INDEPENDENT AUDITORS' REPORT

To the Trustee
Direct Mail Processors, Inc. 401(k) Profit Sharing Plan
Hagerstown, Maryland

Opinion on the 2021 Financial Statements

We have audited the accompanying financial statements of Direct Mail Processors, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Direct Mail Processors, Inc. 401(k) Profit Sharing Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial section of our report. We are required to be independent of Direct Mail Processors, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibility of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Direct Mail Processors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Direct Mail Processors, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Direct Mail Processors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable amount of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during our audit.

2021 Supplemental Schedules Required by ERISA

Our Audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year and Reportable Transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the accounting procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Direct Mail Processors, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 1 - Description of Plan

The following description of the Direct Mail Processors, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's Provision.

General

The Plan, a 401(k) profit sharing plan sponsored by Direct Mail Processors, Inc. (the Company), covers all eligible employees under the Plan's provisions as adopted on March 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company are eligible for participation in the Plan after they have completed one year of service and have attained the minimum age of eighteen. Employees will have attained one year of service once they have been credited with 1,000 hours of service during their first 12 consecutive months of employment.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan up to the maximum deferral amount, as determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans as well as after tax deferrals to Roth 401(k) plans. The Company will contribute a matching contribution equal to 50% of the first 5% of deferred compensation that a participant contributes to the Plan. The Company may contribute additional amounts to the Plan solely at its discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminating participant's nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the vested portion of his or her account. Terminated participants with vested benefits of \$1,000 or less are distributed to the participant without his or her consent. Benefits are recorded when paid.

Loans to Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term over which a loan may be repaid is five years, except for the purchase of a primary residence, which extends the term to fifteen years. The loans are secured by 50% of the value of the participant's account. The loan bears interest at a rate commensurate with interest rates then being charged by entities in the business of lending money under similar circumstances. A participant may not maintain more than two active loans outstanding at any one time, and may only be issued one loan per calendar year.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

<u>Years of Service (as Defined by the Plan Document)</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Upon enrollment in the Plan, participants may direct contributions, including employer matching contributions, into various investment options offered by the custodian.

Forfeited Accounts

At December 31, 2021, forfeited non-vested accounts totaled \$9,686. These accounts will be used to reduce future employer contributions.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review

The FASB issued authoritative guidance that sets forth general accounting and disclosure requirements for events that occur subsequent to the balance sheet date but before the Company's financial statements are issued. Events that occurred subsequent to December 31, 2021 been evaluated by management through October 14, 2022, which is the date the financial statements were available to be issued and have identified no additional items that require disclosure.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, income is recorded in the year earned and expenses are recorded in the year incurred.

Investments Valuation

The Plan's investments are primarily reported at fair value, with exception of the Plan's fully benefit-responsive investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. See Note 6 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 2 – **Summary of Significant Accounting Policies, Continued**

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is reported on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at unpaid principal balance plus any accrued interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or Employer, as provided by the Plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 – **Federal Income Tax Status**

The Plan is a volume submitter profit sharing plan sponsored by Mass Mutual Financial Group. The sponsor has received an opinion letter dated January 11, 2002 stating that the volume submitter plan is acceptable under section 401(a) of the Internal Revenue Code. The acceptable opinion is not a ruling or determination as to whether the Plan qualifies under Code section 401(a). The opinion letter does state that an employer who adopts the volume submitter plan will be considered to have a qualified plan under Code section 401(a) provided all terms of the plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable to highly compensated employees than for other employees. Although the Plan has not applied for a determination letter, the Plan administrator and the Plan's tax council believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. As a result, the Plan is exempt from federal income tax under Section 401(a) of the Internal Revenue Code.

The Plan administrator has concluded that as of December 31, 2021, there were no uncertain tax positions taken or expected to be taken. The Plan recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

DIRECT MAIL PROCESSORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 4 - **Plan Termination**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 - **Related - Party Transactions**

Some Plan investments are managed by Mass Mutual Financial Group, which are the Custodians of the Plan and, therefore, these transactions are deemed to be party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$48,512 for the year ended December 31, 2021.

Note 6 - **Fair Value Measurements**

The Plan accounts for its financial assets and liabilities in accordance with Accounting Standards Codification 820, Fair Value Measurements and Disclosures ("ASC 820"), which are carried at fair value on a recurring basis in the financial statements. ASC 820 establishes a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

Level 1- Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2- Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3- Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and we make estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

The following is a description of the valuation methodologies used for investments measured at fair value pursuant to the fair value hierarchy:

Mutual Funds

Mutual funds are public investment vehicles valued using the NAV provided by the administrator of the fund that focus on accumulating earnings while maintaining the appropriate level of diversified risk.

Collective Investment Trusts

Collective investment trusts are public investment vehicles, valued using the NAV provided by the administrator of the trust, that focus on accumulating earnings while maintaining the appropriate level of diversified risk. There are currently no redemption restrictions on the collective investment trusts. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted on the private market that is not active; however, the unit price of the underlying investments is traded on an active market.

DIRECT MAIL PROCESSORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 6 - Fair Value Measurements, Continued

The Plan did not have any assets or liabilities measured at fair value on a nonrecurring basis as of December 31, 2021 and 2020. There were no transfers between Level 1, Level 2 or Level 3 for the years ended December 31, 2021 and 2020.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in different fair value measurement at the reporting date. We noted no changes in valuation methodologies during the years ended December 31, 2021 and 2020.

Note 7 - Guaranteed Interest Contract

The guaranteed investment contract is a fully benefit-responsive investment contract and is reported at contract value on the Statements of Net Assets Available for Benefits. Benefit responsiveness is defined as the extent to which a contract's term and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value represents participant contributions, plus earnings at guaranteed crediting rates, less participant withdrawals.

The guaranteed investment contract is a group fixed annuity contract, backed by the creditworthiness of Mass Mutual, which has no maturity date. Deposits made to the investment contract are deposited in Mass Mutual general account. Mass Mutual is contractually obligated to repay the principal and a specified crediting interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of Mass Mutual or otherwise. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion at contract value within reasonable time frames. Restrictions apply to the aggregate movement of funds to other investment options. There is no event that limits the ability of the Plan to transact at less than contract value with Mass Mutual. There are no events or circumstances that would allow Mass Mutual to terminate the group fixed annuity contract with the Plan and settle at an amount different from contract value.

The interest rate guaranteed to the contract for the years ending December 31, 2021 and 2020 are as follows:

Note 8 - Certified Information

Note 9 - **Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

¹ At the time this report was generated this information was not available.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
