Independent Auditor's Report

The Plan Administrator
Sesame Workshop
401(k) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sesame Workshop 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Sesame Workshop 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan, which began on January 1, 1990, is a 401(k) defined contribution plan covering all eligible employees of Sesame Workshop (the Company or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Vanguard Fiduciary Trust Company (Vanguard) is the trustee of the Plan.

In accordance with the provisions of the Plan, beginning January 1, 2017, each eligible employee may participate in the Plan upon attainment of 18 years of age and completion of three months of service. Eligible employees are automatically enrolled after completing one year of service unless they elect not to participate in the Plan, at a rate of 5% of compensation for each payroll period. Prior to January 1, 2017, each eligible employee may participate in the Plan upon attainment of 21 years of age and completion of one year of service.

CARES Act

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the plan participants under the CARES Act and has implemented the following provisions for 2020:

- Special coronavirus distributions up to \$100,000 for withdrawals before December 31, 2020.
- Increase the available loan amount, as described below, to the lesser of \$100,000 or 100% of the participant's vested account balance through December 31, 2020.
- Extend the period for loan repayments, if applicable, up to one year from March 27, 2020 through December 31, 2020.
- Suspend required minimum distributions (RMDs) for participants already receiving RMDs, as well as those required to take their first RMD by April 1, 2020 through December 31, 2020.

Company Contributions

An employee is eligible for employer matching contributions upon completion of one year of service. Beginning January 1, 2017, the Company makes safe harbor and employer matching contributions, each equal to 100% of the participant's elective deferrals that do not exceed 5% of the participant's eligible compensation. Prior to January 1, 2017, the Company made safe harbor matching contributions equal to 200% of the participant's elective deferrals that did not exceed 5% of the participant's eligible compensation.

The Employer may contribute discretionary profit-sharing contributions, as defined in the Plan. There were no profit-sharing contributions for the years ended December 31, 2021 and 2020.

Notes to Financial Statements

Participant Contributions

Participants may contribute up to 80% of pre-tax annual eligible compensation not exceeding the elective deferral limit allowed by law (\$19,500 for the years ended December 31, 2021 and December 31, 2020) through salary deductions. Participants who have attained or will attain 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make Roth 401(k) deferrals and after-tax voluntary contributions. Participants may also roll over amounts from tax-qualified and other types of plans, as specified in the Plan document and Individual Retirement Accounts (IRA).

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's investment earnings and losses and charged for withdrawals and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in safe harbor and employer matching contributions upon entering the Plan. For employer non-elective profit-sharing contributions, the participants are vested in accordance with the following schedule:

Years of Service	Vesting (%)
Less than 3	-
3 or more	100

Regardless of the vesting schedule, participants shall become fully vested upon death or permanent disability.

Participant account balances not yet vested at the time of the participant's termination of employment are forfeited and used to reduce future company contributions. Forfeitures are restored to the contribution account of the employee if the individual becomes employed again by the Company before incurring five consecutive one-year breaks in service.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$3,012 and \$2,685, respectively. These amounts will be used to reduce future employer contributions, in accordance with the Plan document. During the years ended December 31, 2021 and 2020, \$4,822 and \$66,327, respectively, of forfeited account balances were used to fund employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the open-ended mutual funds offered by Vanguard. Fund balances may be transferred between the funds at the discretion of the participant, without restriction. Participants direct contributions into any or all of the fund options in 1% increments. Participants may change their investment elections once every 30 days.

Benefit Payments

Upon termination of employment, retirement, disability, or death, a participant may elect one of several forms of payment (e.g., lump sum, annuity, etc.) to receive the vested balance of his or her account, as defined by the Plan document. Participants are also eligible for in-service withdrawals after attaining 59½ years of age. The Plan allows hardship withdrawals against the vested benefits of active employees. The Plan allows the participant to elect to have any portion of an eligible distribution paid directly to an eligible retirement plan specified by the participant as a direct rollover.

Notes Receivable from Participants

A participant may borrow from his or her vested account balance an amount that, when added to the participant's outstanding loan balances under the Plan, does not exceed the lesser of 50% of the participant's vested account balance as of the date the loan is made or \$50,000, less the excess of the highest outstanding loan balances (if any) that the participant had at any one time during the one-year period ending immediately before the date of the new loan under the Plan, over the participant's outstanding loan balances under the Plan. The amount borrowed by the participant must be a minimum of \$1,000. Repayment terms range up to five years but can be up to ten years if the loan amount is used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions. All notes are secured by the assignment of up to 50% of the participant's vested account balance and bear interest based on a published prime rate plus 1%, as determined by the Plan administrator. Two notes may be outstanding at any one time. The notes are also subject to administrative and maintenance fees.

Excess Contributions

At December 31, 2021 and 2020, liabilities of \$0 and \$17,124, respectively, were recorded for the amount refundable by the Plan to these participants for contributions made in excess of amounts allowed by the Internal Revenue Service (IRS).

Uncashed Checks

Uncashed checks of benefit payments are restored to the forfeitures account after review by Plan management and are recorded as other income in the statements of changes in net assets available for benefits during the year.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Accordingly, actual results may differ from these estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The Plan follows the provisions of Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In addition, ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on the Plan participants' accounts on a daily basis and are not separately reflected in these financial statements. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair market value of such investments on the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as a distribution based on the terms of the Plan document. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

Administrative Expenses

Administrative expenses related to the Plan, other than processing fees for loans, investment advisory fees, and trustee fees, are paid by the Company. Expenses paid by the Company are not reflected in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Risks and Uncertainties

The Plan invests in mutual funds and a separate account. Investment securities, in general, are exposed to various risks, such as interest rate, credit, overall market volatility, and separate account. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

4. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Total investment income and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investments reflected on the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

5. Fair Value Measurement

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 146,309,427	\$ -	\$ -	\$ 146,309,427
Separate account, measured at NAV*				5,963,088
Total Investments, at fair value				\$ 152,272,515

December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 126,825,221	\$ -	\$ -	\$ 126,825,221
Separate account, measured at NAV*				5,392,777
Total Investments, at fair value				\$ 132,217,998

* Certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2021 and 2020. There were no transfers between levels during the years ended December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - These funds are valued at unadjusted quoted price, which represents the NAV of the shares held by the Plan at year-end.

Separate Account - This asset is valued at the accumulation unit value (AUV), which approximates fair value. The AUV is determined daily based on the NAV of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). If there is no readily available market value, the separate account's value is the fair market value of the amounts paid in the separate account as determined by Prudential Retirement Insurance and Annuity Company (PRIAC) using generally accepted accounting practices and applicable law. The valuation of the separate account is determined by PRIAC on each valuation date. The separate account invests in a broadly diversified portfolio of fixed-income instruments. The Plan's investment in the separate account can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of December 31, 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of

Sesame Workshop 401(k) Retirement Plan

Notes to Financial Statements

certain financial instruments could result in a different fair value measurement at the reporting date.

6. Exempt Party-in-Interest Transactions

Plan investments are managed by Vanguard, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Additionally, certain employees and officers of the Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. Notes receivable from participants also qualify as party-in-interest transactions.

OneDigital provides investment advisory services to the Plan during the year after Greenleaf Advisors, LLC joined OneDigital in 2020.

7. Late Remittances

Employee withholdings amounting to \$218,618, \$28,685, and \$8,415 were not remitted within the appropriate time period by the Plan for the years ended December 31, 2021, 2020, and 2019, respectively. These transactions constitute prohibited transactions, as defined by ERISA. Plan management is in the process of taking the necessary corrective action and has corrected \$6,236 of 2019 late remittances during 2021.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Income Taxes

The Plan has adopted Vanguard's volume-submitter plan, which has received a favorable opinion letter from the IRS dated March 31, 2014, stating that the written form of the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC) and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state, and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan's management has performed subsequent event procedures through October 13, 2022, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures herein.
