Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Coastal Precast Systems, LLC Employees 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of the Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Coastal Precast Systems, LLC Employees 401(k) Plan & Trust

Notes to Financial Statements

1. Plan Description

The following description of the Coastal Precast Systems, LLC Employees 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Document available from the plan administrator for a more complete description of the Plan's provisions.

General

The Plan, which was established on July 1, 1995, is a defined contribution plan covering substantially all employees of a controlled group of companies. The controlled group consists of Coastal Precast Systems, LLC, Coastal Constructors, LLC, and Coastal Specialized Hauling, LLC (collectively, "the Employer"). An employee is eligible for participation in the Plan upon completion of one year of service and attainment of age 21. Plan entry occurs on the first day of the quarter immediately following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Plan was amended to incorporate the company Coastal Specialized Hauling, LLC into the Plan as a participating employer.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer, at its discretion, may match employee contributions made during the plan year in an amount determined by the Employer, expressed as a percentage of participant compensation. All eligible participants share in the allocation of matching contributions regardless of service completed during the plan year or employment status at the end of the plan year, as defined by the Plan. Contributions are subject to certain regulatory limitations.

For the years ended December 31, 2021 and 2020, Plan management approved a matching contribution of \$0.25 per \$1.00 deferred up to 4% eligible compensation for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of (a) the Employer's contributions, (b) plan earnings, and (c) third party administrator expenses. Allocations are based on participant earnings, account balances, or specific participant requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions, and Employer contributions made on their behalf, into various investment options offered by the Plan.

Coastal Precast Systems, LLC Employees 401(k) Plan & Trust

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who retire, die or become totally and permanently disabled are entitled to the full amount in their account. Participants who terminate employment prior to becoming 100% vested are entitled to a percentage of the Employer match depending on their years of service. A participant will be vested 20% per year beginning after two years of service and is therefore 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Each participant is permitted to have a maximum of one loan outstanding at any time and loans are permitted to be refinanced. The notes receivable are secured by the balance in the participant's account and earn interest at a rate of prime plus one percent. Loans for reasons other than the purchases of a primary residence are to be repaid within five years. Principal and interest are ratably paid through payroll deductions. Notes receivable from participants become due immediately upon termination of the participant's employment. Interest rates ranged from 4.25% to 5.75% during the year ended December 31, 2021. Interest rates ranged from 4.25% to 6.50% during the year ended December 31, 2020.

Payment of Benefits

Upon the termination of service, retirement (age 65), death, disability, or the attainment of age 59 ½, a participant or their beneficiary is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum payment or installments for required minimum distributions under Code Section 401(a)(9). Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Vested account balances below \$5,000 may be automatically paid to participants at the discretion of the Employer. Distributions are subject to the applicable provisions of the Plan Document.

Forfeitures

At December 31, 2021 and 2020, unallocated forfeitures were \$4,080 and \$3,593, respectively. These accounts may be used to pay administrative expenses or to reduce any Employer discretionary matching contributions. Forfeitures totaling \$201 and \$150 were used to offset administrative expense during 2021 and 2020.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits. Administrative expenses of \$16,666 and \$14,124 were charged to the Plan for account maintenance and participant requested transactions for the years ended December 31, 2021 and 2020, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and John Hancock Life Insurance Company (John Hancock). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid accrued interest. A participant's loan shall be considered in default if any scheduled repayment remains unpaid as of the end of the calendar quarter following the calendar quarter in which the missed payment was due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. For the years ended December 31, 2021 there were no deemed distributions. For the year ended December 31, 2020 deemed distributions totaled \$11,477.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, the date which the accompanying financial statements were available to be issued.

Coastal Precast Systems, LLC Employees 401(k) Plan & Trust

Notes to Financial Statements

Effective January 1, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document, which received an opinion letter from the Internal Review Service (IRS) dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the Internal Review Code (IRC).

3. Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active market for identical assets or liabilities (Level 1) and the lowest priority to measure involving significant unobservable inputs (Level 3). The three levels of the fair value measures are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which a fair measurement falls is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: The Plan's investments in pooled separate accounts are measured at fair value as of December 31, 2021 and 2020 on a recurring basis, valued at the net asset value (NAV) of shares held by the plan at year end. The NAV, as determined by John Hancock, is used as a practical expedient to measure fair value. In accordance with Subtopic 820-10 and ASU 2015-07, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. All the Plan's assets reported at fair value are measured using the NAV per share as a practical expedient. Therefore, the fair value hierarchy has not been presented in the notes to these financial statements.

Coastal Precast Systems, LLC Employees 401(k) Plan & Trust

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth additional disclosures of the Plan's investments whose fair value is measured using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

<i>December 31,</i>	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Pooled separate accounts	\$3,541,472	\$2,832,283	\$ -	Daily	None

4. Information Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Party-in-Interest and Related Party Transactions

Certain plan investments are funds managed by John Hancock; therefore, these transactions qualify as exempt party-in-interest transactions. Investment management fees were paid to John Hancock in the form of a reduction of net appreciation in the fair value of investments earned by participants. These services amounted to \$2,193 and \$1,728 for the years ended December 31, 2021 and 2020, respectively. Additionally, the Company provides certain recordkeeping services at no cost to the Plan which are also considered to be exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Coastal Precast Systems, LLC Employees 401(k) Plan & Trust

Notes to Financial Statements

Administrator Companies is the third-party administrator for the Plan. Transactions with this organization are considered to be exempt party-in-interest transactions and fees were allocated to participant's accounts. These services and other administrative services amounted to \$14,473 and \$12,396 for the years ended December 31, 2021 and 2020, respectively.

6. Tax Status

The Plan Document is a volume submitted document that has an opinion letter dated March 31, 2014, from the IRS stating that the Plan prototype is designed in accordance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As such, the plan is not subject to income taxes; however, it is required to file tax returns.

In accordance with Accounting Standards Codification (ASC) 740, *Income Taxes*, accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Employer contribution accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2021, and 2020, the Plan held three investments comprising 52% and four investments comprising of 66% of total net assets available for benefits, respectively.
