Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Bohlsen Restaurant Group 401(K) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's

406 Deer Park Avenue :: Babylon, NY 11702-2314
www.lauferllp.com :: tel: (631) 226-9600 :: fax: (631) 226-5151

Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2021, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated January 18, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following brief description of the Bohlsen Restaurant Group 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Background – Bohlsen Restaurant Group (the "Sponsor") established the Plan effective January 1, 1997. The Plan is a 401(K) defined contribution plan covering all eligible employees of the Sponsor who have attained the age of 18 and completed minimum service requirements, as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may contribute pre-tax compensation, as defined in the Plan, subject to the Internal Revenue Service limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of the contributions into various investment options offered by the Plan.

The Sponsor contributes a matching contribution of 25% of each participant's deferral up to 6% of compensation. The Sponsor may also contribute a discretionary profit sharing contribution to participants employed at year end. There were no profit sharing contributions made for the years ended December 31, 2021 and 2020.

Vesting – Participants are immediately vested in their contributions and matching contributions plus actual earnings, thereon. Vesting in the Sponsor's discretionary profit sharing contributions and related earnings is based on vested levels over six years of continuous service.

Participant Accounts – All assets in the Plan are participant directed. Accounts are segregated for the purpose of investment gain or loss allocations. Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions, and an allocation of the Sponsor's profit sharing contribution (if any). Expenses are allocated to participant accounts by any reasonable means determined by Plan management including allocations based on employment status or a per capita or pro rata method, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – A participant may borrow up to 50% of his or her vested account balance, subject to a maximum of $50,000 and a minimum of $1,000. The loans are secured by the participant's account and bear annual interest at rates that range from 5.50% to 8.52%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits – If a participant terminates employment with the Sponsor for any reason other than death, the participant can elect to receive a distribution or roll over the balance into another qualified retirement plan. Upon retirement, all distributions are made in the form of a lump-sum payment. Participants are required to begin distributions when the age of 72 is attained. In the case of the death of a participant, the beneficiary designated by the participant shall be paid the deceased employee's vested account balance immediately, or in payments for up to five years from the anniversary of the date of death. If the beneficiary is the participant's spouse, payment of benefits may be deferred until they reach the age 72.

Forfeitures – Participants who separate or withdraw from the Plan will forfeit any amounts not vested with respect to discretionary profit-sharing contributions. Forfeitures are first used to restore forfeitures to participant accounts, reduce matching contributions or pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments (except for fully benefit-responsive investment contracts which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net appreciation and depreciation in fair value of investments includes any realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded at the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Forfeiture Credits – As employees leave the Sponsor, their non-vested participant accounts are transferred to a separate cash account. Forfeitures can be used to reduce matching contributions or pay Plan expenses. At December 31, 2021 and 2020, there were no amounts held in the forfeiture account.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Certain expenses of maintaining the Plan are paid directly by the Sponsor and are, therefore, excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. Investments

The Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurement, established a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,535,572	$ -	$ -	$ 1,535,572
Collective Investment Trust	-	-	3,529	3,529
Total Investments at Fair Value	$ 1,535,572	$ -	$ 3,529	$ 1,539,101

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,237,218	$ -	$ -	$ 1,237,218
Collective Investment Trust	-	-	4,285	4,285
Total Investments at Fair Value	$ 1,237,218	$ -	$ 4,285	$ 1,241,503

4. Collective Investment Trust

The Plan invests in units of MetLife Series 25053 Class 0 (the "Fund") of the Reliance Trust Company Stable Value Fund Collective Investment Trust (the "Trust"). The Fund's sole investment currently is Group Annuity Contract 25053 (the "Contract") issued by Metropolitan Life Insurance Company ("MetLife"). The Plan does not invest directly in the Contract. Reliance Trust Company (the "Trustee") is the sole contract holder of the Contract.

The "Plan Contract Value" represents the Plan's contributions to the Fund, plus interest at a fixed periodic rate set by MetLife, less withdrawals (calculated at Contract Value), and less expenses of the Fund allocated to your Plan, other than fees and expenses that MetLife has taken into account in determining the fixed periodic interest rate, such as the Trustee's fees, MetLife's contract charges and fees and expenses that your Plan authorizes and directs the Trustee to pay to providers of services to the Plan. The Fund's "Contract Value" is calculated for the entire Fund and represents the sum of the Plan Contract Values for all Participating Plans.

The Fund will pay withdrawals, initiated by your Plan's participants under the terms of your Plan, up to the full amount of your Plan Contract Value, subject to the terms contained in the Contract and the Trust Agreement.

Contributions to the Fund are invested in one or more MetLife separate accounts (the "Separate Accounts"). The Separate Accounts are reduced by all withdrawals from the Fund and all expenses of the Fund, including the Trustee's fees, MetLife's Contract charges, and fees and expenses that Participating Plans authorize and direct the Trustee to pay to providers of services to the Plans. The Separate Accounts will be adjusted for earnings and losses on the investments of the Separate Accounts. The Separate Accounts selected to fund the Contract as of October 1, 2009. The Trustee reserves the right to change the investment of the Fund's assets, including without limitation, re-allocating assets among the Separate Accounts or investing the assets in investments other than the Separate Accounts. The Trustee is not required to provide advance notice to Participating Plans of any such change, but will provide or make available a description of the new investment allocation within 90 days after such change becomes effective.

The Fund's "Market Value" at any point in time equals the market value of the Fund's interest in the Separate Accounts at that time. Your Plan's share of the Fund's Market Value is referred to as "Plan Market Value" and equals the Fund's Market Value times the ratio of your Plan Contract Value to the Fund's Contract Value. At any point in time, the Fund's Market Value may be greater or less than the Fund's Contract Value.

5. Related Party and Party-in-Interest Transactions

Certain services are rendered to the Plan by the Employer at no cost to the Plan. Certain costs such as recordkeeping and advisory are paid indirectly by revenue sharing payments from mutual fund companies to the recordkeeper. The charges for such services are included in net change in the fair value of mutual funds. Fees paid by the Plan for investment management services, recordkeeping and other Plan expenses amounted to $14,564 for the year ended December 31, 2021.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available For Benefits.

7. Information Prepared and Certified By the Custodians

Plan management has obtained certifications from Matrix Trust Company as of December 31, 2021 and for the period of January 1, 2021 through December 31, 2021, that the information provided to Plan management by the custodians is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians, TD Ameritrade and Matrix Trust Company. All investments are participant-directed:

	2021	2020
Investments	$ 1,539,101	$ 1,241,503
Net Investment Income	203,757	164,974

8. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. Accordingly, in the event of Plan termination, participants would become 100 percent vested in their Sponsor contributions.

9. Tax Status

The Plan terms have been drafted in reliance on sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its tax exempt status. The Plan Administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes there are no such positions, and therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for the years 2020, 2019 and 2018.

10. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2022, the date the financial statements were available for issuance.
