Independent Auditor's Report

Trustees and Management of the
Santa Fe Preparatory School DC Retirement Plan

Scope and Nature of ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of the Santa Fe Preparatory School DC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplementary Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Trustees and Management of the
Santa Fe Preparatory School DC Retirement Plan

We were engaged to audit the accompanying financial statements of the Santa Fe Preparatory School DC Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) and Great-West Trust Company LLC (Great-West), the custodians of the Plan, except for comparing the information with the

related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute

investment transactions. The plan administrator has obtained applicable certifications from the custodians as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for the 2020 Financial Statements

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Santa Fe Preparatory School DC Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1) Description of Plan

The Santa Fe Preparatory School DC Retirement Plan (the "Plan") was established on January 1, 1967, and most recently amended effective January 1, 2013, for the benefit of the employees of Santa Fe Preparatory School. Santa Fe Preparatory School (the "School") acts as the Plan sponsor and administrator. Participants should refer to the Plan document for a more complete description of the Plan.

General

The Plan is a defined contribution plan covering all employees of the School except for employees who are normally credited with fewer than 20 hours of service per week. Eligible employees can make elective deferral contributions immediately upon date of hire. After completing the service hours requirement as defined by the Plan the employees become eligible for matching and non-elective contributions. Employees may elect not to participate in the salary deferral program. The Plan entry dates are immediate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are allowed to contribute up to 100% of compensation up to the legally allowed limit. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions up to the legally allowed limit. Participants may also contribute amounts representing distributions from other qualified plans. For the years ended December 31, 2021 and 2020 the employer matching contribution for eligible employee salary deferrals was as follows: for employees with less than ten years of service up to 6% of employee compensation and for employees with 10 years or more of service up to 7.5% of employee compensation.

Administrative Expenses

All reasonable plan administration expenses, including those involved in retaining necessary professional assistance may be paid from the assets of the Plan to the extent permitted by the participant's individual agreements. These expenses may be allocated to all plan participants, or for expenses directly related to one participant and charged against that participant's account balance. The Administrator may, at its discretion, pay a portion or all of these expenses.

1) Description of Plan — continued

Participant Accounts

Each participant's account is credited with the participant and employer contributions, account earnings, gains and/or losses. Allocations of employer contributions are based on employee contributions made during the Plan year. Employees can direct their accounts to be invested in any combination of available funds.

Vesting

Employees are immediately vested in their contributions and matching contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct their account balance in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of Benefits

Benefits may be paid to a participant or beneficiary upon the following events: death, disability, termination of employment, or attaining age 59 ½ as defined in the plan. In addition, a participant may qualify for a hardship distribution as defined in the plan. The payment of benefits under the plan is governed by IRS Code 403(b) and the investment contract distribution restrictions.

Notes Receivable from Participants

Under the Teacher Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) recordkeeping system, the loans offered were referred to as "Plan Loans," however; these loans were issued directly from funds owned by TIAA-CREF and not from a participant's account. Therefore, there were no plan loans accounted for by the Plan and included in Plan assets for any investments held by TIAA-CREF.

Participants are able to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan repayment terms cannot exceed five years. The loans bear interest at a prime rate plus two percent (2%). Payments will be made through payroll deduction every pay period. Loans become payable in full upon the participant's termination of employment.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The Plan Administrator believes that the Plan has been designed to comply with the requirements of section 403(b) of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2018.

2) Summary of Significant Accounting Policies – continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 13, 2022, which is the date the financial statements were available to be issued.

3) Investments

The following presents the fair value of investments as of December 31:

	<u>2021</u>	<u>2020</u>
Registered investment company shares	\$ 13,262,455	\$ 11,797,985
Pooled separate account	511,806	429,804
Fixed annuity contracts	<u>3,860,474</u>	<u>3,967,774</u>
Total investments	<u>\$ 17,634,735</u>	<u>\$ 16,195,563</u>

The Plan's investments appreciated in value by approximately \$587,000 and \$1,472,000 for the years ended December 31, 2021 and 2020, respectively.

Santa Fe Preparatory School DC Retirement Plan

Notes to Financial Statements

4) Information Prepared and Certified by the Custodians

The following information included in the accompanying financial statements for the years ended December 31, 2021 and 2020 and the supplemental schedule as of December 31, 2021 were obtained from data that has been prepared and certified as complete and accurate by TIAA-CREF and Great West Trust Company LLC (Great West), the custodians, as of December 31:

	2021	2020
Registered investment company shares	\$ 13,262,455	\$ 11,797,985
Pooled separate account	511,806	429,804
Fixed annuity contracts	3,860,474	3,967,774
	<u>\$ 17,634,735</u>	<u>\$ 16,195,563</u>
Investment income	<u>\$ 1,795,058</u>	<u>\$ 1,725,155</u>

5) Fair Value Measurement

The Plan's investments, excluding the fixed annuity contracts, are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs consist of inputs that are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs

because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements – Inputs to valuation methodology include discounted cash flow and theoretical transfer (exit value). Unobservable inputs include the application of a risk-adjusted discount rate.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Registered Investment Company Shares – Valued at the net asset value of shares held by the Plan at the end of each day, which is determined by quoted prices in an active market.

Pooled Separate Account – Consists of investments in real estate properties and real estate-related investments whose value is principally derived from the market value of the underlying real estate holdings or other real estate investments.

5) Fair Value Measurement – continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as:

	Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
December 31, 2021		
Registered investment company shares	\$ 13,262,455	\$ 13,262,455
Pooled separate account	511,806	511,806
Total	<u>\$ 13,774,261</u>	<u>\$ 13,774,261</u>

Total	<u>\$ 12,227,789</u>	<u>\$ 12,227,789</u>

6) Investment Contract

The Plan has a variable annuity investment contract with TIAA-CREF. TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For investment contracts that are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value which approximates fair value, as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant

withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2021 one of the Plan's investment contracts is fully benefit responsive.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the non-benefit responsive fixed annuity contract at December 31, 2021 and 2020, was approximately \$3,023,400 and \$3,057,000, respectively. The contract value of the benefit responsive fixed annuity contract at December 31, 2021 and 2020, was approximately \$837,000 and \$911,000, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, as of December 31, 2021 and 2020, it was 3%. Such interest rates are reviewed on an annual basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the custodial account to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7) Related Party Transactions

Certain Plan investments are issued or managed by TIAA-CREF therefore these transactions qualify as party-in-interest.

8) Plan Termination

Although it has not expressed any intent to do so, the sponsors have the right to terminate the Plan subject to the provisions of ERISA.

9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
