Independent Auditor's Report

**To the Participants and Plan Administrator
Norcal Harvesting, LLC 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Norcal Harvesting, LLC 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NORCAL HARVESTING, LLC
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Norcal Harvesting, LLC 401(k) Plan (the Plan) is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees who are employed by Norcal Harvesting, LLC (the Company) who are at least twenty-one years of age and have completed one year of employment. Employees excluded from the Plan include nonresident aliens and those covered by unions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and to certain sections of the Internal Revenue Code (IRC).

Organization – Norcal Harvesting, LLC 401(k) Plan was organized effective October 1, 2020 to provide a tax deferred savings plan for employees of the Company who become participants of the Plan. The Plan made an election to have a special effective date for elective deferral provisions of December 1, 2020.

Contributions – Eligible participants may contribute (pre-tax and/or Roth) a portion of their eligible compensation, by voluntary payroll deduction, up to the maximum allowed by sections 415 and 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows eligible participants to rollover amounts from other qualified retirement plans.

The Company may make a matching contribution equal to a discretionary percentage, to be determined by the Company each year, of the participants' salary reduction. For the years ended December 31, 2021 and 2020, the Company made no matching contributions.

For the years ended December 31, 2021 and 2020, the Plan failed the Actual Deferral Percentage test (ADP test) as part of the annual compliance testing. The Plan elected to fund a Qualified Nonelective Contribution (QNEC) in the amount of \$104,200 and \$613, respectively, instead of processing the corrective refunds. In addition, the Plan was top-heavy for the 2021 and 2020 plan year-ends. As a result, a minimum contribution of \$171,698 and \$5,761 for the years ended December 31, 2021 and 2020, respectively, was made for each non-key participant employed on the last day of the plan year.

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contributions by payroll deduction, (2) the participant's portion of employer contributions, (3) an allocation of Plan earnings, (4) any loans made to or repaid by the participant, and (5) an allocation of Plan expenses.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	–0–
1	25%
2	50%
3	75%
4 or more	100%

Payments of Benefits – Upon termination of service due to death, disability, retirement, or other reasons, a participant's account is generally distributed in a single lump sum payment. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. Withdrawals of a participant's account during the participant's employment are limited to in-service distributions, upon reaching age 59-1/2, financial requirements meeting the hardship provisions of the Plan or through borrowings under the loan provisions of the Plan.

Participant Investment Options – Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

Notes Receivable from Participants – Loans are available to all participants as described in the Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Most loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence, which must be repaid within 15 years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate, as published in the Wall Street Journal, plus one percent. Principal and interest are paid ratably through payroll deductions. At December 31, 2021 and 2020, notes receivable from participants were \$-0- as no loans have been issued by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting, which is in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Expenses to administer the Plan, if not paid by the sponsor, may be paid by the Plan, and certain fees are allocated to the individual participant accounts.

Subsequent Events – The Plan Administrator has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

NOTE 3. CERTIFIED INFORMATION

The Plan funds are held by Great-West Trust Company, LLC, the custodian of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020 and interest, dividends, and net appreciation in the fair value of investments for the years then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan custodian.

The following table is a summary of the Plan's asset information as certified by the Plan custodian at December 31.

	<u>2021</u>	<u>2020</u>
Investments at fair value:		
Collective trust funds	\$ 52,491	\$ –
Mutual funds	<u>6,279</u>	<u>–</u>
Total certified investments	<u>\$ 58,770</u>	<u>\$ –</u>

The Plan custodian also certified to the completeness and accuracy of \$3,682 and \$-0- of net appreciation in the fair value of investments and \$127 and \$-0- of interest and dividends related to the aforementioned investments for the years ended December 31, 2021 and 2020, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Collective trust funds: Valued at the net asset value (“NAV”) as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,279	\$ –	\$ –	\$ 6,279
Total assets in the fair value hierarchy	6,279	–	–	6,279
Investments measured at net asset value (a)	–	–	–	52,491
Total investments at fair value	\$ 6,279	\$ –	\$ –	\$ 58,770

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The nature, risks and investment objectives of the investments described above, for which fair value is estimated at NAV, can be found in the Plan’s enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2021, there were no unfunded commitments associated with any of these investments.

NOTE 5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are invested in funds held by Great-West Trust Company, LLC, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the plan recordkeeper, Empower Retirement, LLC (a subsidiary of Great-West Life & Annuity Insurance Company), also qualify as party-in-interest transactions and amount to \$114 and \$-0- for the years ended December 31, 2021 and 2020, respectively.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate this Plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 7. INCOME TAX STATUS

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider, Great-West Trust Company, LLC, has received on June 30, 2020, an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Variations in the timing of the recognition of certain transactions affecting the Plan have resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits:		
Per audited financial statements	\$ 334,668	\$ 7,182
Contributions receivable	<u>(275,898)</u>	<u>(7,182)</u>
Per Form 5500	<u>\$ 58,770</u>	<u>\$ —</u>
Net income:		
Per audited financial statements	\$ 327,486	\$ 7,182
Contributions receivable-net	<u>(268,716)</u>	<u>(7,182)</u>
Per Form 5500	<u>\$ 58,770</u>	<u>\$ —</u>

NOTE 10. SUBSEQUENT EVENTS

Effective January 1, 2022, the Plan Sponsor elected to adopt safe-harbor provisions and will make a matching contribution to all participants equal to 100% of the first 4% of compensation.
