PLAN ADMINISTRATOR
ZIMMER GUNSUL FRASCA ARCHITECTS LLP 401(k) SAVINGS PLAN
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of **ZIMMER GUNSUL FRASCA ARCHITECTS LLP 401(k) SAVINGS PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 Financial Statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1 - Description of the Plan:

The following description of the Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a 401(k) defined contribution plan covering all employees of Zimmer Gunsul Frasca Architects LLP (the Partnership) excluding union employees, leased employees and reclassified employees as described in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was amended, effective January 1, 2020, to permit discretionary nonelective employer contributions. The amendment did not have a material effect on the presentation or disclosure of these financial statements.

The Plan was amended, effective February 1, 2020, to exclude employees classified as interns from the automatic deferral arrangement and automatic escalation provisions contained in the Plan.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has also implemented certain other requirements of the CARES Act whose laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Effective July 1, 2022 the Plan was amended to modify the Discretionary Matching Contribution provisions to remove references to the matching rate, limits and computation period.

b. Eligibility

The Plan covers substantially all regular non-intern full-time or part-time employees not covered by a collective bargaining agreement. Employees are eligible to receive employer discretionary matching contributions upon hire.

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

c. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement, up to IRS thresholds. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax Roth elective deferrals to the Plan, as allowed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC.

The Plan includes an Eligible Automatic Contribution Arrangement, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 3% of eligible compensation with automatic annual increases until participants attain a 6% deferral rate.

The Partnership is permitted to make discretionary contributions to the Plan in the form of matching contributions. For the year ended December 31, 2021, the Partnership made discretionary matching contributions equal to 50% of the first 6% of participants' eligible compensation deferred up to a maximum of \$1,000 per Plan year. No discretionary nonelective employer contribution has been made for the year ended December 31, 2021.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Participant Investment Options

Upon enrollment in the Plan, a participant directs their contributions and the Partnership's contributions to any of the available investment options. If the participant does not direct their contribution, the contributions will be invested in a designated Moderate Allocation Portfolio until changed by the respective participant. Participants may change their investment options as allowed by their investment and contract accounts throughout the year via the third-party administrator's website.

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

f. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

g. Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$15,000 and \$41,000. During 2021, forfeitures were used to pay fees of approximately \$71,000. Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions.

h. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 5.25% to 7.50% per annum, which commensurate with local prevailing rates. The loans must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. Principal and interest is paid ratably through regular payroll deductions.

i. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals provided the minimum withdrawal is \$1,000. For terminations of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

j. Plan Trustee and Third Party Administrator

The Partnership appointed Matrix Trust Company as the Trustee of the Plan and Milliman USA as the Third Party Administrator of the Plan.

Note 2 - Summary of Significant Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

b. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits includes both the Plan's unrealized appreciation in the aggregate current value of investments and realized gains and losses on sale of investments.

The market volatility of equity-based investments could substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2021.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

c. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

e. Benefits to Participants

Benefits to participants are recorded when paid.

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

f. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Partnership and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2021 through October 14, 2022, the date the financial statements were available to be issued, and has determined that there were no material subsequent events that required recognition or additional disclosure in these financial statements, except as noted in Note 1a.

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the Trustee of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: A stable value fund that has invested all of its assets in a bank collective trust fund and valued at the NAV as a practical expedient. The NAV as provided by Matrix Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2021, there were no unfunded commitments nor were there any restrictions on payments or redemptions.

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Zimmer Gunsul Frasca Architects LLP 401(k) Savings Plan

Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Category	2021		2020		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	Number of Funds	Fair Value	Number of Funds	Fair Value			
Common/collective trust fund (b)	1	\$ 5,485,549	1	\$ 5,772,876	N/A	No limit	None

(b) The significant investment is the Galliard Retirement Income Fund.

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

Note 6 - Tax Status:

The Plan operates under a defined contribution volume submitter plan and trust that received a favorable advisory letter from the IRS on March 31, 2014, which stated that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. Although the volume submitter plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Based on management's evaluation of the Plan's tax positions, it has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Plan provides for various investment options in any combination of investment accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risk associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

All of the Plan's investments are held with the Trustee.

The following table identifies certain significant investments of the Plan at December 31, 2021 and 2020:

Note 8 - Related Party and Party-in-Interest Transactions:

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for the investment management services that were not paid through revenue sharing amounted to approximately \$145,000 for the year ended December 31, 2021. The Partnership pays directly any other fees related to the Plan's operations. Certain employees of the Partnership are performing services for the Plan and are not compensated by the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
