The Plan Administrative Committee
Klein Tools Retirement Savings Plan
Lincolnshire, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Klein Tools Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Klein Tools Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Klein Tools Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Klein Tools, Inc. (the Company) is a wholly owned subsidiary of Zah Group, Inc. Other wholly owned subsidiaries of Zah Group, Inc. may elect to participate in the Plan if approved by resolution of each subsidiary's Board of Directors. The Plan is a defined contribution plan covering substantially all employees of the Company and employees of certain affiliates of the Company, as defined in the Plan document. There is no service or age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for the administration and oversight of the Plan. T. Rowe Price Trust Company is the trustee of the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. The rate is set to increase by 1% annually, not to exceed 10% of eligible compensation. Automatically enrolled participants may elect to increase or decrease percentages and may elect to stop the auto-increase, as defined by the Plan.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants may also designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis.

The Company contributes a safe harbor matching contribution equal to 100% of participant deferrals that do not exceed 1% of eligible compensation, plus 50% of participant deferrals that exceed 1% of eligible compensation but do not exceed 6% of eligible compensation, for a maximum safe harbor matching contribution of 3.5%. The Company's safe harbor matching contribution was \$2,813,136 for the year ended December 31, 2021.

Additionally, the Plan provides for discretionary non-elective Company contributions. Participants must have completed 12 months of service and must be employed on the last day of the Plan year in order to receive any discretionary non-elective Company contributions for that year. The Company's discretionary non-elective contribution is based on the participant's compensation and a fixed compensation level. The fixed compensation level is deemed as the Social Security Wage Base in effect on the first day of the Plan year. The participant will receive a share of the discretionary, non-elective Company contribution based on the participant's total compensation plus an additional amount based on the participant's compensation in excess of the fixed level. The percentage of pay that will be the participant's share will vary each year and will depend upon the amount of the discretionary non-elective Company contribution, the participant's compensation, the fixed level amount, the total compensation for all participants, and the total of all participants'

Klein Tools Retirement Savings Plan

Notes to Financial Statements

pay in excess of the level amount. The Company's discretionary non-elective contribution totaled \$1,804,068, which includes forfeitures of \$4,068, for the year ended December 31, 2021.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participants may direct all their contributions among one or more funds, as set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of (a) any discretionary non-elective Company contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, which is determined by the Plan Administrator based on similar rates charged for loans made under similar circumstances by persons in the business of lending money. Interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, unless the loan is used for the purchase of a primary residence in which case a longer term may be granted.

Payment of Benefits

On termination of service due to death, disability, termination of service, attainment of age 59½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching contribution and discretionary non-elective Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested in all Company contributions and related earnings after two years of service. Participants also become fully vested at age 65, if still employed by the Company, and upon death, permanent disability, or termination of the Plan.

Klein Tools Retirement Savings Plan

Notes to Financial Statements

Forfeited Accounts

Forfeited non-vested amounts attributable to Company contributions are generally used to fund Company contributions, which are then allocated to Plan participants who are employed on the last day of the Plan year, in accordance with the Plan's provisions. Unused forfeiture balances totaled \$114,662 and \$101,470 on December 31, 2021 and 2020, respectively. In 2021, forfeitures amounted to approximately \$173,000.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Klein Tools Retirement Savings Plan

Notes to Financial Statements

Administrative Expenses

During the Plan year ended December 31, 2021, a majority of the expenses of maintaining the Plan were paid by the Plan and allocated to participant accounts. Previously, certain expenses were paid by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable and requested distributions from participants are charged directly to the participant's account and are included in administrative expenses. See Note 6 for disclosure regarding administrative budget account.

3. Fair Value Measurements

Accounting Standards Codification (ASC) *Topic 820, Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Shares of Registered Investment Companies - These shares are valued at the daily closing prices, as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Klein Tools Retirement Savings Plan

Notes to Financial Statements

Common/Collective Trust - This asset is valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets held by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in the common/collective trust can be redeemed immediately at the participant level. The Plan is required to provide a 12 to 30 months' notice to the fund in order to terminate either their entire amount or a portion of their investment interest at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the NAV per share of the investments. As of December 31, 2021, there were no unfunded commitments.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	\$ 140,488,149	\$ -	\$ -	\$ 140,488,149
Common/collective trust, measured at NAV*				15,548,956
Total Investments				\$ 156,037,105

December 31, 2020

	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	\$ 117,837,232	\$ -	\$ -	\$ 117,837,232
Common/collective trust, measured at NAV*				14,594,230
Total Investments				\$ 132,431,462

* The common/collective trust, which is measured at fair value using the NAV per share (or its equivalent) as of practical expedient, has not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Klein Tools Retirement Savings Plan

Notes to Financial Statements

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020 and for the year ended December 31, 2021. Accordingly, the Plan's trustee, T. Rowe Price Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by T. Rowe Price Trust Company or its affiliates. T. Rowe Price Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Additionally, T. Rowe Price Retirement Plan Services (TRP RPS) receive compensation on a quarterly basis from certain investments to offset the costs of providing shareholder recordkeeping and administrative services on behalf of the investments. An administrative budget account was established in the Plan's trust to record these amounts. This compensation is used to offset certain fees owed to TRP RPS for its administrative services to the Plan. When the revenue received by TRP RPS exceeds the amount owed under the Plan, TRP RPS credits the administrative budget account. During 2021, \$412,484 was allocated to the administrative budget account and is included in other income on the statement of changes in net assets available for benefits. These transactions are not considered prohibited transactions under Section 408(b) of ERISA regulations.

7. Tax Status

The Plan uses a Pre-approved Profit Sharing/Money Purchase/CODA from TRP RPS, which received an opinion letter from the Internal Revenue Service (IRS) on August 19, 2020, which states that the Pre-approved Profit Sharing/Money Purchase/CODA, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan

Klein Tools Retirement Savings Plan

Notes to Financial Statements

sponsor is responsible for reviewing the annual Required Amendments List (RAL) issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since receiving this letter, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including October 13, 2022, which is the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition or disclosure in these financial statements.
