INDEPENDENT AUDITOR'S REPORT

Plan Administrator
BGM Group Salary Savings Plan and Trust
Bloomington, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **BGM Group Salary Savings Plan and Trust** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at the end of the year – Schedule H, Line 4i as of December 31, 2021 and the schedule of delinquent participant contributions at the end of the year – Schedule H, Line 4a as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is/are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BGM Group Salary Savings Plan and Trust

Notes to the Financial Statements

1. Description of Plan

The BGM Group Salary Savings Plan and Trust (Plan) was established April 15, 1988. The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan, covering all employees of BGM Group, LLC, BGM Wealth Partners, LLC, Boeckerman, Grafstrom & Mayer, LLC, Bridge West CPAs and Consultants, LLC, Cornerstone Private Asset Trust Company, LLC, and Element Technology, LLC, (collectively, the Company), other than collective bargaining employees, non-resident aliens and interns, who have attained the age of twenty and have 1,000 hours of service within the 6 month time period following the employee's hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2021, the Plan was amended to allow participant deferrals after 30 days of service, rather than the previous requirement of 1,000 hours of service within the 6 month time period following the employee's hire date.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective October 1, 2021, the Plan was amended to allow for in-plan ROTH rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor contribution to the Plan in an amount equal to 3% of a participant's eligible compensation.

The Company may make a matching contribution that will apply up to 6% of participant deferrals. The total amount of this discretionary matching contribution will not exceed 4% of a participant's eligible compensation. The Company did not make a matching contribution in 2021.

The Company may also make a discretionary profit sharing contribution. To be eligible for this contribution, a participant must be employed on the last day of the plan year and have completed at least 1,000 hours of service. If a participant terminates employment on or following death, disability or attainment of the normal retirement age, they are also eligible for the matching contribution. The Company approved a profit sharing contribution of \$846,826 for 2021.

During 2021, the Plan was amended to add an automatic deferral provision for all eligible participants not currently deferring. A participant who is auto enrolled will have their deferral initially be set at 3%, and will increase by 1% annually, to a maximum of 10%, unless the participant makes a contrary election. This change will be effective on January 1, 2022.

1. Description of Plan (cont'd)

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and Company contributions, plus actual earnings thereon.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at any one point in time.

Payment of Benefits – On termination of service, a participant may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. In-service withdrawals from transfer accounts, distributions after age 59 1/2 and hardship distributions are also allowed by the Plan. Participants who have reached age 40 may also make withdrawals of the employer non-elective contributions but are limited to two withdrawals during any plan year.

1. Description of Plan (cont'd)

CARES Act – On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). As a result, changes were made related to Plan withdrawals and loans to participants, for impacted participants, their spouse and dependent(s) who have been diagnosed with virus SARS-CoV-2 or with COVID-19, as well as participants that have experienced adverse financial consequences. The changes applicable to the Plan are summarized below:

- Impacted participants may receive up to \$100,000 in aggregate withdrawals before December 31, 2020.
- 10% penalty tax for early withdrawal is waived.
- Mandatory 20% withholding on distributions will not apply.
- No limit to the number of withdrawals an impacted participant can make.
- Repayment of withdrawal amount is permitted if repayment occurs within three years of the distribution.
- Impacted participants may borrow up to the lesser of \$100,000 or 100% of their vested balance for 180 days beginning March 27, 2020.
- Impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year.
- Required Minimum Distribution (RMD) rules for distributions required for the 2020 calendar year are temporarily waived.

The Plan was amended in July 2022 to adopt these changes.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BGM Group Salary Savings Plan and Trust

Notes to the Financial Statements (cont'd)

2. Summary of Significant Accounting Policies (cont'd)

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Prepared and Certified by Custodian

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedules, that was prepared based on or derived from information prepared by Alerus Financial, N.A., the custodian of the Plan, and furnished to the Company. The Company has obtained certifications from the custodian as of December 31, 2021 and December 31, 2020, and for the year ended December 31, 2021, that such information is complete and accurate.

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$ 23,577,019	\$ 21,393,249
Notes receivable from participants	326,354	338,783

Net appreciation in fair value of investments	1,896,798	
Dividends	1,439,016	
Interest on notes receivable from participants	14,446	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

BGM Group Salary Savings Plan and Trust

Notes to the Financial Statements (cont'd)

4. Fair Value Measurements (cont'd)

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize that use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These assets are categorized as Level 1 of the fair value hierarchy.

Self-directed brokerage accounts include cash, money market funds, common stock and mutual funds. These are valued at the closing price reported in the active market in which the investment is traded. These assets are categorized as Level 1 of the fair value hierarchy.

Common collective trusts include a stable value fund, whose primary objective is to pursue stability of principal and current income. The fund attempts to maintain a stable unit value of \$10. The fund invests in synthetic and traditional guaranteed investment contracts (GIC), with maturities ranging from less than 1 year to 3 years, as well as money market mutual funds. The balance of this fund at December 31, 2021 and 2020, was \$510,743 and \$1,077,053, respectively. The fund is valued daily, and funds can be redeemed daily.

4. Fair Value Measurements (cont'd)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,949,822	\$ -	\$ -	\$ 22,949,822
Self-directed brokerage accounts	116,454	-	-	116,454

Common collective funds *				510,743
				\$ 23,577,019

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,729,309	\$ -	\$ -	\$ 19,729,309
Self-directed brokerage accounts	586,887	-	-	586,887
Total	\$ 20,316,196	\$ -	\$ -	\$ 20,316,196
Common collective funds *				1,077,053
				\$ 21,393,249

* Common collective funds that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

5. Related Party and Party-in-Interest Transactions

The Plan has non-interest bearing cash held by Alerus Financial, N.A. Alerus Financial, N.A. serves as custodian as defined by the Plan, these transactions are party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan incurred direct administrative expenses to Alerus Financial, N.A., the custodian, totaling \$115,891. These are also party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

BGM Group Salary Savings Plan and Trust

Notes to the Financial Statements (cont'd)

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan has adopted the Alerus Financial, N.A. Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service has determined and informed Alerus Financial N.A., by a letter dated March 31, 2014, that the Volume Submitter Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Effective January 1, 2022, the Plan was restated to adopt the Alerus Financial, N.A. Defined Contribution Pre-Approved Plan Basic Plan Document #02. The IRS has determined and notified the Company by a letter dated June 30, 2020, that the Alerus Financial Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Effective May 1, 2022, the Plan was amended to revise the eligibility requirements. For all contribution types, an employee needs 1 hour of service within the 30 days following their hire date to become an eligible participant in the Plan. Additionally, the requirement that an employee must have attained the age of twenty was eliminated.

BGM Group Salary Savings Plan and Trust
Notes to the Financial Statements (cont'd)

9. Subsequent Events (cont'd)

In 2022, the Company removed Alerus Financial, N.A. as the custodian and record-keeper and appointed Fidelity Management Trust Company as the successor custodian and record-keeper of the Plan. The Plan adopted the Fidelity Pre-Approved Defined Contribution Plan Document effective September 1, 2022. The IRS has determined and notified the Company by a letter dated June 30, 2020, that the Fidelity Pre-Approved Defined Contribution Plan Document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan assets were transferred in September 2022.

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.
