INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Uniwest Employee 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Uniwest Employee 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from a qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

- 1 -

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

For the Years Ended December 31, 2021 and 2020**

1. Description of Plan

The following description of the Uniwest Employee 401(k) & Profit Sharing Plan (the Plan) provides only general information. The participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Uniwest Construction, Inc. (the Company or Employer) and its affiliates. The Plan was amended and restated effective August 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been amended to comply with subsequent changes in the law in order to maintain its qualified plan status.

Effective January 1, 2019, the Plan adopted to implement the provisions of the Budget Act of 2018 impacting the default provisions on the Company's 401(k) Plan. The key provisions in the 401(k) Plan that were updated to comply with the Budget Act are: (1) elimination of the six months suspension requirement for contributions when a hardship distribution is taken, and (2) elimination of the requirement to exhaust the Plan's loan provision before taking a hardship withdrawal.

Massachusetts Mutual Life Insurance Company (Mass Mutual) previously served as the custodian and recordkeeper for the Plan. Effective December 31, 2020, Mass Mutual's retirement plan business was acquired by Empower Retirement (Empower) and Empower now serves as the custodian and recordkeeper for the Plan.

Eligibility

Employees who have reached the age of 21 may contribute to the Plan beginning on the first day of the month following three months of service.

Contributions

Employees are auto-enrolled into the plan at 3% of compensation unless electing to opt out. Each participant elect to defer a portion of his or her compensation that would have been received in the Plan year up to the maximum allowed by law. The Employer's elective contribution is a matching contribution equal to 50% of each participant's deferred compensation, not to exceed \$3,000 in any Plan year. Contributions are subject to certain IRS limitations.

Profit sharing amounts may be contributed for each plan year at the discretion of the Company's Board of Directors. The amount of such contributions will be allocated by multiplying the discretionary contribution by the ratio of the participant's annual compensation to the total annual compensation of all participants.

Participants direct the investments of all employee contributions, Employer matching and profit-sharing contributions into various investment options offered by the Plan, and can change their investment elections anytime.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Forfeitures of participants' non-vested accounts will be applied to future Employer contributions or the Plan's administrative expenses. For any Plan year, the Company may pay the expenses of operating and maintaining the Plan. Such payments will be in addition to, and independent of, any contributions to the Plan.

The expenses of the Plan that are not paid by the Company will be paid directly out of Plan assets, except for certain transactional charges, which are paid by the particular participants involved. Allocations are based on stated percentages, account balances or Employer contribution ratios, as defined in the Plan agreement.

Vesting

Employee elective deferral contributions are 100% vested.

Vesting of the participants' accounts resulting from Employer contributions, which include both 401(k) matching contributions and discretionary profit sharing contributions, are based on years of service. The 401(k) matching contributions vest in percentages from 20% to 100%, for years of service ranging from two to six years. The discretionary profit sharing contributions vest in percentages from 20% to 100%, for years of service ranging from three to seven years.

Benefits become fully vested in the event of a participant's death, total and permanent disability, or plan termination.

Payment of Benefits

Upon a participant's entitlement to payment of benefits under the Plan, the distribution of the amounts due may be made in any of the following methods:

- A qualified joint and survivor annuity;
- A straight life annuity;
- A period-certain annuity; or
- A lump-sum distribution.

Hardship Distributions

Hardship distributions are permitted under the Plan and are subject to IRS regulations. Distributions will be deemed an immediate and heavy financial need of the participant where such participant lacks other available resources. Financial needs considered immediate and heavy include, but are not limited to, the following:

- Expenses for medical care, as defined under IRC Section 213(d).
- Costs directly related to the purchase of a principal residence for the employee.
- Qualified education expenses, as defined under IRC Regulation Section 1.401(k)-1.

1. Description of Plan (continued)

Hardship Distributions (continued)

- Payments necessary to prevent eviction from or foreclosure on the employee's principal residence.

On April 17, 2020, the plan administrator authorized the custodian to adopt certain provisions of the CARES Act, impacting the default provisions of the Plan. The key CARES Act provisions adopted by the Plan, which are available to participants impacted by COVID-19, include COVID-19 related hardship distributions up to \$100,000, which exclude federal withholding and are taxable over a three-year period, unless repaid by the participant over that period, which is permitted.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that the amounts credited to the accounts of each participant will be non-forfeitable and the Plan trustee will either: (a) continue to administer the trust fund and pay account balances in accordance with a stipulated agreement until the trust fund has been liquidated, or (b) distribute the assets remaining in the trust fund to participants, inactive participants and beneficiaries in proportion to their respective account balances.

Notes Receivable from Participants

Under certain conditions, participants may borrow a portion of their participant account balance at a minimum of \$1,000, up to a maximum of the lesser of: (a) \$50,000 reduced by the participant's highest outstanding note receivable balance in the preceding 12 months, or (b) 50% of the participant's vested account balance. Loan transactions are treated as transfers between the investment accounts and the loan accounts. Loans may be repaid over various terms up to five years. Loans are collateralized by the balances in the participants' accounts and bear interest at fixed rates comparable to the rates charged by local financial institutions at the inception of the loans. The notes bear interest ranging from 5.25% to 7.5%. Principal and interest are paid ratably through payroll deductions.

On April 17, 2020, the plan administrator authorized the custodian to adopt certain provisions of the CARES Act, impacting the default provisions of the Plan. The key CARES Act provisions adopted by the Plan, which are available to participants impacted by COVID-19, included a one-year deferral of certain loan repayments.

Administrative Expenses

As provided under the Plan document, the Plan's administrative expenses may be paid by the Plan's participants or the Company; certain administrative expenses of the Plan have been paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

1. Description of Plan (continued)

Forfeitures

Forfeitures, if any, will be used to reduce future Employer contributions and administrative expenses. For the years ended December 31, 2021 and 2020, additions to the forfeiture account were \$15,136 and \$12,857, respectively. No forfeitures were used to pay administrative expenses or were used to reduce the Company's contributions for the years ended December 31, 2021 and 2020. The balance in forfeited non-vested accounts were \$70,328 and \$55,192 as of December 31, 2021 and 2020, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Except for certain contracts held by the custodian, Empower, and described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurement

In accordance with the accounting standards for fair value measurement for those assets and liabilities that are measured at fair value on a recurring basis, the Plan has categorized its applicable financial instruments into a required fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest-level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs based on quoted prices in markets that are not active or model inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability, such as quoted prices for similar assets or liabilities in active markets.

Level 3 – Unobservable inputs for the asset or liability, including the reporting entity's own assumptions in determining the fair value measurement.

2. Summary of Significant Accounting Policies

Fair Value Measurement (continued)

Only the Plan's investments, as described in Note 4 of these financial statements, were measured at fair value on a recurring basis as of December 31, 2021 and 2020.

Notes Receivable from Participants

Notes receivable from participants are measured at the notes' unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

3. Investment Information Certified by the Plan Trustee and the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends and interest income from notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (Reliance Trust), the trustee of the Plan, and Empower, the custodian of the Plan. This information has not been audited by the Plan's independent auditors.

The following table summarizes the certified information as of and for the years ended December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

4. Fair Value Measurement (continued)

The Plan used the following methods and significant assumptions to estimate fair value for assets recorded at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and common collective trusts – Valued at NAV, as reported by the manager of the pooled separate account or common collective trust, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value.

The table below details the Plan's ability to redeem investment funds valued at NAV or its equivalent as of December 31, 2021 and 2020.

	<u>Fair Value</u>		<u>Unfunded Commitments</u>	<u>Redemption Frequency If Currently Eligible</u>	<u>Redemption Notice Period</u>
	<u>2021</u>	<u>2020</u>			
Pooled separate accounts ^(b)	\$ 9,310,833	\$10,227,121	\$ -	No limit	None
Common collective trusts ^(c)	<u>674,195</u>	<u>-</u>	-	No limit	None
Total	<u>\$ 9,985,028</u>	<u>\$10,227,121</u>			

^(b) These separate accounts are invested as follows:

Growth funds that are generally composed of investment options that invest in stocks or shares of ownership, in large or small-to-medium companies internationally or in the U.S. This class of investments seeks long-term growth of capital.

Value funds that seek long-term growth of capital. This asset class invests in value equity securities. The value orientation selection emphasizes buying equity securities that appear to be undervalued.

Balanced funds that are generally composed of a combination of fixed-income and equity investment options. These investment options may include balanced, asset allocation, target-date and target-risk investment options. Although typically lower in risk than investment options that invest solely in equities, all investment options in this category have the potential to lose value.

Fixed income that is generally composed of short-term, fixed-income investment options that are largely liquid and are designed to lose little value, such as stable value, money market and short-term bonds. This asset class also includes investment options that invest in bonds, or the debt of a company or government entity (including U.S. and non-U.S.), and may include real estate investment options that directly own property.

4. Fair Value Measurement (continued)

(c) These common collective trust are invested as follows:

Mid cap growth CIT seeks to outperform the Russell MidCap Growth Index over full market cycles by investing in the MidCap Growth Equity Fund ("Underlying Fund"), a collective investment fund managed by BlackRock Institutional Trust Company, N.A. The Underlying Fund seeks long-term capital appreciation by investing primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential.

Mid cap value CIT seeks long-term capital gains and income by investing in the American Century Mid Cap Value Equity Trust ("Underlying Fund"), for which SEI Trust Company is trustee and American Century Investment Management, Inc. is subadviser. The Underlying Fund invests in a diversified portfolio of equity securities of domestic and foreign companies across the capitalization spectrum with a focus on mid cap securities, and using a value investment strategy that looks for companies that are under-valued at the time of purchase.

Small cap value II CIT seeks to deliver capital appreciation by investing in the American Century US Small Cap Value Equity Trust ("Underlying Fund"), for which SEI Trust Company is trustee and American Century Investment Management, Inc. is subadviser. The Underlying Fund invests in value-oriented common stocks of small sized U.S. companies similar in size, at the time of purchase, to those in the Russell 2000 Value Index.

Index funds that are generally composed of stocks or bonds of the index they track. Performance of indexes reflects the unmanaged results for the market segment the selected stocks or bonds represent.

5. Guaranteed Interest Accounts

Contract Information

The Plan has fully benefit-responsive investment contracts with Mass Mutual, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Contract Value

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate

Contract Value (continued)

permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Events

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (e) premature termination of the contract. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The fully benefit-responsive investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Income Tax Status

The Plan administrator is currently not required to submit the plan to the Internal Revenue Service (IRS) for determination as it is a Prototype Non-standardized Profit Sharing Plan per opinion letter dated March 31, 2014. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**UNIWEST EMPLOYEE
401(k) & PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2021 and 2020**

7. Party-in-Interest and Prohibited Transactions

Some of the investment options of the Plan are investment products sponsored by the custodian of the Plan. Transactions involving these investments are considered party-in-interest transactions for which a statutory exemption exists. Additionally, the Plan extends loans to participants who are considered parties-in-interest and are also exempt from the prohibited transaction rules. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for performing these functions.

No prohibited transactions that are required to be reported on Schedule G of the federal Form 5500 occurred during the years ended December 31, 2021 and 2020. During the year ended December 31, 2021, the Plan remitted lost earnings to the custodian to correct late remittances which occurred during the 2019 Plan year.

During the year ended December 31, 2020, the Plan failed its initial nondiscrimination tests related to participant contributions, and responded by accruing corrective distributions payable totaling \$12,783. For the year ended December 31, 2020, the corrective distributions were made to the affected highly compensated employees prior to the subsequent year's March 15 deadline. During the year ended December 31, 2021, the Plan passed its nondiscrimination tests related to participant contributions and there was no corrective distributions to be accrued.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

In preparing the financial statements, the Plan has evaluated for potential recognition or disclosure, events and transactions, through October 15, 2022, the date the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in these financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
