Independent Auditor's Report

Plan Committee
Trachte, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Trachte, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Trachte, LLC 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Trachte, LLC and Trachte Southeast, LLC (the Company). Employees over the age of 18 who have completed 60 days of continuous employment are eligible to participate in the Plan. Leased employees are not eligible to participate in the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to the maximum allowed by current Internal Revenue Service (IRS) guidelines for approved plans. In addition, participants age 50 or over are eligible to make catch-up contributions. Roth elective deferrals are permitted under the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate originally set at 4% of eligible compensation with annual increases of 1% up to a maximum of 8%. The automatic deferral is a pre-tax 401(k) deferral.

The Company may make discretionary matching contributions and non-elective discretionary contributions. For the first three months of 2021, the discretionary matching contribution was 25% of the first 8% of compensation contributed by the employee and effective April 1, 2021, the discretionary matching contribution was 50% of the first 6% of compensation contributed by the employee. A non-elective discretionary contribution was not made in 2021.

Participant accounts: Each participant's account is credited with (a) the participant's contributions, (b) rollover contributions, (c) the Company's matching contribution, (d) the Company's non-elective contribution, and (e) an allocation of the plan's investment earnings. Each participant's account is charged with an allocation of (a) administrative expenses, (b) plan investment losses, and (c) any distributions requested by the individual participant. Allocations are based on the participant's eligible compensation, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability, as defined in the Plan, are considered 100% vested in their account balance related to Company contributions. If a participant terminates employment for any other reason other than the aforementioned, his or her discretionary Company contribution balance vests in accordance with provisions of the Plan as follows:

Vesting Year of Service	Percentage Vested
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment options: Upon enrollment in the Plan, a participant may direct their contributions in their accounts in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of benefits: Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. Vested account balances less than \$5,000 are distributed in a lump sum payment as soon as administratively feasible following termination of employment. Vested account balances greater than \$5,000 may be distributed in a single lump sum, ad-hoc distributions, or as installment distributions.

Upon a participant's death, the participant's beneficiary will be paid the balance of the account through a lump sum payment or ad-hoc distributions sufficient to satisfy the required minimum distribution.

In-service distributions are available to all participants who have reached age 59 ½ and are still employed by the Company. In-service distributions can be all or a portion of the participants' vested account balance. Participants experiencing financial hardship may withdraw a portion or all of the vested balance of their account.

Forfeited accounts: Forfeitures of non-vested participant balances may be used to reduce Company matching and non-elective discretionary contributions or to pay Plan expenses, as stated in the Plan document. As of December 31, 2021 and 2020, unallocated forfeited balances were approximately \$3,000 and \$6,700, respectively. In 2021, approximately \$118,700 of forfeitures were used to reduce Company contributions. Accumulated forfeitures will be used to reduce future Company contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms can range from one to five years, or up to 15 years for the purchase of a primary residence. Each participant can have one loan outstanding from the Plan at a time. The loans are collateralized by the participant's vested benefits and bear interest at prime plus one percent. Distributions from the Plan will be reduced by the amount of outstanding loans, if any. Principal and interest are paid ratably in at least quarterly payments through payroll deductions or an ACH agreement.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan investments are stated at fair value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by an investment advisor and a trustee. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan documents.

Payment of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan, as provided in the Plan document, and by the Company. Administrative expenses paid by the Plan for the year ended December 31, 2021 were approximately \$46,000.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Great-West Trust Company LLC, the Current Plan Trustee, and Charles Schwab Trust Bank, the Former Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the current trustee, Great-West Trust Company LLC, that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2021
Investments at fair value:	
Shares of registered investment companies	\$ 13,148,518
Units of collective investment trusts	26,558
Notes receivable from participants	53,182

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by Great-West Trust Company LLC, the Current Plan Trustee, and Charles Schwab Trust Bank, the Former Plan Trustee (Continued)

Great-West Trust Company LLC also certified to the completeness and accuracy of \$508,807 of net appreciation in fair value of investments, \$326,312 of interest and dividends and \$1,998 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2021.

The Plan Administrator has obtained certifications from the former trustee, Charles Schwab Trust Bank, that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2020
Investments at fair value:	
Money market fund	\$ 48,156
Shares of registered investment companies	2,014,156
Units of collective investment trusts	8,553,261
Notes receivable from participants	55,705

Charles Schwab Trust Bank also certified to the completeness and accuracy of \$713,291 of net appreciation in fair value of investments, \$7,414 of interest and dividends and \$3,645 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund: Money market funds are valued daily at the net asset value (NAV) of the shares held at the end of the year.

Shares of registered investment companies: Shares of registered investment companies (RIC's) are valued at the daily closing price as reported by the fund. RIC's held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

Units of collective investment trusts: Collective investment trusts are valued based on the NAV of units of the collective investment trust. The NAV, as provided by the trustee, is issued as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 13,148,518	\$ -	\$ -	\$ 13,148,518
Total assets in the fair value hierarchy	\$ 13,148,518	\$ -	\$ -	13,148,518
Investments measured at NAV (a)				26,558
Investments at fair value				\$ 13,175,076

	2020			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 48,156	\$ -	\$ -	\$ 48,156
Shares of registered investment companies	2,014,156	-	-	2,014,156
Total assets in the fair value hierarchy	\$ 2,062,312	\$ -	\$ -	2,062,312
Investments measured at NAV (a)				8,553,261
Investments at fair value				\$ 10,615,573

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Investments measured using the net asset value per share practical expedient: The following table summarizes investments measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trusts	<u>\$ 26,558</u>	<u>\$ -</u>	Daily	30 days

	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trusts	<u>\$ 8,553,261</u>	<u>\$ -</u>	Daily	30 days

Note 5. Related Party and Parties-In-Interest Transactions

For the period of January 1, 2021 through April 6, 2021, the Plan invested in a money market deposit account managed by Charles Schwab Trust Bank (Charles Schwab) who also performed administrative and recordkeeping services for the Plan. Charles Schwab was the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Great-West Trust Company LLC (Great-West) performs administrative and recordkeeping services for the Plan. Great-West Trust Company LLC is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Great-West were approximately \$10,000 for the year ended December 31, 2021.

EPIC Retirement Plan Services (RPS) provides recordkeeping services to the Plan and therefore, qualifies as a party-in-interest. Fees paid to RPS were approximately \$1,800 for the year ended December 31, 2021.

The Plan has arrangements with service providers to provide investment advisory and investment management services. These transactions are party-in-interest transactions under ERISA. Fees paid by the Plan to the investment advisor were approximately \$13,300 for the year ended December 31, 2021.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays outside administrative expenses of the Plan, which are excluded from these financial statements.

Trachte, LLC 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by CCH Incorporated. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 13,263,137	\$ 10,735,367
