INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Bray International, Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Bray International, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

General

The Bray International, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") effective on January 1, 1990 and restated effective January 1, 2022, is a defined contribution plan covering all full-time employees of Bray International, Inc. and certain of its affiliates (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the *Plan Document* for more complete description of the Plan's provisions.

Plan trustee and recordkeeper

Prudential Bank & Trust, F.S.B. ("Prudential") serves as the trustee and recordkeeper of the Plan.

Participant contributions

With the exception of employees covered by a collective bargaining agreement, non-resident aliens, and residents or employees performing services in Puerto Rico, participation in the Plan is available to employees of the Employer who are 18 years of age or older. Newly eligible participants are automatically enrolled into the Plan at 6% of pre-tax Plan compensation. In addition, on the first day of each Plan year, all participants with an elective pre-tax deferral percentage less than 12% will be subject to an automatic annual 2% increase up to a maximum of 12% of Plan compensation unless the participant makes a contrary election. Participants may defer up to 92% of their Plan compensation through payroll deductions not to exceed the limits set by the Internal Revenue Code ("IRC"). Participants may also make voluntary contributions to the Plan on an after-tax basis. Participants, who are age 50 or older by the end of the calendar year and are making deferral contributions to the Plan, may also make catch-up contributions up to the limit dictated by the IRC.

Employer contributions

The Employer may, in its sole discretion, make a matching contribution not to exceed 6% of Plan compensation. The Employer currently makes a matching contribution equal to 100% of the first 1% of participant contributions, and 50% of additional contributions, up to 6% of the participant's Plan compensation. The Plan allows the Employer to provide a discretionary true-up contribution. The true-up matching contribution for the years ended December 31, 2021 and 2020 was \$94,155 and \$105,155, respectively.

Rollover contributions

The Plan may accept a rollover contribution made on behalf of any eligible employee who has met the age requirements of the Plan. Rollover contributions will be accepted from any qualified retirement plan and all contribution sources can be rolled into the Plan.

Note 1 - Description of the Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions, rollover contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, and actual Plan earnings thereon. A participant is vested in the Employer's contributions and related Plan earnings as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants employed upon obtaining age 65 are automatically vested in Employer contributions at 100%, regardless of service years.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are made for terms not to extend beyond five years unless the loan is used to acquire a principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Participants may only have one loan outstanding at any one time.

In April 2020, the Employer made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Note 1 - Description of the Plan (Continued)

Benefit payments

Upon termination of service, death, disability, or retirement, a participant may elect a distribution in the form of a lump-sum amount. In-service withdrawals are permitted when a participant reaches age 59-1/2 or in the event of immediate and heavy financial need.

If the value of the terminated participant's vested account balance (excluding rollover contributions) does not exceed \$5,000, the Employer is allowed to distribute the entire vested account balance out of the Plan. If the value of the participant's vested account balance is more than \$1,000 but less than \$5,000 and the participant does not consent to a lump-sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant at the direction of the Employer. If the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum distribution, roll the balance into another qualified retirement plan or an individual retirement account, or leave the vested balance in the Plan. Any taxable distribution paid by Prudential directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

In April 2020, the Employer made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Required minimum distributions during 2020 were also waived at the option of participants.

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant. The unvested amount is forfeited and maintained in the forfeiture account and may be used to pay Plan administrative expenses or to reduce future Employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$88,083 and \$188,987, respectively. During 2021 and 2020, forfeitures of \$286,960 and \$90,422, respectively, were applied to reduce Employer contributions. Also, in 2021, forfeitures of \$10,901 were used to pay Plan administrative expenses.

Plan termination

Although the Employer intends to maintain the Plan indefinitely, the Employer may terminate the Plan at any time in its sole discretion. If the Plan is terminated, all amounts credited to participants' accounts will become 100% vested.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Summary of Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Employer to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. and has determined that there are no other subsequent events to be disclosed.

Note 2 - Summary of Accounting Policies (Continued)

Reclassification

Certain amounts in the statement of changes in net assets available for benefits for the year ended December 31, 2020, have been reclassified to conform to the presentation of the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the years then ended, was obtained by the Employer and agreed to or derived from information certified as complete and accurate by Prudential.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to observable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Note 4 - Fair Value Measurements (Continued)

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage accounts – Valued based on the underlying investments. The self-directed brokerage accounts invest in common stocks, mutual funds, and interest bearing cash. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the fund. The common stocks and mutual funds held in the self-directed brokerage accounts are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 69,367,407	\$ 69,367,407
Self-directed brokerage accounts	<u>2,317,176</u>	<u>2,317,176</u>
Total	<u>\$ 71,684,583</u>	<u>\$ 71,684,583</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 60,656,682	\$ 60,656,682
Self-directed brokerage accounts	<u>1,728,899</u>	<u>1,728,899</u>
Total	<u>\$ 62,385,581</u>	<u>\$ 62,385,581</u>

Note 5 - Guaranteed Investment Contract with Prudential

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (the "Contract") with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Prudential and reviewed for resetting.

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Bray International, Inc. 401(k)
Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2021

Note 5 - Guaranteed Investment Contract with Prudential (Continued)

The Plan's ability to receive amounts due is dependent on Prudential's ability to meet its financial obligations. Prudential's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Prudential. However, no events are probable of occurring that limit the ability of the Plan to transact at contract value with Prudential and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Prudential to terminate the Contract with the Plan and settle at an amount different from contract value. The Employer believes that any such events allowing Prudential to terminate the Contract and settle at an amount different from contract value are not probable of occurring.

Note 6 - Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA which obtained its latest opinion letter on December 4, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended and restated since receiving the opinion letter, the Employer believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Employer to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Prudential. Prudential is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Prudential provides certain administrative services to the Plan pursuant to a Services Agreement between the Company and Prudential. Prudential received revenue from mutual fund service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan.

If the revenue received by Prudential from such mutual funds service providers exceeds the amount owed under the Services Agreement, Prudential remits the excess to the Plan's trust, net of administrative expenses. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Employer may make a payment to Prudential for administrative expenses not covered by the Services Agreement. Effective July 1, 2020, the Plan implemented a fee levelization whereby the revenue is received prior to Prudential's administrative expenses. Subsequently, these expenses were billed directly to Plan participants. For the years ended December 31, 2021 and 2020, Prudential's administrative expenses were \$81,133 and \$16,412, respectively.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Prohibited Transactions

During 2018, the Employer failed to remit to Prudential certain participant contributions totaling \$12,717 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to Prudential were due to administrative errors. The Employer intends to make contributions to the affected participants' accounts for potential lost income.
