Independent Auditor's Report

To the Administrative Committee of
the DraftKings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of DraftKings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DraftKings 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2420.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of DraftKings 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt that DraftKings 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risk. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DraftKings 401(k) Plan's control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about DraftKings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of DraftKings 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DraftKings 401(k) Plan

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 1 - Description of Plan:

The following brief description of the DraftKings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which was adopted by DraftKings, Inc. (the "Company") effective January 1, 2015, and amended from time to time thereafter, is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan covers substantially all full-time and part-time non-union employees who are not leased employees or nonresident aliens, and who have attained the age of 21.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and did not result in material changes to plan administration and recordkeeping.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that included numerous employee benefit plan provisions to assist plan sponsors and participants which include special coronavirus distributions of up to \$100,000 and the suspension of required minimum distributions during the 2020 plan year. The CARES Act also increased the limit on the amount which a qualified participant may borrow from their account, during the period from March 27, 2020 to September 22, 2020, to the lesser of \$100,000 (minus existing outstanding loans), or the participants vested balance in the Plan.

(b) Contributions

Participants may elect to defer an amount equal to a dollar amount or percentage of their compensation, as defined in the Plan, in the form of either pre-tax deferrals and/or post tax Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market account as investment options for participants.

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 1 - Description of Plan (continued):

(b) Contributions (continued)

The Company may match eligible employee contributions using a discretionary formula. For the years ended December 31, 2021 and 2020, the Company matched 50% on the first 6% of the employee's eligible wages. Additional profit-sharing amounts may be contributed at the option of the Company. For the years ended December 31, 2021 and 2020, the Company elected not to make a profit sharing contribution. Generally, participants must be employed on the last day of the plan year to receive match and profit-sharing contributions. Contributions are subject to certain limitations.

The maximum allowable calendar-year pre-tax, post-tax, voluntary contribution, as determined by the Internal Revenue Service, was \$19,500 during the years ended December 31, 2021 and 2020, in addition to a maximum allowable catch-up contribution of up to \$6,500 for each year.

(c) Automatic Contribution Arrangement and Eligible Automatic Contribution Arrangement

Employees who meet the eligibility requirements and who fail to elect to opt out of making elective deferrals will automatically have 3% of their compensation withheld by the Company and contributed to the Plan as an elective deferral. These deferrals will be automatically increased 1% each year up to a maximum of 20%, unless the employee elects otherwise.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in employer matching contributions and profit-sharing contributions. Participant accounts become fully vested upon death, disability, attainment of normal retirement age, or upon termination of the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. This amount was temporarily increased under the CARES Act (see section (a) of this Note). A participant may not have more than two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date the loan was made plus 1.00%. Principal and interest are paid ratably through regular payroll deductions.

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 1 - Description of Plan (continued):

(g) Payment of Benefits

In-service withdrawals may be made from a participant's employee contributions account based on financial hardship or upon reaching age 59½. On termination of service due to death, disability, or retirement, a participant, or his/her beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited Accounts

At December 31, 2021 and 2020 forfeited non-vested amounts totaled \$5,957 and \$7,230, respectively. These accounts may be used to pay administrative expenses of the Plan and reduce future employer contributions. During 2021 and 2020, \$1,923 and \$0 were used to reduce administrative expenses or employer contributions, respectively.

Note 2 - Summary of Significant Accounting Policies:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Years Ended December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (continued):

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as a deemed distribution on the statements of changes in net assets available for benefits.

(e) Payment of Benefits

Benefit payments to participants are recorded when paid.

(f) Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

(g) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(h) Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 3 – Information Prepared and Certified by the Plan's Trustee (Unaudited):

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the years ended December 31, 2021 and 2020, and was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's trustee, Ascensus Trust Company.

Note 4 - Investments:

During 2021 and 2020 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$7,316,234 and \$6,110,836, respectively.

Note 5 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Total assets at fair value	<u>\$ 41,933,314</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 41,933,314</u>

Note 6 - Related Party Transactions:

Certain Plan investments are shares of mutual funds advised by The Vanguard Group, Inc. ("Vanguard"). Vanguard is also the record keeper of the Plan and therefore transactions with Vanguard qualify as part-in-interest transactions. The Plan participants paid administrative fees of \$25,151 and \$22,190 to Vanguard during the years ended December 31, 2021 and 2020, respectively.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

DraftKings 401(k) Plan

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 8 - Tax Status:

The Plan is based on a "prototype" plan drafted by Ascensus, Inc. The prototype received an Internal Revenue Service ("IRS") "prototype" letter on March 31, 2014. The letter states the prototype plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the "prototype" letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9- Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Prohibited Transactions:

During the year ended December 31, 2021, the plan sponsor failed to remit to the Plan's trustee, contributions totaling \$502,037 within the period prescribed by Department of Labor regulations. The delay in remitting the contributions to the trustee was due to an administrative errors during the year. The Company made the lost earnings contributions for the corrected late remittances to the affected participants' accounts in 2021 and will make the remaining lost earnings contributions for the uncorrected late remittances to the affected participants' accounts in 2022.

During the year ended December 31, 2020, the plan sponsor failed to remit to the Plan's trustee, contributions totaling \$1,125 within the period prescribed by Department of Labor regulations. The delay in remitting the contributions to the trustee was due to an administrative error during the year. The Company made the lost earnings contributions for the late remittances to the affected participants' accounts in 2021.
