Independent Auditor's Report

To the Plan Administrator
403(b) Thrift Plan for Employees of Community Health Resources, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of 403(b) Thrift Plan for Employees of Community Health Resources, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of the 403(b) Thrift Plan for Employees of Community Health Resources, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution retirement plan established under Internal Revenue Code (the "Code") Section 403(b) covering all eligible employees of Community Health Resources, Inc. and its affiliated employers (collectively, referred to as the "Company"). Eligible employees may begin to make salary deferral contributions to the Plan immediately following their date of hire. Nonresident aliens and employees who are eligible to make salary reduction contributions to another qualified plan, as defined, are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions

Each year, participants make salary deferral contributions to the Plan equal to a percentage of their pre-tax annual compensation, as defined in the Plan, up to the Code limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has also elected to allow participants to make additional Special Section 403(b) Catch-Up Contributions provided they have completed at least 15 years of service, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and an interest accumulation account as investment options for participants.

The Company made contributions to the Plan for all nonunion employees equal to 3% of eligible compensation, as defined. The Company also made contributions to the Plan for all union employees equal to 5% of eligible compensation, as defined. Eligible employees must be at least 21 years old, have completed one year of service (with a minimum of 1,000 hours) and be actively employed on the last day of the Plan year to receive any employer contributions. Fee-for-service clinicians, per-diem staff and certain union employees, as defined by the Plan, are ineligible for this contribution.

The Plan also contains a provision for discretionary employer matching contributions and discretionary employer nonelective contributions. Fee-for-service staff, per-diem staff and union employees, as defined by the Plan, are ineligible to receive any discretionary employer contributions. Eligible participants must be at least 21 years old, have completed one year of service (with a minimum of 1,000 hours) and be actively employed on the last day of the Plan year to receive any discretionary employer contributions. For the year ended December 31, 2021, the Board of Directors elected to make a discretionary nonelective contribution to the Plan equal to a percentage of eligible compensation as determined by each participant's classification within the various groups defined by the Plan. There were no discretionary employer matching contributions made to the Plan for the year ended December 31, 2021. Contributions are subject to certain

Community Health Resources, Inc.**

Internal Revenue Service ("IRS") limitations. Participants direct the investment of all Company contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and any discretionary matching contributions, as well as an allocation of any employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral and any rollover contributions plus actual earnings thereon. In the event of termination due to death, disability or normal retirement, participants shall become 100% vested in the Company's employer contribution portions of their account. For all other participants, vesting in the Company's employer contribution portions of their account is based on credited years of service, as defined in the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	67%
5 or more	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant with an account balance of \$1,000 or less will receive a lump-sum amount equal to the value of the participant's interest in his or her account. For terminated participants with account balances greater than \$1,000, they may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, select one of the annuities offered by the Plan or defer payments of benefits until a later date. For termination of service for other reasons, a participant may receive the value of the interest of his or her account as a lump-sum distribution.

Withdrawals from the vested portion of a participant's account may also be made in the event of termination of employment, upon reaching age 59½ and for a financial hardship, in accordance with the provisions specified in the Plan.

Forfeited accounts

At December 31, 2021 and 2020, the forfeited nonvested account balances were \$16,048 and \$48,396, respectively. Forfeited amounts will be applied in the following order. First, to pay any charge made in connection with the termination of employment of any participant whose termination resulted in the forfeiture and, any other charges which are past due. Second, if the employer so elects, to restore the forfeited portion of the accounts of reemployed participants in accordance with the Plan. Third, to pay reasonable Plan expenses as determined by the employer, and fourth, to

reduce future employer contributions. For the year ended December 31, 2021, forfeited nonvested accounts of \$225,448 were used to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes dividends and the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Account maintenance fees are charged directly to participant accounts invested in certain investment options offered by the Plan. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest accumulation account: Valued based on the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. This account is deemed not fully benefit-responsive.

Pooled separate accounts: Valued using the accumulation unit value, which is based on the fair value of the underlying assets of the accounts. The accumulation unit value is deemed equivalent to net asset value ("NAV"), which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

**403(b) Thrift Plan for Employees of
Community Health Resources, Inc.**

**Notes to Financial Statements
December 31, 2021**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured in the fair value hierarchy				
Interest accumulation account	\$ -	\$ -	\$ 5,272,636	\$ 5,272,636
Investments measured at NAV (a)				33,680,896
Total investments, at fair value				\$ 38,953,532

	Assets at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments measured in the fair value hierarchy				
Interest accumulation account	\$ -	\$ -	\$ 5,221,895	\$ 5,221,895
Investments measured at NAV (a)				27,742,307
Total investments, at fair value				\$ 32,964,202

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ 33,680,896	None	Daily	30 days

December 31, 2020				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period

**403(b) Thrift Plan for Employees of
Community Health Resources, Inc.**

**Notes to Financial Statements
December 31, 2021**

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair value at December 31, 2021	Valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Interest accumulation account	<u>\$ 5,272,636</u>	Discounted cash flow	Current yields of similar instruments	1.00%	1.00%
Instrument	Fair value at December 31, 2020	Valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Interest accumulation account	<u>\$ 5,221,895</u>	Discounted cash flow	Current yields of similar instruments	1.25% - 1.35%	1.28%

Note 4 - Investment contract with insurance company

The Plan has entered into a partially benefit-responsive investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Mutual of America.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. As of December 31, 2021 and 2020, the crediting rates were 1.00% and 1.25%, respectively. The account was credited with a weighted average interest rate of 1.00% for the year ended December 31, 2021. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Although management has no intentions of terminating the group annuity contract which provides for the partially benefit-responsive investment contract and the pooled separate accounts in which the Plan invests, certain provisions could impact the liquidity and the value of the contract upon termination.

Note 5 - Plan loans

Participants are allowed to borrow from Mutual of America an amount up to 50% of the salary deferral contribution portion of their account balance in the form of a Plan loan. Plan loans are issued directly from funds owned by Mutual of America and not directly from a participant's account within the Plan. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 120% of the outstanding loan in case of default. The collateral is held in a general fund held by Mutual of America. As of December 31, 2021 and 2020, the total outstanding Plan loans collateralized by individual participant accounts were \$291,357 and \$293,694, respectively, of which \$7,262 and \$16,251, respectively, were in default.

Note 6 - Related party transactions and party-in-interest transactions

Plan investments include units of pooled separate accounts and an interest accumulation account managed by Mutual of America. Mutual of America is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Expenses paid by the Plan directly to the custodian for administrative expenses amount to \$8,891 for the year ended December 31, 2021. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans from Mutual of America using the vested interest in their accounts as collateral, which are also considered party-in-interest transactions.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The Plan has been designed to qualify under Section 403(b) of the Code. The provisions of the Plan have been developed using an individually designed (non-prototype) 403(b) plan document designed by Mutual of America. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Although the Plan has never received an IRS determination letter, the IRS has not established a determination letter program for individually designed 403(b) plans at the present time. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, the Plan is deemed to be qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 10 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the year ended December 31, 2021, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of American Life Insurance Company, the custodian of the Plan.
