INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Werner Enterprises, Inc. and Subsidiaries Employees' 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements Werner Enterprises, Inc. and Subsidiaries Employees' 401(k) Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

(1) Plan Description

The following description of the Werner Enterprises, Inc. and Subsidiaries (the "Company") Employees' 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established on January 1, 1990 covering substantially all employees of certain subsidiaries of the Company who have six months of continuous service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is administered by The Werner Enterprises 401(k) Plan Committee (the "Committee"). The Committee is currently made up of the following Company employees: the Company attorney, Chief Financial Officer, Vice President of Recruiting, and two employees who are 401(k) plan participants. The Committee has overall responsibility for the operation and the administration of the Plan, with the assistance of the Plan's retirement plan consultant. The Committee, with the assistance of the Plan's retirement plan consultant, determines the appropriateness of the Plan's investment offerings and monitors investment fund performance.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Effective November 1, 2021, the Plan was restated in accordance with the Internal Revenue Service (IRS) cycle 3 restatement window. The IRS has determined that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator has adopted the pre-approved plan and believes that the Plan and related trust are being operated in compliance with the applicable requirements of the IRC.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions became effective beginning January 1, 2020.

On March 27, 2020, the President signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions for qualified participants: (1) permitted special coronavirus distributions up to \$100,000, (2) increased the available loan amount as described in Note 1(f) to the lesser of \$100,000 or 100% of the participant's vested account balance and (3) extended the period for loan repayments, if applicable, for up to one year. The Plan is operationally administered in accordance with certain provisions under the SECURE and CARES Acts. The Plan will be amended for the provisions implemented under the SECURE and CARES Acts by the time prescribed.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

The Plan uses Massachusetts Mutual Life Insurance Company ("MassMutual") for recordkeeping and custodian services for its group annuity contract and MassMutual has entered into an arrangement with Reliance Trust Company ("RTC") to provide custody services for the Plan. On December 31, 2020, Empower Retirement, LLC ("Empower Retirement") acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement will become the sole administrator of this business and Great-West Trust Company, LLC will become the custodian of the Plan, replacing RTC. Empower Retirement and Great-West Trust Company, LLC are wholly-owned subsidiaries of Great-West Life and Annuity Insurance Company. Great-West Life & Annuity Insurance Company, has been granted power of attorney over the group annuity contract issued by MassMutual.

(b) Contributions

Participants may contribute from 1% to 75% of their gross pay. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, 403(b) tax-sheltered annuities, 457 governmental plans, and eligible Individual Retirement Accounts ("IRAs"). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Contribution percentages can be changed by the participant at any time. Participants direct the investment of their contributions (and the Company matching and discretionary contributions) into various investment options offered by the Plan. The Company makes matching contributions equal to a uniform percentage of each participant's salary deferral. The Company match is one-half of the first 6% of gross pay contributed by the participant, and the total Company match for any participant will not exceed \$5,000 for any annual period. The participant must be employed on December 31 of each year to earn and receive the Company match for that year, which the Company remits to the Plan after the end of the year. The Company may make an additional discretionary matching contribution to active participants in the Plan. The Company did not make an additional discretionary contribution for the years ended December 31, 2021 and 2020. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

(c) Participant Investment Account Options

The Plan currently offers several mutual funds, a common collective trust fund and a group annuity contract as investment options for participants. The Committee continually reviews and updates investment funds to provide participants with a wide range of options to meet retirement investment needs. During 2021, the Company added one investment fund option to the Plan and discontinued one investment fund option. During 2020, no fund option changes were made to the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) Company contributions and (ii) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants vest immediately in their contributions plus actual earnings thereon. Company matching and discretionary contributions vest 20% after two years of credited service, 40% after three years of credited service, 67% after four years of credited service, and 100% after five years of credited service. Company discretionary matching contributions vest on the same schedule as the regular matching contribution. Credited service is defined as at least 1,000 hours of service in the plan year. Benefits also fully vest when participants reach normal retirement age, die, or become disabled.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

(f) Notes Receivable from Participants

Except for the CARES Act provisions described in Note 1(a) above, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with the prevailing interest rate at the date of the loan (1% over the prime rate). Principal and interest are paid ratably through payroll deductions. Empower Retirement deducts a fixed fee for each loan processed.

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than the participant's assumed life expectancy. Upon termination of service for any other reason, a participant must complete a termination form and will then receive a lump-sum distribution (direct to individual) or rollover of his or her vested account balance, net of a processing fee assessed by the investment manager, Empower Retirement. If a terminated participant's account balance is over \$5,000, the participant may elect to keep his or her funds in the Plan. Terminated participants with a vested account balance of more than \$1,000 but less than \$5,000 shall have his or her vested account balance rolled over to an IRA if he or she fails to make a distribution election. The Company selected Oppenheimer Funds Distributor, Inc. to be the trustee/issuer of these IRAs. Vested account balances of \$1,000 or less are immediately distributed to the terminated participant. In-service withdrawals are allowed for participants who have either reached 59-1/2 years of age or have a qualifying financial hardship. The Plan does not require participants to exhaust loan distributions prior to receiving a hardship distribution and participants are not suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(h) Forfeited Nonvested Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$661,759 and \$799,752, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by \$405,368 for the year ended December 31, 2021 (remitted in February 2022) and \$350,292 for the year ended December 31, 2020 (remitted in January 2021), from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Plan's financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Plan's Group Annuity Contract Fixed Fund ("SAGIC"), which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

The Plan incurs fund management fees for each investment fund option. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information included in the accompanying financial statements as to investments, notes receivables from participants, interest income and net appreciation in fair value of investments, interest income on notes receivable from participants, and all information in the supplemental schedule is presented in reliance solely upon the certification by MassMutual (by Great-West Life & Annuity Insurance Company as power of attorney), on behalf of RTC, the custodian of the Plan as of December 31, 2021 and 2020. The custodian holds the Plan's investment assets and executes investment transactions.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The custodian has certified the following as of and for the years ended December 31, 2021 and 2020:

	2021	2020
Investments	\$ 255,592,348	\$ 224,290,120
Notes receivable from participants	4,823,607	4,670,497
Interest income	1,927,257	2,045,320
Net appreciation in fair value of investments	31,476,860	25,314,905
Interest income on notes receivable from participants	234,445	268,142

(4) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Investment Accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(5) Group Annuity Contract with Insurance Company

The Plan has entered into a fully benefit-responsive group annuity contract with MassMutual, that was assumed by Empower Retirement when it acquired MassMutual's retirement business on December 31, 2020. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(6) Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, separate investment accounts, common collective trust accounts and a group annuity contract managed by Empower Retirement. Empower Retirement is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. As described in Note (2)(f), the Plan made direct payments to the third-party administrator and other service providers of \$810,225 and \$690,759 for the years ended December 31, 2021 and 2020, respectively, which were not covered by revenue sharing from the investment funds. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Excess Contributions Payable

During 2021, employee deferrals and applicable earnings thereon exceeded the Plan's allowable amounts. Accordingly, the Plan is required to refund amounts to certain highly compensated participants, as defined, to bring the Plan's average deferral and matching contribution percentage in compliance with Plan provisions. As a result, the Plan made corrective distributions to Plan participants in March 2022 of \$86,416, which were payable as of December 31, 2021. Corrective distributions for the year ended December 31, 2020 of \$118,701 were paid subsequently in March 2021.

(9) Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:

	<u>2021</u>	<u>2020</u>

(10) Tax Status

The Internal Revenue Service ("IRS") has determined that the volume submitter profit sharing plan adopted by the Plan is designed in accordance with the applicable sections of the IRC and informed MassMutual of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks, Uncertainties and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. At December 31, 2021 and 2020, approximately 23% and 27% of the Plan's investments were invested in the SAGIC fund, respectively.

(12) Subsequent Events

The Plan has evaluated subsequent events through, October 14, 2022, which is the date the financial statements were available to be issued and noted the following items for disclosure:

As a result of the Company's recent business acquisitions, 36 employees of NEHDS Logistics, LLC and 511 employees of ECM Associated, LLC's subsidiaries, Motor Carrier Service and ECM Transport, LLC, began participating in the Plan effective February 1, 2022 and April 1, 2022, respectively.

Effective April 1, 2022, the Company amended the Plan and added a Roth 401(k) deferral option.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
