Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2021 Financial Statements" section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2021 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified to by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution retirement savings plan intended to provide retirement benefits to eligible employees of Spend Life Wisely Company, Inc. (the Company), formerly known as Durant Bancorp, Inc. The Plan also provides benefits to the employees of First United Bank & Trust and its subsidiaries. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). BOKF, N.A. (BOKF) is the trustee of the Plan.

Plan Name Change

Effective January 1, 2020, the plan document was amended to change the name of the Plan to Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features.

Eligibility

For the purposes of participant contributions, employees, both full-time and part-time, become participants in the Plan on the first day of the calendar month subsequent to the later of their employment date or attaining the age of 18. Interns and temporary employees are not initially eligible to participate in the Plan; however, upon reaching 1,000 hours of service in a 12-month period, they become eligible to participate.

Contributions

Participants may make self-directed contributions to the Plan through payroll deductions subject to certain annual limitations, as defined by the Plan and the Internal Revenue Code (IRC). Participants may change their payroll deferral election daily. Employee rollover contributions are also permitted.

The Company, at its discretion, may contribute to all eligible participants' accounts using two different methods. During 2021 and 2020, the Company contributed 50% of the first 6% of eligible compensation that each participant contributed to the Plan. The discretionary match percentage is determined annually by the Company's Board of Directors. The Company's matching contributions approximated \$4,513,000 and \$3,999,000 during 2021 and 2020, respectively. Under the second method, the Company makes discretionary profit-sharing contributions, which are allocated to all eligible participants' accounts based upon each participant's share of all eligible participants' compensation, as determined by the Company's Board of Directors. The Company's profit-sharing contributions are available only to participants

Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features

Notes to Financial Statements

December 31, 2021 and 2020

who have completed one year of service, as defined by the Plan. The Company did not make profit-sharing contributions during 2021 or 2020.

The Company's matching and profit-sharing contributions are invested in the Spend Life Wisely Company, Inc. Holding Company Stock Fund, which holds the Plan's interest in the Company's common stock when shares are not available. Otherwise, those contributions are participant-directed until shares become available. All shares were allocated at December 31, 2021 and 2020.

All contributions are forwarded by the Company to the Plan's trustee for investment and may be held temporarily in a money market mutual fund in the Plan.

Participant Investment Account Options

Participants' investment options, determined by the plan trustee and the Company's Board of Directors, may include, but are not limited to, the Company's common stock, mutual funds, and a common collective stable value fund (common collective trust). Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

If the participant does not manually change their deferral percentage when they become eligible, the Plan's default elective deferral percentage is 6%. The default elective deferral percentage will increase 1% at the beginning of each plan year until each participant has a deferral of 10% or the participant makes an election otherwise.

Participant Accounts

The Plan is a defined contribution retirement savings plan under which a separate individual account is established for each participant. Each participant's account is credited with their contributions, any company matching and profit-sharing contributions, an allocation of forfeitures, and an allocation of the Plan's investment earnings (including realized and unrealized gains on investments). Each participant's account is reduced for distributions and an allocation of the Plan's investment losses and administrative expenses. The Plan's investment earnings and losses in each investment option are allocated daily and in proportion to all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Diversification

Participants who have received the Company's matching and profit-sharing contributions as investments in Spend Life Wisely Company, Inc., common stock and are age 55 or older with at least 10 years of participation in the Plan are considered qualified participants and may elect to reallocate 25% of their investment in the Company's common stock into other investment options offered by the Plan. This election may be made during the 90 days immediately following the close of each plan year during the qualified election period (the six years following the date of which a participant becomes a qualified participant). For the last plan year in a participant's qualified election period, a qualified participant may direct 50% of their investment in the Company's common stock into other investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's profit-sharing contribution and investment earnings thereon begins after two years of credited service, and 100% vesting occurs after six years of credited service. Vesting in the Company's matching contribution and investment earnings thereon begins after one year of credited service, and 100% vesting occurs after five years of credited service.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

All loan balances as of December 31, 2021 and 2020 were the result of a plan amendment that allowed participant loans to be grandfathered into the Plan as a result of the Company acquiring North American Bancshares, Inc. The Plan does not allow any new participant loans.

Payment of Benefits

Upon termination of employment, participants may receive the vested value of their account as soon as administratively feasible. Vested benefits are payable to participants in installment payments or a lump sum. The Plan also allows participants to make in-service withdrawals under certain circumstances.

At December 31, 2021 and 2020, plan assets included approximately \$66,321,000 and \$44,888,000, respectively, allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

Forfeitures consist of unvested company contributions in participants' accounts at the conclusion of their participation in the Plan. Forfeitures will be allocated first to pay plan expenses and second to reduce employer matching contributions immediately following the plan year in which the forfeiture occurs; however, such forfeitures may be allocated in the current plan year if elected.

During the 2021 and 2020 plan years, forfeitures of \$188,465 and \$182,416, respectively, were used to pay plan expenses. For the years ended December 31, 2021 and 2020, forfeitures of \$190,337 and \$46,654, respectively, were used to reduce employer matching contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$0.

Put Option

The Company's common stock received by participants as a distribution from the trust includes a put option, which allows the participant to sell the Company's securities to the Company at any

Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features

Notes to Financial Statements

December 31, 2021 and 2020

time during two option periods at the current fair market value. The first put option runs for a period of 60 days commencing on the date of the distribution of the Company's securities to the participant. The second put option runs for a period of 60 days commencing in the next plan year after the new determination of the fair market value of the Company's securities by the plan administrator and notice to the participants of the new fair market value. The put price is representative of the fair market value of the stock. If the participant exercises their put option, the Company must make the payment in lump sum unless the distribution to the participant constitutes a total distribution. If the distribution is a total distribution, the Company will purchase the Company's common stock in substantially equal installments over a period not exceeding five years unless the participant and the Company elect to extend the period. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which a participant has not given instructions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in shares of the Company's common stock is stated at fair value as determined by an annual independent appraisal.

The Plan's mutual fund investments are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in the common collective trust is valued at the NAV of units of the common collective trust reported by the investment advisor using the audited financial statements of the common collective trust at year-end.

Spend Life Wisely Company, Inc. Employee Stock Ownership Plan with 401(k) Features

Notes to Financial Statements

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The appreciation or depreciation arising from the annual valuation of company stock creates a timing difference between the Plan's financial statements and allocated assets at December 31 of each year. The appreciation for 2021 is reflected in participant accounts in the first quarter of 2022. Net assets exceeded allocated assets by \$41,316,762 and \$23,305,257 at December 31, 2021 and 2020, respectively.

During the year ended December 31, 2021, the Plan purchased 91,844 shares of Spend Life Wisely Company, Inc., common stock from an existing shareholder (who held less than 50% of company stock outstanding) at a cost of \$13,274,213. The fair value of the shares at the date of purchase was \$14,346,032, resulting in a realized gain on purchase of shares of \$1,071,819. This gain has been included in net appreciation in fair value of investments on the accompanying statements of changes in net assets.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BOKF, the trustee of the Plan, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate to the best of their knowledge and belief:

- Investments, except for the Company's common stock and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income, except for appreciation of the Company's common stock and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020

Note 5: Plan Amendment

During 2020, the Bank acquired Independent Insurance Group, Inc. (IIG). As a result, effective May 1, 2020, the plan document was amended to allow persons who were employees of IIG as of April 30, 2020 and became employees of the Company immediately following their severance of employment with IIG credit for years of service with IIG for purposes of determining eligibility to

participate in the Plan and determining vesting in participant accounts. The entry date for eligible IIG participants was May 1, 2020.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan has no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of investments with similar characteristics, or discounted cash flows. Level 2 investments include a common collective trust fund measured at NAV per share based upon fair values of underlying assets using quoted market prices or, if quoted market prices are not available, the fair values are estimated by using pricing models, quoted prices of investments with similar characteristics, or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy and include company common stock. Company common stock value is determined by an annual independent appraisal using a combination of valuation methods, including the income approach and the guideline public company method with an applied discount for lack of marketability.

Level 3 Activity

During the year ended December 31, 2021, the Plan purchased 91,844 shares of Spend Life Wisely Company, Inc., common stock at a cost of \$13,274,213. During the years ended December 31,

Notes to Financial Statements

December 31, 2021 and 2020

2021 and 2020, there were no sales of Level 3 investments. There were no transfers in or out of Level 3 for the year ended December 31, 2021. For the year ended December 31, 2020, there was a net transfer out of Level 3 of \$2,903,749.

Note 7: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Fees incurred by the Plan for trustee and third-party administrator services provided by BOKF approximated \$201,000 and \$219,000 during 2021 and 2020, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 8: Concentrations

Approximately 69% and 64% of the Plan's investments were held in 976,294 and 884,450 shares of the Company's common stock, which is approximately 15% and 13% of the outstanding shares of the Company's common stock at December 31, 2021 and 2020, respectively. The Company was organized in 1980 as a one-bank holding company under the *Federal Bank Holding Company Act of 1956*, as amended, and owns 100% of the common stock of First United Bank & Trust and its subsidiaries (the Bank). Prior to January 1, 2019, the Company had elected subchapter S corporation tax filing status. Effective January 1, 2019, the Company terminated its S corporation status and elected to be taxed as a C corporation taxable entity. The Company's value is primarily dependent upon the Bank. The Bank grants commercial, real estate, and consumer loans to its customers primarily in Oklahoma and north Texas. Although the Bank has a diversified loan portfolio, the majority of its customers reside in the areas in which the Bank operates. The Bank's investments include securities issued by governmental entities within the Bank's market areas.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 6, 2012 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan (and related trust) are currently designed and being operated in compliance with the applicable requirements of the IRC.

December 31, 2021 and 2020

Note 11: Risks and Uncertainties

The Plan invests in the Company's common stock and other investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The outbreak of the SARS-CoV-2 virus and the incidence of COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen that have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 12: Subsequent Events

Effective January 1, 2022, the Company increased the employer matching contribution to 75% of the first 6% of eligible compensation that each participant contributed to the Plan.

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Supplemental Schedules
