INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Cooley Incorporated Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Cooley Incorporated Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Cooley Incorporated Savings Plan:

We were engaged to audit the accompanying Statement of Net Assets Available for Plan Benefits of the Cooley Incorporated Savings Plan (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Cooley Incorporated Savings Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan established on October 1, 1983 covering substantially all employees of Cooley, Incorporated (the Employer or Plan Administrator). Employees of the Employer who have completed one month of service and have attained the age of 18 are eligible to become participants of the Plan on that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Retirement Committee, consisting of certain officers and members of the Employer's Board of Directors, administers the Plan on behalf of the Employer. As administrator, the committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) is the appointed trustee of the Plan, and acts at the direction of the Plan Administrator.

Contributions

Participants may elect to contribute any percentage of their eligible pretax compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Employer may contribute a discretionary matching contribution based on deferral contributions made during each plan year. For the year ended December 31, 2021, the Employer elected to contribute 50% of the first 4% of participants' eligible compensation deferred into the Plan. The Employer may also make additional discretionary contributions to the Plan as determined by the Employer's Board of Directors. These contributions will be allocated based on a calculation factoring individual Plan participants' compensation in proportion to total compensation of all Plan participants. There were no additional discretionary contributions made to the Plan during the year ended December 31, 2021.

Plan participants are automatically enrolled into the Plan with their deferral rate set at 4% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. Upon enrollment in the Plan, a participant may direct contributions among various investment vehicles that invest in a variety of equity securities and mutual funds with varying investment goals and risks.

**COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contribution, and their allocation of the Plan's earnings. The allocation of earnings and losses is performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are 10% vested upon completion of one year of service, 20% upon completion of two years of service, and 100% upon completion of three years of service. Each participant shall be 100% vested in their Employer account upon death, disability, attainment of early retirement age (55) coupled with completion of three years of service, or attainment of normal retirement age (65).

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Note terms range from 1 to 5 years, or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant with a vested benefit exceeding \$5,000 (excluding rollovers) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period of not more than the assumed life expectancy of the participant. For termination of service for other reasons or a lesser vested benefit, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for mandatory distributions for participants upon reaching age 70½. If the participant's vested balance is less than \$1,000, the participant will receive an immediate cash-out of their vested account balance. If a participant's vested balance exceeds \$1,000 but is less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the Plan Administrator.

**COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Early Withdrawals

Participants may request a financial hardship withdrawal from their participant deferral accounts.

Participants who have attained age 59½ may elect to withdraw all or a portion of their vested account while still employed.

Forfeitures

Participants in the Plan who leave the employment of the Employer before completing three years of service forfeit the non-vested portion of their accounts. At December 31, 2021 and 2020, forfeitures available amounted to \$20,088 and \$5,097, respectively. Forfeitures are retained in the Plan and may be used to pay administrative expenses of the Plan or to reduce Employer contributions. During 2021, no forfeitures were used by the Employer.

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan, or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participant deferral and Employer matching contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary contributions are made at the end of each year, if applicable.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3). The Plan invests in the Fidelity Advisor Stable Value Fund (FASVF), which is a common collective trust fund.

COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

The Plan's interest in the FASVF is valued at the net asset value (NAV) practical expedient of the underlying investments reported by the issuer of the common collective trust at year end. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the trustee's non-performance of its fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Management has evaluated subsequent events through October 17, 2022, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

COOLEY INCORPORATED SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms.

Common Collective Trust Fund: The Plan invests in the Fidelity Advisor Stable Value Fund, an investment vehicle that invests in benefit-responsive investment contracts, fixed income securities and money market funds. It is valued at NAV of units held by the Plan. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan, however, there is up to a 12-month redemption for this investment at the Plan level.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2021 and 2020, the Plan's investments in money market and mutual funds are reported at level 1 within the fair value hierarchy.

	2021	2020
Level 1:		
Money market fund	\$ 30	\$ 30
Mutual funds	19,209,308	17,538,950
Investment measured at NAV(a)	<u>1,541,595</u>	<u>1,571,800</u>
Investments at fair value	<u>\$ 20,750,933</u>	<u>\$ 19,110,780</u>

- (a) In accordance with Subtopic 820-10, the common collective trust fund that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

4. Income Tax Status

The Plan has been designed using a volume submitter plan document designed by Fidelity Management & Research Co. (Fidelity Management). Fidelity Management received a determination letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Information Certified by the Trustee

The following is a summary of financial information and data certified by Fidelity, the trustee:

Statements of Net Assets Available for Plan Benefits at December 31, 2021 and 2020, except for contributions receivable, and excess contributions payable, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021; and

Investment information included in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2021.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500 and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are held and managed by Fidelity. Fidelity is also the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Fidelity for administrative services of \$35,056 for the year ended December 31, 2021. The Plan also made payments of \$22,000 to its independent investment advisor during 2021. Participant notes receivable also qualify as party-in-interest transactions.
