Horizons 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Horizons 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Horizons 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Horizons 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Horizons 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Horizons 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Horizons 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, line 4(a) - Schedule of Delinquent Contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of Horizons (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer plan covering two related entities which include Horizons Programs, Inc. and Horizons, Inc.

Eligibility

The Plan is a defined contribution plan established to provide retirement benefits for all employees of the Company, except for certain ineligible classes of employees (nonresident aliens and contract employees), who have completed one year of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible plan participants may contribute a portion of their wages to their accounts through salary deferrals up to the maximum allowed by Internal Revenue Code regulations. Each year the Company may, in its discretion, elect to make one or more of two types of contributions to the Plan. These include discretionary contributions for eligible participants who achieved 1,000 hours of service with their employer during the year and/or special matching (safe harbor) contributions to all employees who make pre-tax salary deferrals, regardless of the number of hours worked during the year. The Company elected to make the safe harbor contributions for the 2021 plan year.

Participant accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's safe harbor and discretionary contributions as well as investment earnings (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants have separate accounts for employee, employer and rollover contributions for each investment option selected. Participants' accounts are credited with allocated contributions, investment earnings or losses and administrative expenses.

Vesting

Participants are vested immediately in their deferred contributions and their rollover contributions plus actual earnings thereon, as well as the Company's safe harbor contribution and employer profit sharing contribution plus actual earnings thereon.

Notes receivable from participants

Participants may receive loans of up to 50% of their vested account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. The interest rate for the loan is the prime rate at the date of the loan request plus 1½ percentage points. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of the participant's primary residence, in which case the loan may be repaid under an alternative time frame as determined by the plan administrator. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution for federal income tax purposes under the Plan.

Notes to Financial Statements

December 31, 2021 and 2020

Hardship withdrawals

In the event of financial hardship, as defined under the Plan and under Internal Revenue Service rules, participants are permitted to receive hardship withdrawals of a portion of their elective deferral account balance. Participants may not make any elective deferral contributions for six months after receiving a hardship withdrawal.

See Note 9 for changes to hardship withdrawals, which were implemented during Plan year 2019 as a result of the Bipartisan Budget Act of 2018.

Payment of benefits

In the event of a participant's termination of service due to reaching their normal (or early) retirement date, as defined by the Plan, or due to death or disability, a participant will receive benefit payments under the provisions of the Plan. Benefit payments are paid in the amount of the participant's vested account balances under other situations, such as termination, prior to their normal retirement date.

Forfeited accounts

No forfeited non-vested account balances were used to reduce employer contributions during 2021. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0.

Investment options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers several investment options in target date funds, balanced funds, U.S. equity funds, foreign equity funds, bond funds and fixed income funds. Based upon the participants' investment selections, the Plan purchases units accordingly which are held in Voya Retirement Insurance and Annuity Company's pooled separate account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), as reported by Voya Retirement Insurance and Annuity Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisers and the custodian. See Note 8 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The contract value is the relevant measurement since it represents the amount that the participant would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**HORIZONS
401(k) PLAN**

Notes to Financial Statements

December 31, 2021 and 2020

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan is charged third party administrator fees which are deducted from the participants' accounts. The fees are based on a percentage of the fair market value of the investment held by the Plan. Participants of the Plan are charged fees by the custodian for the processing of loans and distributions from the Plan.

Other administrative expenses of the Plan, such as custodial fees and Plan audit fees, are paid by the employer.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. In the event a participant terminates employment while any loan is outstanding, the unpaid balance and any interest due thereon shall become due and payable within thirty days of such termination of employment.

Recently issued pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. ASU 2018-09 notes a plan should evaluate whether a readily determinable fair value exists. The guidance is effective for fiscal years beginning after December 15, 2019. The adoption of this ASU had no effect on the Plan for the years ended December 31, 2021 and 2020.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosure requirements from Topic 820. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The adoption of this ASU had no effect on the Plan for the years ended December 31, 2021 and 2020.

In July 2019, the American Institute of Certified Public Accountants (AICPA) issued Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. This auditing standard is effective for periods ending on or after December 15, 2021. These standards were implemented for the Plan year ended December 31, 2021.

	<u>\$5,263,555</u>	<u>\$4,151,994</u>

The net investment income of the Plan for the year ended December 31, 2021 is as follows:

	<u>2021</u>
Net appreciation in fair value of investments	\$662,431
Interest and dividend income	<u>4,652</u>
	<u>\$667,083</u>

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract; plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2021</u>	<u>2020</u>
Traditional investment contract	<u>\$36,056</u>	<u>\$44,230</u>

For traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Notes to Financial Statements

December 31, 2021 and 2020

Fully benefit-responsive investment contracts, continued

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The following events might limit the ability of the Plan to transact at contract value with the contract issuer:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Voya Retirement Insurance and Annuity Company is the investment custodian of the Plan as of December 31, 2021 and 2020. As a provider of services to the Plan, Voya Retirement Insurance and Annuity Company is a custodian and is considered a party-in-interest as defined under ERISA. Voya Retirement Insurance and Annuity Company receives fees for their services from the employer.

Scott Freeman, Scott Freeman Retirement Plan Consulting, LLC is the third-party administrator for the Plan for compliance testing and annual report preparation. As a provider of services to the Plan, Scott Freeman, Scott Freeman Retirement Plan Consulting, LLC also became a party-in-interest as defined under ERISA. Scott Freeman, Scott Freeman Retirement Plan Consulting, LLC receives fees for its services from the employer.

Notes receivable from participants totaled \$74,493 and \$99,208 at December 31, 2021 and 2020, respectively and interest income on notes receivable from participants totaled \$5,225 for the year ended December 31, 2021.

The Plan's investments are managed by Voya Retirement Insurance and Annuity Company (Voya) within their group annuity contract under general and pooled separate accounts. Voya is also the trustee and recordkeeper of the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account balances.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 7 – TAX STATUS

Their latest determination letter for its prototype plan is dated October 31, 2011, which the Company is relying on with respect to qualification of its Plan. Although the Plan has been amended since the effective date of the determination letter, the plan administrator believes the Plan is qualified and the related trust is tax-exempt based on the advice of the Plan's third party administrator.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Pooled separate accounts: Valued at their accumulation unit value (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

NOTE 9 – PLAN AMENDMENTS

The following Plan changes have been adopted by the Plan. The plan sponsors will execute amendments to the Plan on or before the required due dates for each respective amendment:

In connection with the Setting Every Community Up for Retirement Enhancement (SECURE) Act, which was signed into law on December 20, 2019, the age for required minimum distributions for certain Plan participants has been changed to 72 from 70½.

During the 2019 plan year, the Plan's management had also adopted changes (formally amended in 2022, see Note 11) to the Plan to comply with then recent enacted laws. The main provisions of these changes effecting the Plan include the following:

Bipartisan Budget Act of 2018

- Allow hardship withdrawals from more sources of funds in the participants' accounts.
- Removal of the requirement to take a Plan loan before a hardship withdrawal.
- Removal of the six-month required suspension of participant contributions after taking a hardship withdrawal.

Tax Cuts and Jobs Act

- Provide additional time for an individual to roll-over a qualified Plan loan offset into the Plan.

NOTE 10 – RISKS AND UNCERTAINTIES

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as investment rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amount reported in the statements of net assets available for benefits.

Change in market conditions

The continuing outbreak of the novel Coronavirus and resulting pandemic has adversely impacted global commercial activity and contributed to significant volatility in financial markets. The Plan is invested in target date funds, balanced funds, U.S. equity funds, foreign equity funds, bond funds and fixed income bonds, which all have been subject to substantial volatility. Depending on the severity and length of the outbreak, the novel Coronavirus could present material uncertainty and risk with respect to the Plan, the market, its performance and its financial results. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE 11 – SUBSEQUENT EVENTS

Effective July 1, 2022 Horizons 401(k) Plan formally amended the Plan to adopt the Bipartisan Budget Act of 2018 provisions, which were effective January 1, 2019, the SECURE Act, which were effective December 20, 2019 and the Tax Cuts and Jobs Act provisions, which were effective January 1, 2018.

Since December 31, 2021, the general markets have decreased more than 10%. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Evaluation of subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2022, which is the date the financial statements were available to be issued.
