INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Houston Metro Urology, P.A. 401(K) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Houston Metro Urology, P.A. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Houston Metro Urology, P.A. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Houston Metro Urology, P.A. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Houston Metro Urology, P.A. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they

would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Houston Metro Urology, P.A. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Houston Metro Urology, P.A. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information", as of the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter- Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Houston Metro Urology, P.A. 401(K) Profit Sharing Plan were audited by predecessor auditors whose report dated October 12, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

HOUSTON METRO UROLOGY, P.A. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1: DESCRIPTION OF THE PLAN

General

The Houston Metro Urology, P.A. 401(K) Profit Sharing Plan (the "Plan") is a safe harbor defined contribution plan covering all of the eligible employees of Houston Metro Urology, P.A. (the "Company", or "Plan Sponsor"), except for collective bargaining employees. The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

Non-excluded employees who have reached the age of 21 years of age and have completed 1 year of service are eligible to participate in the Plan. Participants are eligible to enroll in the Plan on the first day of the first and seventh months of the plan year after satisfying eligibility requirements.

Contributions

Participants may elect to contribute up to 100% of their annual pre-tax compensation, as defined, to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. Participants may also designate some or all of their contributions as an after-tax Roth contribution, subject to limitations. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2021, the maximum contribution allowed for any employee was \$19,500. Additionally, participants who attain age 50 during the plan year may make "catch up" contributions of up to \$6,500 for 2021. The Plan allows rollover contributions from some other qualified retirement plans. The Plan provides for automatic enrollment and automatic deferral increase provisions. Eligible employees will be automatically enrolled in the Plan at 6% of their eligible compensation as a salary deferral contribution unless they opt out or elect a different percentage. The Company will automatically increase this deferral percentage by 1% at the beginning of each plan year, up to a maximum of 10%. The Company may make a nonelective safe harbor contribution, matching contribution, or profit sharing contribution. For 2021, the Company elected to make a nonelective safe harbor contribution equal to 3% of each participant's eligible compensation for the plan year. The Company also elected to make a profit sharing contribution for 2021 amounting to \$644,130. The profit sharing contribution is allocated to certain participants as determined by the Company in accordance with the Plan document. These contributions were deposited to the plan in 2022.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income or loss, less expenses. Income for each of the investment choices are allocated based on eligible compensation, participant earnings, or account balances. Benefits paid to participants under the Plan are limited to the vested balance in each participant's vested account.

Vesting and Payment of Benefits

Participants are immediately vested in nonelective safe harbor contributions, their own contributions, plus any earnings thereon. Vesting in the Company's matching and profit-sharing contributions is based on years of service. Participants vest 20% per year after 2 years of service and are 100% vested after 6 years of service.

Upon a participant's retirement, termination, disability, or death, a participant may elect to receive the value of his or her vested interest as a lump-sum payment. Participants, upon reaching the age of 65, may also take an in-service distribution. Hardship withdrawals from employee deferrals, subject to account balance limits and applicable laws, are allowed under the Plan.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate on the first business day of the month before the loan is originated. Principal and interest payments are made ratably through payroll deductions.

Forfeited Accounts

Forfeitures of nonvested employer contributions are used to first pay administrative expenses and then to reduce the Company's contributions to the Plan. The forfeitures balance at December 31, 2021 and 2020 was \$22 and \$6,833, respectively. Forfeitures of \$8,905 were used to pay administrative expenses during 2021. There were no forfeitures used to reduce the Company's contribution during 2021.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are valued at fair value, except the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan, as discussed in Note 7, invests in the Principal Life Insurance Company Fixed Income Guaranteed Option.

Benefit Payments

Distributions to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivables from participants are included in administrative fees and charged directly to the participants' account.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. On December 31, 2021 and 2020, no allowance for credit losses was considered necessary by management.

NOTES TO FINANCIAL STATEMENTS

NOTE 3: TAX STATUS

The Plan is an adoption of a volume submitter prototype plan, which obtained its latest opinion letter dated September 30, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). As of December 31, 2021, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 4: ADMINISTRATION AND INVESTMENTS

Administration

All the Plan's investments are administered by Principal Trust Company (PTC). Among other duties, PTC receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the Plan Sponsor.

Investments

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all investment information disclosed in the accompanying financial statements and supplementary schedules, including investments held and notes receivable from participants at December 31, 2021 and 2020, and income information for the years then ended was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PTC. Accordingly, the Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by entities related to PTC, the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS *(Continued)*

FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Account

Account primarily consists of common stocks, mutual funds and money market funds, which are valued at the closing price reported on the active market on which the individual securities are traded.

Pooled Separate Accounts:

Valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These pooled separate accounts are classified as Level 2.

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the pooled separate accounts.

Collective Investment Trust Funds:

Valued using NAV as a practical expedient to estimate fair value based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is determined by Principal Global Investors Trust Company. These target date funds generally invest in mutual funds, insurance company separate accounts, and unaffiliated collective trust funds that are considered appropriate based on the remaining time horizon of the particular target date fund. The Plan has no unfunded commitments or contractual obligations to further invest in these funds and there are no restrictions on redemption of these funds.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2021:

⁽¹⁾ Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been recognized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

NOTE 7 - INVESTMENT AT CONTRACT VALUE

The Plan maintains a fully benefit-responsive guaranteed investment contract, the Fixed Income Guaranteed Option, a guaranteed general account backed group annuity contract issued by PLIC to Delaware Charter Guarantee and Trust Company, dba Principal Trust Company (PTC) as custodian. As described in Note 2, the investment is reported at contract value. PLIC, as the contract issuer, is contractually obligated to repay the principal and interest at a specified crediting interest rate. The crediting rate is based on a formula established by the contract issuer and is reviewed semi-annually for resetting. The guaranteed minimum interest rate is 1%. An employer-initiated event may be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, as chosen by the employer.

NOTE 8: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan Subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 10: INCOME TAXES

The Plan did not have unrecognized tax benefits as of December 31, 2021 and 2020 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2021 and 2020, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 11: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2022 through October 14, 2022, which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.
