Ponce Bank 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of Ponce Bank 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Note that on January 29, 2021, the Company completed the transfer of assets from the current 401k Plan administered by Fidelity Investments into the ESOP Plan, creating a combined 401k and ESOP plan (“KSOP”) administered by Pentegra.

General and Eligibility

The Plan is a standardized prototype defined contribution 401(k) plan. Ponce Bank (the “Company”) established the Plan effective January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees of the Company are eligible to participate in the Plan, except employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, leased employees and certain nonresident aliens who have no earned income from sources within the United States. If the employee is not excluded from participation due to the above eligibility requirements, such employee will become eligible to participate in the Plan upon attaining age 21. There is a 1-month service requirement for elective deferral contributions and safe harbor non-elective contributions. Employees may enter the Plan on the first day of the Plan year or the first day of each quarter. The 401(k) Plan Committee is responsible for oversight of the Plan. The 401(k) Plan Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. All employees hired after July 1, 2017 will be automatically enrolled with a flat elective deferral of 3%.

The Company makes a “safe harbor” contribution to the Plan equal to at least 3% of each participant’s eligible compensation for the Plan year, as defined. Participants are immediately vested in their safe harbor contributions upon plan participation. Additional employer match and profit-sharing amounts may be contributed at the option of the Company's Board of Directors. The Company did not make an additional employer match or profit-sharing contribution during the year ended December 31, 2021. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s safe harbor contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Ponce Bank 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Company's additional employer match or profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

Forfeited non-vested account balances may be used to first pay administrative expenses and then to reduce future employer contributions. The forfeiture account balance was included in the transfer of the plan assets to the KSOP.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions. As of August 28, 2017, participants are limited to one loan outstanding. Any participant with 2 outstanding loans will have to pay off the 2 outstanding loans prior to initiating any new loans. All outstanding loans were transferred to the new KSOP plan and the interest rates at the time of transfer were between (4.25%-6.50%).

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year and held at year end.

Ponce Bank 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. Information Certified by the Plan's Trustee

The Plan's financial statements and supplemental schedule as of January 29, 2021 and December 31, 2020, and for the period ended January 29, 2021 were prepared and derived from information provided by Fidelity Management Trust Company ("Fidelity"), the current trustee until the time of dissolution.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity has certified as complete and accurate all the investment information included in the accompanying financial statements and the supplemental schedule. Information included in the accompanying financial statements relating to investment and income derived there from was prepared by or derived from information prepared by Fidelity, for the Plan, and furnished to the Company. The Company has obtained certifications from Fidelity for the period ended January 29, 2021 and December 31, 2020, that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest income on notes receivable from participants, and investment income as shown in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

4. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Significant unobservable inputs, including the Employer's own assumptions in determining the fair value of the investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There are no investments outstanding at the end of the period.

Notes to Financial Statements
December 31, 2021 and 2020

Investments at fair value as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,382,397	\$ -	\$ -	\$ 8,382,397
Total investments at fair value	\$ 8,382,397	\$ -	\$ -	\$ 8,382,397

There have been no changes in the methodologies used on January 29, 2021 and December 31, 2020. The plan's mutual funds are valued at unadjusted quoted prices reported in an active market at year end.

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual fund accounts managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were no fees paid to Fidelity for the period ended January 29, 2021.

6. Tax Status

The Plan obtained its latest opinion letter on a prototype plan on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merits, to not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded, as of January 29, 2021, that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to tax examinations for the years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. CARES Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China ("the COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to

changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- The Plan has added a withdrawal option to the eligible participants, avoiding the 10% penalty if less than age 59 ½. Participants will be required to self-certify that they or their dependents have been diagnosed with COVID-19, or that they have experienced adverse financial consequences directly related to COVID-19.
- Required minimum distributions are waived

In accordance with the CARES Act, the Plan has amended to retroactively adopt these provisions.

9. Subsequent Events

The Company has evaluated subsequent events through October 12, 2022, all events requiring disclosure have been included in the notes of the financials.
