Independent Auditor's Report

To the Plan Administrator
Welocalize, Inc. 401(k) Plan
New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Welocalize, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

1) Plan Description

General

The following description of the Welocalize, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Welocalize, Inc. (the Employer), except for nonresident aliens, residents of Puerto Rico, and periodic hourly field service employees under the age of 21 with less than 1,000 hours of service during the year. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Fidelity Workplace Services, LLC serves as the third-party administrator and recordkeeper that processes and maintains the records of participant data. Fidelity Management Trust Company (Fidelity) has been engaged to serve as the trustee of the Plan. The Employer serves as the plan administrator and is responsible for the day-to-day operations and oversight of the Plan.

Participant Contributions

Participants may contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. In addition, participants may elect to contribute Roth deferrals. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code). Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation.

Rollover Contributions

Participants are permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Employer Contributions

As defined in the Plan document, the Employer may match a portion of participant contributions on a discretionary basis. During the year ended December 31, 2021, the Employer matched 50% of employee deferrals up to 3% of a participant's compensation, determined based on plan year contributions. Effective May 1, 2020, the Plan was amended to determine Employer matching contributions based on a per pay period basis. The Employer may also make discretionary profit-sharing contributions to the Plan. The Employer did not make discretionary profit-sharing contributions for the year ended December 31, 2021.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions and Employer discretionary matching contributions, if any, as well as, allocations of the Employer discretionary profit-sharing contributions, if any, and Plan earnings or losses. Participant accounts are charged

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions and related earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions and matching contributions is based on the following schedule:

<i>Years of service</i>	<i>Percentage of vesting</i>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Forfeited Accounts

Terminating participants of the Plan are paid the current value of the vested balance in their accounts as soon as administratively feasible. Unvested amounts are forfeited and used to reduce administrative expenses with any remaining forfeitures reducing the Employer's discretionary contributions. As of December 31, 2021 and 2020, unallocated forfeitures totaled \$49,509 and \$17,316, respectively. During 2021, \$58,370 of forfeitures were used to reduce Employer contributions.

Payment of Benefits

Benefit payments are available to participants upon retirement (age 65), termination of employment, death, in-service withdrawals upon attainment of age 65, or disability. Former employees of Park IP Translation Services and Zenfile may make in-service withdrawals upon attainment of age 59 ½. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for hardship purposes. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding note balance in the participant's account during the prior 12 months, except for amounts borrowed under the CARES Act, except for amounts borrowed under the CARES Act. The notes are secured by the participant's vested account balance and no more than one outstanding note is permitted at any time. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used to purchase a principal residence. The specific terms and

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

conditions of such notes are established by the trustees of the Plan. Principal and interest are paid ratably through payroll deductions.

2) Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the note balance is reduced, and a benefit payment is recorded based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administrative and recordkeeping fees are paid by the Plan and included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

3) Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4) Fair Value Measurements

The framework for measuring fair value, Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Mutual funds are registered investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds held by the Plan are traded on national securities exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Corporate stock - Valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash accounts, certificates of deposit and money market accounts - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Committee evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Levels 1, 2 and 3.

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Fair Value Hierarchy Level			Total
	Level 1	Level 2	Level 3

	\$ 27,498,328	\$ -	\$ -	\$ 27,498,328

*The Plan's management has determined that presenting investments held in self-directed brokerage accounts into single categories of similar type investments is appropriate, as the individual investments are selected at the discretion of the participant and not by the Plan. In addition, none of the individually selected investments are greater than 10% of net assets.

5) Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee; therefore, these transactions qualify as party-in-interest transactions. Investment advisory services are provided by UBS Financial Services, Inc. (UBS). Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. The Employer directly pays any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

Welocalize, Inc. 401(k) Plan

Notes to the Financial Statements

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

7) Income Tax Status

The Plan is using a prototype plan that received an opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

U.S. GAAP requires management to evaluate the Plan's tax positions. The Plan's management has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8) Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, October 14, 2022 the date the financial statements were available to be issued. Except as noted below, were no events that required recognition or disclosure in the financial statements.

The Plan Administrator has adopted a volume submitter plan provided by Fidelity Institutional Asset Management. Fidelity Institutional Asset Management obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. As a result, effective April 18, 2022, the Plan Sponsor restated the Plan to reflect remedial amendments associated with Fidelity Institutional Asset Management's restatement of its volume submitter plan.
