INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Lamoille Health Partners 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Lamoille Health Partners 401(k) Plan (the Plan), formerly Copley Professional Services Group 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator and Participants
Lamoille Health Partners 401(k) Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Lamoille Health Partners 401(k) Plan (the Plan), formerly Copley Professional Services Group 401(k) Plan, is provided for general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Lamoille Health Partners, Inc. (formerly known as Copley Professional Group, Inc., d/b/a Community Health Services of Lamoille Valley) (the Organization), who have met the entry date requirement as defined in the Plan document. The Plan was established October 1, 2005. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan was amended effective January 1, 2021 to change its name from Copley Professional Services Group 401(k) Plan to Lamoille Health Partners 401(k) Plan.

Eligibility

Employees become eligible to make salary deferrals on the first day of employment. Employees who have reached age 21 become eligible to receive employer safe harbor nonelective and discretionary profit sharing contributions upon completion of one year and 1,000 hours of service.

Contributions

Participants may elect to contribute Roth and pre-tax deferrals up to the maximum amount allowed under the Internal Revenue Code (the Code) of their compensation as defined by the Plan. Dollar limits were $19,500 for calendar years 2021 and 2020. Participants projected to be age 50 or older by the end of the calendar year can also make catch-up contributions of up to $6,500 in 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions through various investment options offered by the Plan.

The Organization's contribution consists of a nonelective contribution and a discretionary profit sharing contribution. The safe harbor nonelective contribution is 4% of eligible employee compensation as defined in the Plan document. Additional profit sharing contributions may be contributed at the option of the Organization. No such contributions were made for the years ended December 31, 2021 and 2020.

Rollover Contributions

Rollover contributions are permitted under the Plan, subject to the approval of the Plan Administrator and the appropriate sections of the Code.

Participant Accounts

Each participant's account is credited with the contributions of the participant and the Organization and an allocation of earnings or losses of each fund based on the participant's relative account balances and debited with expenses, if applicable. Each participant determined the investment strategy of his or her account as provided in the Plan.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor nonelective contributions and discretionary profit sharing, plus actual earnings thereon.

Benefit Payments

The amount distributed is based on the value of the participant's account at the time the participant requests the distribution. Upon retirement or termination, benefit distributions are paid in lump sum amounts. Normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. The Plan also provides for distributions upon attainment of age 59 1/2, death or disability, as well as economic hardship subject to certain criteria set forth in the Plan document.

Notes Receivable From Participants

The Plan allows loans to employees participating in the Plan. The amount of any loan shall be at least $1,000 and the total outstanding loan balances shall not exceed the lesser of (a) $50,000; or (b) 50% of the individual's vested interest in his or her total account. The loan terms range from one to five years or for repayment within a reasonable time that the participant will use the loan for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably and no less frequently than quarterly. Interest rates on loans range from 4.25% to 6.50% with various maturities through November 2039.

Hardship Distributions

Hardship distributions are permitted from a participant's pre-tax and Roth elective deferral account.

Administrative Expenses

Certain administrative expenses are paid by the Organization. Also, in accordance with the fee agreement, certain fees incurred by the Plan for investment management services are included in investment income on the statement of changes in net assets available for benefits as they are paid through revenue sharing.

Plan Termination

While the Organization intends to continue this Plan, the Organization reserves the right to amend or terminate at any time any provision of the Plan or the Plan in its entirety. Upon termination of the Plan, the custodian, once notified by the Organization of the termination date, will distribute to each participant his or her account balance on that date in accordance with the terms of the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Market risks include global events which could impact the value of investments, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Forfeitures

Forfeitures are used to reduce administrative expenses and employer discretionary contributions during the Plan year. There were no forfeitures allocated to the Organization for the years ended December 31, 2021 and 2020.

Benefits

Benefit payments to participants are recorded upon distribution.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are stated at contract value) as certified by Reliance Trust Company, the custodian of the Plan. See note 4 for further discussion of fair value measurements.

The Plan invests in the Massachusetts Mutual Life Insurance Company Guaranteed Interest Account; the investment contract is considered fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract plus interest earned, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation on those investments.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 12, 2022 which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, Reliance Trust Company, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedules. The Plan Administrator has obtained certifications from the custodian stating that the information provided to the Plan Administrator by the custodian is complete and accurate. Such information includes investments, investment income, net appreciation in fair value of investments, investment transactions, notes receivable from participants, interest income on notes receivable and notes receivable transactions.

4. Fair Value Measurements

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total
2021				
Mutual funds	$1,934,076	$ –	$ –	$1,934,076
Total assets in the fair value hierarchy	$1,934,076	$ –	$ –	1,934,076
Collective trust funds measured at net asset value				6,448,380
Total investments at fair value				$8,382,456
2020				
Mutual funds	$8,190,831	$ –	$ –	$8,190,831
Total investments at fair value	$8,190,831	$ –	$ –	$8,190,831

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Mutual funds – Fair value estimates are based on quoted net asset value of the shares on the active market on which the funds are traded.

Collective trust funds – Valued at the net asset value (NAV) of units of the collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Guaranteed Investment Account

The Plan invests in a fully benefit-responsive guaranteed investment contract with Mass Mutual as described in Note 2. Contributions are maintained in a general account of the contract issuer. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain employer initiated events may reduce the reported value of the investments in the guaranteed investment account. Such events are not expected to be probable to occur and any adjustments would not be expected to be material to the Plan. The guaranteed investment account does not have a finite life, unfunded commitments, or significant restrictions on redemptions.

5. Guaranteed Investment Account (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Income Tax Status

The Organization adopted a non-standardized pre-approved profit sharing 401(k) plan. The Plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the Plan's qualified status. The Plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Mass Mutual, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Empower Retirement, LLC assumed administration for this Plan on December 31, 2020. Mass Mutual continues to qualify as a party-in-interest through Empower Retirement, LLC. Certain fees incurred by the Plan are paid through revenue sharing, rather than direct payment. Notes receivable from Plan participants, the related interest income and transactions are also considered party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

There were no differences between the total assets available for benefits as presented in Form 5500 compared to the amounts shown in the accompanying financial statements as of December 31, 2021 and 2020.

Notes receivable from participants are reflected as a receivable on the financial statements which is different from the Form 5500 presentation. On Form 5500, notes receivable are classified as investments under the caption "participant loans".

9. Delinquent Contributions

In 2021, the Plan sponsor was late remitting contributions for various pay periods in the amount of $34,694. The Plan sponsor is evaluating the amount of lost earnings to be remitted to the Plan, which are expected to be insignificant, and will correct as soon as the amount is determined.

In 2020, the Plan sponsor was late remitting contributions for various pay periods in the amount of $87,551. Lost earnings related to the contributions totaled $46. The Plan sponsor is in the process of correcting these amounts.
