributions. Participants became vested in these discretionary contributions as follows: 20% after two years of service, with an additional 20% vesting for each year thereafter resulting in 100% vesting after six years of service.
- F. Notes Receivables from Participants - Participants may borrow from their participant-directed accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance less the balance of any exiting notes. Note terms can range from up to five years for general purpose notes and ten years for the purchase of a participant's primary residence. Each note is collateralized by the balance in the participant's account and bear interest at a rate determined by the plan administrator based on prevailing commercial loan rates. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably by the participants through payroll deductions.
- G. Payment of Benefits – Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, participants are entitled to receive 100% of their account balance. A participant eligible for a distribution from the Plan may elect to receive an immediate lump sum payment or installment payments as defined in the Plan document. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. Inservice distributions are allowed for participants who have reached age 59 ½ and are 100% vested. Financial hardship withdrawals are permitted, as defined in the Plan document. A participant who receives a hardship withdrawal shall be prohibited from making employee contributions to the Plan for six months after receipt of such distributions.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan (continued)

H. Forfeited Accounts – Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to employer discretionary matching and profit sharing contributions made for plan years 2013 and earlier. Forfeitures from non-vested account balances are first used to pay plan expenses or reduce Company discretionary matching contributions to the Plan, if any. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$8,472 and \$8,461, respectively. For the year ended December 31, 2021, \$-0- was used to pay plan expenses.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company 401K Plan Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

2. Significant Accounting Policies (continued)

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by Voya Retirement Institutional Trust

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	2021	2020
Investments, at fair value:		
Money market funds	\$ 8,309	\$ 8,301
Mutual funds	67,858,160	57,694,385
	<u>67,866,469</u>	<u>57,702,686</u>
Investments, at contract value:		
Guaranteed investment contract	5,511,632	4,487,968
Notes receivable from participants	1,099,299	1,127,000
Investment Income	9,876,081	
Interest income on notes receivable from participants	46,422	

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Fair Value Measurements at the End of Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2021:</u>		
Money Market Funds	\$ 8,309	\$ 8,309
Mutual Funds	67,858,160	67,858,160
Investments at fair value	<u>\$ 67,866,469</u>	<u>\$ 67,866,469</u>

	Fair Value Measurements at the End of Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2020:</u>		
Money Market Funds	\$ 8,301	\$ 8,301
Mutual Funds	57,694,385	57,694,385
Investments at fair value	<u>\$ 57,702,686</u>	<u>\$ 57,702,686</u>

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

Level 1 Fair Value Measurements

The money market fund is valued at cost, which approximates fair value due to its liquid nature. The fair value of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Gains and losses included in the statements of changes in net assets available for benefits for the years ended December 31, 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2021 there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. Fully Benefit-Responsive Investment Contracts

The Plan entered into a fully benefit-responsive investment contract with Voya. The Fixed Income Guaranteed Option is held and backed by the general accounts of Voya. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

5. Fully Benefit-Responsive Investment Contracts (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation and 4) a material amendment to the agreement without the consent of the issuer.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its participation at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

7. Tax Status

The Plan has adopted and is operating under a prototype non-standardized profit sharing plan sponsored by Voya. Voya received an opinion letter dated September 1, 2014 from the Internal Revenue Service that their prototype plan is acceptable under IRC Section 401(a) for use by employers for the benefit of their employees. The Company believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

PRINCE 401(K) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

8. Risks and Uncertainties (continued)

In 2020, significant mitigation efforts began taking effect in the United States in an attempt to curtail the spread of the coronavirus (COVID-19) pandemic. Such efforts have included travel restrictions, business closures, and event cancellations. Capital markets have seen significant volatility in the wake of the pandemic and significant economic disruptions may continue to occur. Plan Management is currently monitoring the situation; however, it cannot reasonably estimate the related financial impact and duration of the situation at this time. Plan management believes that the Company has sufficient cash and investment reserves to sustain operations and to continue operating the Plan in the event of continued disruption. Plan management intends to monitor the situation on an ongoing basis and to continue efforts to reduce its impact on the Plan's operations and financial resources.

9. Related Party and Party-in-Interest Transactions

Certain plan investments are shares of a money market fund and a guaranteed investment contract managed by VOYA Investment Management Co., LLC, which is a wholly owned subsidiary of Voya Financial, Inc. VOYA Institutional Trust Company, the trustee of the Plan, is also a subsidiary of Voya Financial, Inc., and is a party-in-interest. As described in Note 2, the Company pays certain expenses related to plan operations. The Plan has a number of service providers. All of these parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
