Independent Auditors' Report

To the Board of Directors of the Plan Sponsor
Montgomery General Health Care System, Inc.
401(k) Profit Sharing Plan
Montgomery, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Montgomery General Health Care System, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Description of plan: The following description of the Montgomery General Health Care System, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan, established March 1, 2002, available to all employees of Montgomery General Health Care System, Inc. (Plan Sponsor), except for independent contractors and those employees whose employment is governed by the terms of a collective bargaining agreement, of the Plan Sponsor under which retirement benefits were the subject of good faith bargaining. During 2004, the Plan Sponsor entered into a collective bargaining agreement with United Steelworkers of America AFL-CIO-CLC Local Union #14310. The agreement permitted Plan Sponsor employees affiliated with this Union to participate in the Plan, effective May 1, 2004. Employees affiliated with the United Food and Commercial Workers AFL-CIO-CLC Local Union #400 are governed by the terms of a separate collective bargaining agreement, thus are excluded from participating in the Plan. Employees are eligible to participate in the Plan on the first day of the month following their hire date. The Plan was restated effective January 10, 2020, to adopt the Retirement Plan Services, LLC, Volume Submitter Profit Sharing Plan With CODA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Plan Sponsor, (iii) elective contributions made by the Plan Sponsor, (iv) discretionary contributions made by the Plan Sponsor and (v) rollovers from new participants from other qualified plans. The Plan has an automatic enrollment feature at 3% of participant's eligible compensation.

Each year, participants may contribute up to the maximum percentage allowable, not to exceed the statutory limits, of pretax annual compensation, as defined in the Plan. The Plan Sponsor contributes 50 percent of each participant's salary deferral, up to 4 percent of the participant's compensation. The Plan Sponsor can make additional elective and discretionary contributions to the Plan. The Plan Sponsor had previously suspended all employer contributions effective April 17, 2010. On September 1, 2016, the Plan Sponsor entered into a new collective bargaining agreement with the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC Local Union #12625. As part of this agreement, the Plan Sponsor provides a minimum employer contribution of 1% of eligible compensation. The agreement was renewed effective September 1, 2019 and expires August 31, 2022.

A participant must have attained the age of 21, and completed a year of service (1,000 hours) and be actively employed on the last day of the Plan year to share in the discretionary contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested upon their entry date.

Notes receivable from participants: Participants may borrow from the portion of their account attributed to elective deferrals, if there is a minimum vested balance of \$2,000 and a minimum loan of \$1,000 up to a maximum loan amount equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prevailing interest rates. Principal and interest are paid not less frequently than quarterly either by payroll withholding or paid directly to the Plan custodians.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: Upon retirement, death, disability or other termination of employment, as defined, participants or their spouses and/or beneficiaries will receive their account in a lump sum cash payment. If their account balances are less than \$1,000, the Plan Administrator may elect to distribute the account without consent. If their account balances are greater than \$1,000, the participant can elect to remain in the Plan or may elect early withdrawal.

Normal retirement is the later of the first day of the month coinciding with or following attainment of age 65.

Under the CARES Act, qualified participants of the Plan were able to receive coronavirus-related distributions up to \$100,000 through December 31, 2020, that were exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three year period. Additionally, the participant could repay the distribution over a three-year period without incurring any additional income tax burden. The Plan paid coronavirus-related distributions to qualified participants in the amount of \$126,584 during the year ended December 31, 2020. It is unknown as to whether or not any of these distributions will be repaid to the Plan.

Note 2. Significant Accounting Policies

Use of estimates: The preparation of these financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments in mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment in cash equivalent assets are valued at net realizable value which is equivalent to fair value. The Plan's investment in the fully benefit-responsive guaranteed investment contract is stated at contract value, which represents contributions made, less withdrawals and administrative expenses plus interest credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income derived from participant investments in available investment options is recorded net of investment expenses charged by each respective investment option. Plan participants should refer to the latest prospectus for investment options to see the ratio of expenses to average net assets and other investment information.

The Plan does not require collateral to secure investment instruments.

The general account investment contract is comprised of two fixed interest options. The PD Short-Term Fixed Account is credited with interest on a portfolio basis, whereby all deposits in the option receive the same crediting rate, regardless of initial date of deposit. The PD Fixed Account Plus account is credited with interest periodically, but not less than annually. VALIC declares a "current" interest rate at the beginning of each month applicable to contributions received during that month. The current rate declared is guaranteed until the end of that calendar year for contributions received that month. VALIC intends to continue to credit interest at that same rate for such contributions for an additional calendar year. At the beginning of the third calendar year, such contributions will earn interest at a new declared pool rate. This rate is established January 1 of each calendar year and guaranteed for that entire calendar year. The contractually guaranteed minimum interest rate is applicable for the lifetime of the contract. The VALIC fixed account options are supported by the VALIC general account and offer

MONTGOMERY GENERAL HEALTH CARE SYSTEM, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

crediting interest rates specified in advance of participant investment. For the years ended December 31, 2021 and 2020, those rates are as follows:

2021

Fixed Account	Crediting Rate - New Deposit	Crediting Rate - Pool Deposits	Minimum Guaranteed Rate
PD Fixed Account Plus	1.20-1.30%	2.50% (before 2009) 2.00% (after 2009)	2.50% (before 2009) 2.00% (after 12/1/03)
PD Short-Term Fixed	3.00%	N/A	3.00% (before 12/1/03) 2.00% (after 12/1/03)

2020

Fixed Account	Crediting Rate - New Deposit	Crediting Rate - Pool Deposits	Minimum Guaranteed Rate
PD Fixed Account Plus	1.30-1.65%	2.50% (before 2009) 2.00% (after 2009)	2.50% (before 2009) 2.00% (after 12/1/03)
PD Short-Term Fixed	3.00%	N/A	3.00% (before 12/1/03) 2.00% (after 12/1/03)

The PD Fixed Account Plus fair value is determined by projecting the cash flow assuming the rates in effect on December 31, 2021 and 2020, continue to apply in accordance with standard policy. This policy guarantees the rate through the end of the calendar year of deposit, and intends to continue these rates for a second calendar year before they are added to the pool. The PD Short-Term Fixed Accounts' fair values are equal to the contract value because there was no surrender charges/restrictions on the assets invested in the PD Short-Term Fixed Accounts.

Payment of benefits: Benefit payments are recorded when paid.

Significant New Authoritative Accounting Guidance: On October 29, 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-10, Codification Improvements, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date.

On June 30, 2022, the FASB issued ASU 2022-03, *Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*. The amendments of this Update clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. This ASU is effective for public business entities for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2023. Early adoption is permitted. For all other entities, it is effective for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2024. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance.

NOTES TO FINANCIAL STATEMENTS

Management has concluded that the adoption of these new accounting and financial reporting standards will not have a material impact on the Plan's financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

Note 3. Income Tax Status

Effective January 10, 2020, the Plan adopted the Retirement Plan Services, LLC, Volume Submitter Profit Sharing Plan With CODA. The volume submitter plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the receipt of the aforementioned determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5. Information Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, the custodians of the Plan have certified to the completeness and accuracy of all investments including notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i) - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reported in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

Note 6. Fair Value Measurement

ASC Topic 820 *Fair Value Measurements and Disclosures* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

MONTGOMERY GENERAL HEALTH CARE SYSTEM, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded. Mutual funds are classified within level 1 of the fair value hierarchy.

Cash equivalent assets: Cash equivalent assets are highly liquid instruments having original maturities of less than 90 days and are valued at net realizable value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021					
	Level 1	Level 2	Level 3	Funds at NAV (1)	Total
Mutual funds	\$ 6,476,637	\$ -	\$ -	\$ -	\$ 6,476,637
Cash equivalent assets	488	-	-	-	488
Total assets at fair value	\$ 6,477,125	\$ -	\$ -	\$ -	\$ 6,477,125
Assets at Fair Value as of December 31, 2020					
	Level 1	Level 2	Level 3	Funds at NAV (1)	Total
Mutual funds	\$ 5,814,404	\$ -	\$ -	\$ -	\$ 5,814,404
Cash equivalent assets	577	-	-	-	577
Total assets at fair value	\$ 5,814,981	\$ -	\$ -	\$ -	\$ 5,814,981

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified with in the fair value hierarchy. The fair value amounts permit reconciliation in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

Note 7. Contract with Insurance Company

The Plan has had a fixed and variable annuity contract (the "Annuity") with VALIC. The contract included Separate Account A (the "Separate Account"). The sole asset of the Separate Account is a unit investment trust. The unit investment trust is an investment company registered under the Investment Company Act of 1940. Prior to January 10, 2020, participants in the Plan could direct the investment of their account balances into the Separate Account and among a menu of investment funds within the unit investment trust held by the Separate Account which includes various mutual funds. Participants could also direct their investments into various fixed interest investment contracts of VALIC, which are the only investment options under this contract as of December 31, 2021. Upon retirement, a participant could purchase an annuity contract from VALIC. Purchased annuities are contracts under which VALIC is obligated to pay benefits to named participants or their beneficiaries. The premium rates for such

NOTES TO FINANCIAL STATEMENTS

annuities to be purchased in the future and maximum administration expense charges against the Plan are determined when the annuities are purchased. No annuities were purchased by VALIC for Plan participants in 2021 and 2020.

Note 8. Parties-In-Interest and Related Party Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During 2021 and 2020, transactions with parties-in-interest primarily included administrative expenses related to invested assets, which are recorded against net asset values of each investment fund and mutual fund administrative expenses of \$62,531 and \$74,129, respectively. Investment contracts owned by the Plan are issued or sponsored by parties considered to be a party-in-interest to the Plan.

All other Plan administrative expenses for the years ended December 31, 2021 and 2020, including fees incurred for professional services related to participant record-keeping and the Plan audit, were paid by the Plan Sponsor and not charged to the Plan.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, continues to adversely affect global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
