Report of Independent Auditor

To the Administrative Committee
Virginia Marble Manufacturers 401(k) Profit Sharing Plan
Kenbridge, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Virginia Marble Manufacturers 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Virginia Marble Manufacturers 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following description of Virginia Marble Manufacturers 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Virginia Marble Manufacturers, Inc. (the “Company”) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contained several provisions that temporarily impact qualified plans, including a new hardship withdrawal option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Participant’s Contributions – Each year, participant may contribute up to the maximum allowable amount as determined by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Company Contributions – The Company will make a safe harbor matching contribution to the Plan equal to 100% of the first 4% of compensation as contributed by the participant. The matching Company contribution is invested in the portfolio of investments as directed by the participant. Additional nonelective contribution amounts may be contributed at the discretion of the Company’s managing body. These amounts are also invested in the portfolio of investments as directed by the participant.

The Company may recharacterize all or part of any nonelective contribution as a qualified nonelective contribution to satisfy certain federal nondiscrimination rules. No contributions under these provisions were declared or made by the Company for the year ended December 31, 2021. Contributions are subject to certain limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution, (b) Plan earnings or losses, and (c) charged with an allocation of any administrative expenses and participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon and employer safe harbor matching contributions and qualified nonelective contributions. Vesting in the Company’s discretionary nonelective contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

6-year Graded Vesting	Vesting Percentage
Prior to 2 years of employment	0%
After 2 years of employment	20%
After 3 years of employment	40%
After 4 years of employment	60%
After 5 years of employment	80%
After 6 years of employment	100%

Investments Options – Participants direct Massachusetts Mutual Life Insurance Company (“Mass Mutual”) as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. During 2021, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company. Massachusetts Mutual provided certain products and an investment contract from Talcott Resolution Life Insurance Company. For 2020, Mass Mutual provided the annual certification for the Plan’s activities. For 2021, the annual certification is provided by Great-West Life & Annuity Insurance Company (the “Custodian”).

VIRGINIA MARBLE MANUFACTURERS 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, participants or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of various annuity arrangements. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions due to hardship or attainment of age 59 ½ are permitted.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements of the Plan have been prepared on the accrual method of accounting with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimated and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for the fully benefit-responsive investment, which is reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Interest income is recorded on the accrual basis.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

VIRGINIA MARBLE MANUFACTURERS 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the Custodian (unaudited)

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and investment, at contract value, as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

VIRGINIA MARBLE MANUFACTURERS 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2021			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 6,825,588	\$ -	\$ -	\$ 6,825,588

	2020			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,723,310	\$ -	\$ -	\$ 5,723,310

Note 5—Investment contracts with insurance company

The Plan has entered into fully benefit-responsive investment contracts with Mass Mutual. The Mass Mutual Fixed Account is a stable value investment option provided through a Group Annuity Contract with Mass Mutual. Under the contract, a crediting rate is established for a specified period of time ("Rate Period"). At the expiration of the Rate Period, a new crediting rate is declared. Mass Mutual takes all market, credit, and interest rate risks of the assets supporting the Fixed Income Account. The participant's account is credited with interest from the Fixed Income Account and charged for participant withdrawals and administrative expenses. The declared crediting rate for the Fixed Income Accounts for the Plan years ended December 31, 2021 and 2020 were 1.25% and 1.55%, respectively. The contract is included in the statements of net assets available for benefits at contract value as determined using the contract value amount, reported to the Plan by Mass Mutual.

Contract value represents contributions plus credited interest less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Mass Mutual is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The guaranteed investment contracts do not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date. There are no reserves against the contract value for credit risk.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note 6—Party-in-interest transactions

Certain other administrative expenses are paid to Mass Mutual (other than administrative fees, which are paid by the Plan sponsor), who was acquired by the Custodian of the Plan, for the years ended December 31, 2021 and 2020. These transactions qualify as party-in-interest transactions. These other administrative expenses amounted to \$2,880 for the year ended December 31, 2021.

VIRGINIA MARBLE MANUFACTURERS 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts and the accounts shall be distributed to the participants or their beneficiaries under the terms of the Plan document.

Note 8—Tax status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement. The prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself and the Plan has been amended since the prototype plan received the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Company believes the Plan has no income subject to unrelated business income tax and therefore continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 14, 2022, the date these financial statements were available to be issued.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in MassMutual funds, the funds listed below had soft dollar arrangements during the previous fiscal year-end. For details, please refer to the Portfolio Transactions and Brokerage section of the Statement of Additional Information (“SAI”). For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Important Note: On December 31, 2020, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower Retirement will become the sole administrator of this business. If the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual. If the Plan utilizes an insurance product and the contract was issued by Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company) and formerly administered by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by Talcott. Empower Retirement refers to the products and services offered by Great-West Life & Annuity Insurance Company ("GWLA") and its subsidiaries, including Empower Retirement, LLC. Neither Great-West Life & Annuity Insurance Company nor Empower Retirement is affiliated with MassMutual, Talcott or their respective affiliates.

Important Note: The information in this document is applicable to the plan prior to transitioning recordkeeping platforms.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

Total Direct Compensation Paid **\$2,880.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Great-West Life & Annuity Insurance Company ("GWLA") EIN: 84-0467907

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$2,880.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2021 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2021, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and

number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus and/or Statement of Information. Please note that some of the funds available through your service contract or arrangement from a family of mutual funds that are affiliated with MassMutual (MassMutual Select Funds and MassMutual Premier Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. Report of Independent Auditor

To the Administrative Committee
Virginia Marble Manufacturers 401(k) Profit Sharing Plan
Kenbridge, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Virginia Marble Manufacturers 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Virginia Marble Manufacturers 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following description of Virginia Marble Manufacturers 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Virginia Marble Manufacturers, Inc. (the “Company”) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contained several provisions that temporarily impact qualified plans, including a new hardship withdrawal option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Participant’s Contributions – Each year, participant may contribute up to the maximum allowable amount as determined by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Company Contributions – The Company will make a safe harbor matching contribution to the Plan equal to 100% of the first 4% of compensation as contributed by the participant. The matching Company contribution is invested in the portfolio of investments as directed by the participant. Additional nonelective contribution amounts may be contributed at the discretion of the Company’s managing body. These amounts are also invested in the portfolio of investments as directed by the participant.

The Company may recharacterize all or part of any nonelective contribution as a qualified nonelective contribution to satisfy certain federal nondiscrimination rules. No contributions under these provisions were declared or made by the Company for the year ended December 31, 2021. Contributions are subject to certain limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution, (b) Plan earnings or losses, and (c) charged with an allocation of any administrative expenses and participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon and employer safe harbor matching contributions and qualified nonelective contributions. Vesting in the Company’s discretionary nonelective contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

6-year Graded Vesting	Vesting Percentage
Prior to 2 years of employment	0%
After 2 years of employment	20%
After 3 years of employment	40%
After 4 years of employment	60%
After 5 years of employment	80%
After 6 years of employment	100%

Investments Options – Participants direct Massachusetts Mutual Life Insurance Company (“Mass Mutual”) as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. During 2021, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company. Massachusetts Mutual provided certain products and an investment contract from Talcott Resolution Life Insurance Company. For 2020, Mass Mutual provided the annual certification for the Plan’s activities. For 2021, the annual certification is provided by Great-West Life & Annuity Insurance Company (the “Custodian”).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, participants or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of various annuity arrangements. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions due to hardship or attainment of age 59 ½ are permitted.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements of the Plan have been prepared on the accrual method of accounting with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimated and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for the fully benefit-responsive investment, which is reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Interest income is recorded on the accrual basis.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the Custodian (unaudited)

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and investment, at contract value, as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2021			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 6,825,588	\$ -	\$ -	\$ 6,825,588

	2020			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,723,310	\$ -	\$ -	\$ 5,723,310

Note 5—Investment contracts with insurance company

The Plan has entered into fully benefit-responsive investment contracts with Mass Mutual. The Mass Mutual Fixed Account is a stable value investment option provided through a Group Annuity Contract with Mass Mutual. Under the contract, a crediting rate is established for a specified period of time ("Rate Period"). At the expiration of the Rate Period, a new crediting rate is declared. Mass Mutual takes all market, credit, and interest rate risks of the assets supporting the Fixed Income Account. The participant's account is credited with interest from the Fixed Income Account and charged for participant withdrawals and administrative expenses. The declared crediting rate for the Fixed Income Accounts for the Plan years ended December 31, 2021 and 2020 were 1.25% and 1.55%, respectively. The contract is included in the statements of net assets available for benefits at contract value as determined using the contract value amount, reported to the Plan by Mass Mutual.

Contract value represents contributions plus credited interest less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Mass Mutual is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The guaranteed investment contracts do not permit Mass Mutual to terminate the agreement prior to the scheduled maturity date. There are no reserves against the contract value for credit risk.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note 6—Party-in-interest transactions

Certain other administrative expenses are paid to Mass Mutual (other than administrative fees, which are paid by the Plan sponsor), who was acquired by the Custodian of the Plan, for the years ended December 31, 2021 and 2020. These transactions qualify as party-in-interest transactions. These other administrative expenses amounted to \$2,880 for the year ended December 31, 2021.

VIRGINIA MARBLE MANUFACTURERS 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts and the accounts shall be distributed to the participants or their beneficiaries under the terms of the Plan document.

Note 8—Tax status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement. The prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself and the Plan has been amended since the prototype plan received the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Company believes the Plan has no income subject to unrelated business income tax and therefore continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 14, 2022, the date these financial statements were available to be issued.
