Annuity/Matched Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Adena Health System Tax Deferred Annuity/Matched Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Adena Health System Tax Deferred
Annuity/Matched Savings Plan

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Annuity/Matched Savings Plan

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 6, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Adena Health System Tax Deferred Annuity/Matched Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Plan Description

The following description of Adena Health System Tax Deferred Annuity/Matched Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 1998 and restated as of January 1, 2021, covering all eligible employees of the Plan's sponsor, Adena Health System (the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective May 2, 2021, the Plan was restated to add Adena Fayette Medical Center (the "Medical Center") as a participating employer following the acquisition of the Medical Center by the Hospital. There were no transfers into the Plan as a result of the acquisition.

Contributions

The Plan provides for employee salary contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan has an autoenrollment feature where all newly eligible employees are automatically enrolled in the Plan at a 3 percent deferral rate unless they affirmatively elect otherwise. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Contributions to the Plan are invested as directed by participants in any one or more investment alternatives.

Effective January 1, 2021, the Plan was restated to provide for employer safe harbor matching contributions of 100 percent of the participant's contribution up to 4 percent of the employee's deferred compensation and 50 percent of the participant's contribution in excess of 4 percent, but not in excess of 6 percent, of deferred compensation. The plan restatement also allows for employer discretionary contributions to be determined by the Hospital. However, the Hospital elected not to make any such discretionary contributions for the year ended December 31, 2021.

Participant Accounts

The Variable Annuity Life Insurance Company (VALIC) and AIG Federal Savings Bank (AIG) maintain individual accounts for each participant for the deposit of contributions and earnings thereon. Earnings and plan expenses on plan assets are distributed based upon the participant's pro rata share of the total account balances.

Administration

The Hospital is the sponsor of the Plan. The retirement committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. VALIC and AIG function as the trustees and investment managers. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Participant Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balances, whichever is less, as prescribed in the Plan and the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

December 31, 2021 and 2020

Note 1 - Plan Description (Continued)

Plan Loans

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balances, whichever is less, from The Variable Annuity Life Insurance Company, a trustee of the Plan, using invested funds as collateral for the loan. VALIC transfers an amount equal to the original principal of the loan into a loan collateral account and amounts equal to the first quarter of interest due and potential surrender charges into a loan escrow account. The loan collateral account and the loan escrow account are invested in the VALIC Fixed Account Plus investment option. The participant's account is not reduced; collateral is released to the participant-controlled investments as loan payments are made. Loans bear interest at market rates. The amount of these outstanding loans was \$531,215 and \$779,070 at December 31, 2021 and 2020, respectively. At December 31, 2021 and 2020, \$458,244 and \$658,471, respectively, of these loan balances were in default.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100 vested in the employer safe harbor matching and discretionary contribution portion of their account after two years of credited service.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Benefit Payments

Upon termination of employment, a participant, or, in the case of death, the beneficiary or surviving spouse, may elect to receive the participant's vested account balance in a single lump sum or in various installment annuities.

Participants may request that all or a portion of their account be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Termination

While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are investment funds managed by VALIC, AIG, or their affiliates. VALIC and AIG are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except the fully benefit-responsive investment contracts valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

Variable separate accounts are valued at net asset value per share or its equivalent, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices reported in active markets. See Note 6 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses, including audit fees, are paid by the Hospital.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2022, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

The Variable Annuity Life Insurance Company and AIG Federal Savings Bank (collectively, the "Trustees") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustees.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated April 5, 2018. The Plan has not individually sought its own determination letter.

December 31, 2021 and 2020

Note 5 - Unallocated Investment Contracts

The Plan has benefit-responsive investment contracts with VALIC, a subsidiary of AIG. VALIC maintains these contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

The interest crediting rate for the VALIC Fixed Interest and VALIC Fixed Account Plus contracts is based on a formula agreed upon with the contract issuers, but it may not be less than 3 percent for participant accounts set up before December 1, 2003 and 2 percent for participant accounts set up on or after December 1, 2003. The minimum crediting rate for the VALIC Short Term Fixed Account is 1 percent. Interest crediting rates are reviewed on a periodic basis for resetting. When establishing interest crediting rates for this product, VALIC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contracts and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

Adena Health System Tax Deferred Annuity/Matched Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 6 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2021 and 2020:
