To the Trustees of the TP ICAP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TP ICAP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TP ICAP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TP ICAP 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TP ICAP 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TP ICAP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TP ICAP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets held at the end of the year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on 2020 Financial Statements

The 2020 Financial Statement of the TP ICAP 401(k) Plan were audited by predecessor auditors. The audit of the TP ICAP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), the audit did not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided the information is prepared and certified to by the qualified institution in accordance with the 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Their report dated October 12, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in 2020 supplemental schedules, other than the information agreed to or derived from the certified information, including its form and content is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TP ICAP 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Plan Description

The following brief description of the TP ICAP 401(k) Plan ("the Plan") provides only general information. Participants should refer to the summary plan description and plan document for a complete description of the Plan's provisions.

General

Effective January 1, 2018, TP ICAP America Holdings Inc. established the TP ICAP 401(k) Plan. The Plan is a defined contribution plan covering all eligible employees of TP ICAP America Holdings Inc. (formerly Tullett Prebon (Americas) Holdings Inc.) (the Plan Sponsor), and its related affiliates, Chapdelaine Tullet Prebon, LLC; COEX Partners Inc.; Garban LLC; Garban Securities LLC; Garvin Guy Butler; Garvin Info Systems; ICAP Corporates LLC; ICAP Energy LLC; ICAP Information Services Inc.; ICAP North America LLC; ICAP Securities USA LLC; ICAP SEF (US) LLC; ICAP Spot USA LLC; ICAP United Inc.; tpSEF Inc.; Tullett Prebon Americas Corp.; Tullett Prebon Financial Services LLC; Tullett Prebon Information Inc.; and Wrightson ICAP LLC (collectively known as the "Company") who have met certain requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act, as amended (ERISA).

Effective January 1, 2022, the Plan executed a new adoption agreement for the amended and restated prototype plan, which was approved effective May 10, 2022.

Eligibility

All employees may participate in the Plan upon hire, except for the following ineligible classes of employees: (a) union employees; (b) non-resident alien employees; (c) leased employees; (d) employees working for an organization that provides goods or services, including without limitation temporary employee services (other than members of the Company's controlled group); (e) resident aliens temporarily on assignment in the U.S.; and (f) interns.

Contributions

Each year, participants may contribute the up to 100% of their annual compensation, as defined in the Plan agreement up to the maximum contribution allowable by the Internal Revenue Code (IRC). Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Each participant may also make after-tax (Roth) contributions to the Plan not to exceed an amount set annually by the Plan Administrator. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

The Company made Non-Safe Harbor matching contributions equal to 50% of each benefiting participant's contribution up to a maximum of \$5,000 for each benefiting participant. Non-Safe Harbor Non-Elective contributions can be made at the Plan Sponsor's discretion.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's safe harbor matching contribution and (b) net investment earnings or losses of the investments in which the participant's account is invested. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Each participant is immediately and fully vested in his or her voluntary contributions and rollover contributions, plus actual earnings thereon. Participants who were employees on December 31, 2017, were fully vested in all contributions.

TP ICAP 401(k) Plan

Participants who became eligible employees on or after January 1, 2018, vest in the Company's contributions based on years of continuous service, as defined by the Plan. A participant vests 20% each year and is 100% vested in Non-Safe Harbor matching contributions after five years of credited service, or in the event of death or total and permanent disability.

Former participants in the Tullett Prebon (Americas) Holdings Inc. Retirement and Savings Plan (the Tullett Plan), whose vested interest in their employer matching contribution and non-elective contributions accounts were merged into this Plan from the Tullett Plan, vest 25% each year and are 100% vested in employer matching contribution and non-elective contributions accounts after four years of credited service, or in the event of death or total and permanent disability.

Former participants in the Prebon Yamane (USA), Inc. 401(k) Savings Plan, whose account balances were previously transferred to the Tullett Plan, the vested interest of which consisted of employer contributions and were merged into this Plan from the Tullett Plan, vest 25% each year and are 100% vested in employer contribution accounts after four years of credited service, or in the event of death, or total and permanent disability.

Former participants in the Prebon Yamane (USA), Inc. 401(k) Savings Plan as of December 31, 2001, whose balances were transferred to the Tullett Plan and then subsequently transferred to this Plan, their employer contributions will fully vest upon attaining age 51, with four years of vesting service for the amount accrued in the Plan as of December 31, 2001.

Former participants in the USA Staffing 401(k) Profit Sharing Plan and the Trust/Unified Energy Services, LLC whose balances were previously transferred to the Tullett Plan, whose vested interest in the participant's employer matching contribution accounts were merged into this Plan from the Tullett Plan, vest 25% each year and are 100% vested in employer contribution accounts after four years of credited service or in the event of death or total and permanent disability.

Former participants in the ICAP Energy LLC 401(k) Profit Sharing Plan, whose vested interest in the participant's safe harbor non-elective contribution accounts were merged into this Plan from the Tullett Plan are 100% fully vested.

Former participants in the NEX 401(k) Savings Plan, whose vested interest in the participant's employer profit sharing contribution accounts were merged into this Plan, vest 20% each year and are 100% vested in employer profit sharing contribution accounts after five years of credited service or in the event of death, or total and permanent disability.

Forfeitures

Balances in forfeited accounts will be used to reduce future employer contributions and Plan expenses in accordance with the Plan document. There were forfeitures of approximately \$102,000 for the year ended December 31, 2021. The Plan used approximately \$50,000 and \$11,000 for employer contributions and fees, respectively, during the year ended December 31, 2021. The balances in the forfeiture account as of December 31, 2021 and 2020 was approximately \$103,000 and \$61,000, respectively.

Notes Receivable from Participants

Participants may borrow from their investment account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are to be repaid within five years, unless participants are using the loan to purchase their principal residence or are on authorized leave for military service for a period which extends the maturity date of the loan beyond five years. If the participant is using the loan to purchase their principal residence, the repayment period may be set for a loan term that will extend up to fifteen years. Loans are collateralized by the balance in a participant's. The interest rates as of December 31, 2021 ranged between 4.1 % and 10.25%. Principal and interest is amortized and repaid through payroll deductions and the paid interest is credited to the participant's account. Participants are responsible for loan set-up fees. A participant may have a maximum of one outstanding loan at one time.

TP ICAP 401(k) Plan

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed into law. The CARES Act, among other things, includes several relief provisions to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under CARES Act and has implemented the provision to increase the available loan amount as described above to the lesser of \$100,000 or 100% of the participant’s vested account balance and extend the period for loan repayment, if applicable, up to one year.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life of the participant. If the annual installments are payable to the participant and their spouse or designated beneficiary, the payment period of the installments may be for as long as either the participant or his spouse or designated beneficiary lives.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may elect to have the entire distribution rolled into an Individual Retirement Account (IRA) or a new employer's qualified plan if it accepts rollover contributions. Participants may also elect to receive some of the distribution and have the balance rolled into an IRA or a new employer's qualified plan. Participants may withdraw their contributions upon demonstrating a financial hardship or attaining the age requirement as defined by the Plan for the contribution type.

The Plan also provides for involuntary distributions of account balances for terminated participants with account balances of less than \$1,000. Participant accounts of terminated participants with balances between \$1,000 and \$5,000 are automatically rolled into an IRA account if the participant does not elect payment.

Effective March 27, 2020, the Plan adopted the relief provisions available to plan participants under the CARES Act to allow for special coronavirus distributions up to \$100,000 and to suspend required minimum distributions for 2020.

Administrative Costs

Administrative costs of the Plan are paid by the Plan at the discretion of the Plan administrator. All remaining administrative costs are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at unadjusted quoted market prices, which represent the net asset value of the shares held by the Plan at yearend. Listed equities in the Personal Choice Retirement Account are valued using closing year-end prices.

TP ICAP 401(k) Plan

The net appreciation in the fair value of Plan investments consists of the realized gains or losses and the net unrealized appreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are valued at their unpaid balances plus accrued interest.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Trustee

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information for December 31, 2021 was derived from the information certified as to completeness and accuracy by Charles Schwab Trust Bank, the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the custodians at December 31, is as follows:

	2021	2020
Investments at fair value	\$ 471,000,118	\$ 420,647,964
Notes receivable from participants	3,484,881	3,645,955
	<u>\$ 474,484,999</u>	<u>\$ 424,293,919</u>

The following was also certified by the custodians for the year ended December 31, 2021:

	2021
Net appreciation in fair value of mutual funds	<u>\$ 40,753,988</u>
Dividend and interest income	<u>\$ 17,092,270</u>
Interest income on notes receivable from participants	<u>\$ 169,128</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability. In measuring fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

TP ICAP 401(k) Plan

Following is a description of the valuation methodology used for assets measured at fair value:

- Mutual funds and money market fund: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. These funds are deemed to be actively traded.
- Collective trust funds: valued at the NAV of units. The NAV as provided by the Trustee, is used as a practical expedient to estimate fair value.
- Pooled separate accounts: valued at NAV per unit based on quoted market prices of underlying investments.
- Self-directed brokerage option: cash is valued at cost plus accrued interest, which approximates fair value. Mutual funds, common stock, and preferred stock are valued at the quoted market prices in active markets of the underlying investments held by the Plan at year-end.

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2021 and 2020.

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 332,488,435	\$ -	\$ -	\$ 332,488,435
Personal Choice Retirement Account	39,345,294	-	-	39,345,294
Total investments in fair value	<u>371,833,729</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 371,833,729</u>
value hierarchy				
Pooled separate accounts at net asset value(a)				16,919,963
Collective trust funds at net asset value (a)				82,246,426
Total investments in fair value				<u>\$ 471,000,118</u>

Investments at fair value as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 292,459,609	\$ -	\$ -	\$ 292,459,609
Personal Choice Retirement Account	36,541,662	-	-	36,541,662

Pooled separate accounts at net asset value(a)				16,189,384
Collective trust funds at net asset value (a)				75,457,309
Total investments in fair value				<u>\$ 420,647,964</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-In-Interest Transactions

Schwab is the plan administrator and fees paid to Schwab and notes receivables from participants are considered party-in-interest transactions. Fees paid to Schwab during the year ended December 31, 2021 were approximately \$55,000. Fees paid to the auditor and the investments advisors for the current year ended December 31, 2021 were approximately \$21,000 and \$109,000, respectively..

TP ICAP 401(k) Plan

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain fully vested in their account.

7. Income Tax Status

The Plan has adopted Charles Schwab volume submitter profit sharing plan. Charles Schwab received a favorable opinion letter dated June 19, 2014, which stated that the volume submitter profit sharing plan was designed in accordance with the application sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal, state and/or local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

8. Risk and Uncertainties

The Plan's investments are concentrated in mutual funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2021, for items that should potentially be recognized or disclosed herein. The evaluation was conducted through the date these financial statements were issued.
