NOTES TO THE FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Qualico Steel Company (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 15 percent of pretax annual compensation, as defined in the Plan. The employer may contribute and allocate to each eligible participant’s account a percentage of the participant’s elective deferral. The employer shall set such percentage prior to the end of the plan year. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants’ non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account. The interest rate is generally based on the Prime Rate published by the Wall Street Journal plus a predetermined percentage. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant will receive the value of the participant’s vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts. Forfeited accounts at December 31, 2020 and 2021 had been reallocated to participants in the same manner as employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Any expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative fees and charged directly to the participant's account.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a loan is in default, the entire outstanding loan balance plus accrued but unpaid interest shall be deemed distributed and will be reported as a taxable distribution. Even in the event of a default, the loan must be repaid. Interest continues to accrue on the outstanding loan balance from the date of default until the entire outstanding loan balance, plus all accrued interest thereon, is repaid in full or until the participant experiences an event allowing the plan to offset the outstanding loan amounts against the participant's account balance, whichever comes first. Such events include the attainment of age 59 ½ (if applicable), severance of employment, and death of the participant.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used when

QUALICO STEEL COMPANY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, certain corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded, when available.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and December 31, 2020:

NOTE G – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Regions Morgan Keegan Trust. Regions Morgan Keegan Trust is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$10,647 (\$5,340 paid to The Vanguard Group) for the year ended December 31, 2021. Additionally, accountant fees of the Plan for the annual DOL limited scope audit amounted to \$14,000 for the year ended December 31, 2020. This fee was paid directly by Qualico Steel Co., Inc. in 2021. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE I – TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated March 31, 2008 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTES TO THE FINANCIAL STATEMENTS

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Subsequent events were evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Recently, the United States of America has encountered a COVID-19 (coronavirus) pandemic, which is adversely affecting the nation. On March 13, 2020, the President of the United States of America declared a state of emergency in response to the COVID-19 (coronavirus) pandemic. Subsequently, on the same day, the Governor of the State of Alabama declared an emergency. The Plan anticipates that its financial standing may be adversely impacted by this pandemic; however, the duration and severity of its effects are indeterminable at this time.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

The CARES Act is an approximately \$2 trillion emergency economic stimulus package in response to the coronavirus pandemic, which, among other things, contains numerous tax, emergency funding, and other provisions that affect certain retirement plan provisions. The plan continues to evaluate the impact of the CARES Act on its plan provisions, operations, and cash flows.
