INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Best Buddies International, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Best Buddies International, Inc. 401(k) Plan (the Plan) an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Best Buddies International, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

This description of the Best Buddies International, Inc. 401(k) Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at Best Buddies International, Inc. (the Company).

General

On April 5, 2006, the Company adopted the defined contribution profit sharing plan covering substantially all employees ages 18 and older, with the exception of non-resident aliens, leased employees and interns. The Plan has been restated periodically in its entirety to comply with various regulations. The Plan also covers the employees of Best Buddies Supporting Corp (BBSC), an affiliated non-profit organization under the Company's control. The Plan allows eligible employees to become participants on quarterly entry dates (January 1, April 1, July 1 and October 1) after completing six months of service. Employees who met the eligibility requirements listed above on the Plan's inception date (April 5, 2006) were allowed to become participants on that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution, company matching contributions, and plan earnings. Earnings of the Plan are allocated on the basis of participant account balances invested in respective funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may elect to contribute up to 90 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement; the Plan allows for both pre-tax contributions as well as Roth contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company, at the discretion of the Board of Directors, can contribute matching contributions. Company matching contributions are currently 50 percent of the employee's contribution up to a maximum contribution equal to 2.5 percent of the employee's eligible compensation.

All contributions are subject to certain statutory limits.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in Company contributions and related earnings according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0 %
2	20
3	40
4	60
5	80
6	100

Participants also become fully vested in Company contributions upon death, disability or upon reaching normal retirement age as defined by the Plan.

Forfeited, non-vested amounts are used to reduce Company contributions into the Plan. Forfeited, non-vested accounts totaled \$19,958 and \$7,821 on December 31, 2021 and 2020, respectively. During 2021, forfeited, non-vested accounts of \$38,643 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years, except for the purchase of a principal residence, in which case the repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the participant's account and currently bear interest at rates ranging from 4.25 to 6.50 percent, which are commensurate with the local prevailing rates, equivalent to the prime rate plus 1 percent, and mature at various dates through July 2030. Principal and interest are paid ratably through payroll deductions or ACH, as elected by the participant.

Payment of Benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form of a single lump-sum payment equal to the value of the participant's vested account. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less in which all funds will be transferred to an IRA on the behalf of the participant. Participants are allowed to withdraw any rollover contributions and related earnings at any time.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The Plan implemented the following relief provisions and Plan management intends to formally amend the Plan as required:

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years
- Participant loans: Increase of loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments through December 31, 2020. Repayments were required to resume in January 2021. Impacted loans were re-amortized to extend the payoff period by one year and include accrued interest for the suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

The economic impact of COVID-19 or any other pandemic could adversely affect the Plan's financial condition. Resurgence of outbreaks could continue to impact the Plan and given the ongoing uncertainty surrounding the nature of COVID-19, its magnitude, and its duration, future effects remain difficult to predict at this time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accounting records are maintained on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions and related assets, including contributions receivable, are recognized when they are received rather than earned. Certain expenses and related liabilities, including liabilities for corrective distributions, are recognized when paid rather than when the obligation is incurred. Also, assets are valued at fair market value rather than being valued based upon cash paid or received for purchases and sales, respectively. This differs from the cash basis of accounting and from accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document and reported to plan participants as taxable income.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2021, are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the plan document was restated in its entirety as required by regulation. There were no significant changes to the provisions of the plan as a result of this restatement.

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual Funds	\$ 11,576,880	\$ -	\$ -	\$ 11,576,880
Total Assets in Fair Value Hierarchy	<u>\$ 11,576,880</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 11,576,880
Investments Measured at Net Asset Value (a)				<u>\$ 487,502</u>
Investments at Fair Value				<u>\$ 12,064,382</u>
December 31, 2020				
Mutual Funds	\$ 9,137,429	\$ -	\$ -	\$ 9,137,429
Total Assets in Fair Value Hierarchy	<u>\$ 9,137,429</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,137,429
Investments Measured at Net Asset Value (a)				<u>\$ 434,148</u>
Investments at Fair Value				<u>\$ 9,571,577</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits – modified cash basis.

Note 3: Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	\$ 487,502	NA	Daily	NA
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	\$ 434,148	NA	Daily	NA

Note 4: Income Tax Status

The Internal Revenue Service has issued an opinion letter dated May 18, 2015, that the non-standardized prototype plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related non-standardized prototype plan documents have been amended since receiving the opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statement of Net Assets Available for Benefits – Modified Cash Basis.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 6: Information Prepared and Certified by Trustee of Plan

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as being complete and accurate by John Hancock Trust Company (the trustee of the plan):

	2021	2020
Assets at December 31:		
Investments, at fair value	\$ 12,064,382	\$ 9,571,577
Notes receivable from participants	237,569	251,295
	2021	
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	1,621,077	
Dividends from registered investment companies - mutual funds	106,339	
Interest on notes receivable from participants	12,936	

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. John Hancock Trust Company, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 8: Administration Fees

From January 1, 2021 through December 31, 2021, plan participants were charged a fee based on fixed basis point pricing at 29 basis points of total plan assets determined by calculating a daily rate and multiplying the percentage by the total value of all participants' accounts on each day during the month. This was also subject to various revenue sharing offsets, as applicable. The participants may also be expected to pay transaction fees for things such as loan set ups or distributions. Total expenses for the Plan year ended December 31, 2021 were \$71,613. The Company pays all other significant administration fees.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Note 10: Concentrations

Three and two investment balances accounted for approximately 35 and 25 percent of total assets held at December 31, 2021 and 2020, respectively.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Best Buddies International, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Best Buddies International, Inc. 401(k) Plan (the Plan) an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Best Buddies International, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

This description of the Best Buddies International, Inc. 401(k) Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at Best Buddies International, Inc. (the Company).

General

On April 5, 2006, the Company adopted the defined contribution profit sharing plan covering substantially all employees ages 18 and older, with the exception of non-resident aliens, leased employees and interns. The Plan has been restated periodically in its entirety to comply with various regulations. The Plan also covers the employees of Best Buddies Supporting Corp (BBSC), an affiliated non-profit organization under the Company's control. The Plan allows eligible employees to become participants on quarterly entry dates (January 1, April 1, July 1 and October 1) after completing six months of service. Employees who met the eligibility requirements listed above on the Plan's inception date (April 5, 2006) were allowed to become participants on that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution, company matching contributions, and plan earnings. Earnings of the Plan are allocated on the basis of participant account balances invested in respective funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may elect to contribute up to 90 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement; the Plan allows for both pre-tax contributions as well as Roth contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company, at the discretion of the Board of Directors, can contribute matching contributions. Company matching contributions are currently 50 percent of the employee's contribution up to a maximum contribution equal to 2.5 percent of the employee's eligible compensation.

All contributions are subject to certain statutory limits.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in Company contributions and related earnings according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0 %
2	20
3	40
4	60
5	80
6	100

Participants also become fully vested in Company contributions upon death, disability or upon reaching normal retirement age as defined by the Plan.

Forfeited, non-vested amounts are used to reduce Company contributions into the Plan. Forfeited, non-vested accounts totaled \$19,958 and \$7,821 on December 31, 2021 and 2020, respectively. During 2021, forfeited, non-vested accounts of \$38,643 were used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years, except for the purchase of a principal residence, in which case the repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the participant's account and currently bear interest at rates ranging from 4.25 to 6.50 percent, which are commensurate with the local prevailing rates, equivalent to the prime rate plus 1 percent, and mature at various dates through July 2030. Principal and interest are paid ratably through payroll deductions or ACH, as elected by the participant.

Payment of Benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form of a single lump-sum payment equal to the value of the participant's vested account. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less in which all funds will be transferred to an IRA on the behalf of the participant. Participants are allowed to withdraw any rollover contributions and related earnings at any time.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The Plan implemented the following relief provisions and Plan management intends to formally amend the Plan as required:

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years
- Participant loans: Increase of loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments through December 31, 2020. Repayments were required to resume in January 2021. Impacted loans were re-amortized to extend the payoff period by one year and include accrued interest for the suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

The economic impact of COVID-19 or any other pandemic could adversely affect the Plan's financial condition. Resurgence of outbreaks could continue to impact the Plan and given the ongoing uncertainty surrounding the nature of COVID-19, its magnitude, and its duration, future effects remain difficult to predict at this time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accounting records are maintained on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions and related assets, including contributions receivable, are recognized when they are received rather than earned. Certain expenses and related liabilities, including liabilities for corrective distributions, are recognized when paid rather than when the obligation is incurred. Also, assets are valued at fair market value rather than being valued based upon cash paid or received for purchases and sales, respectively. This differs from the cash basis of accounting and from accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document and reported to plan participants as taxable income.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2021, are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the plan document was restated in its entirety as required by regulation. There were no significant changes to the provisions of the plan as a result of this restatement.

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual Funds	\$ 11,576,880	\$ -	\$ -	\$ 11,576,880
Total Assets in Fair Value Hierarchy	<u>\$ 11,576,880</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 11,576,880
Investments Measured at Net Asset Value (a)				<u>\$ 487,502</u>
Investments at Fair Value				<u>\$ 12,064,382</u>
December 31, 2020				
Mutual Funds	\$ 9,137,429	\$ -	\$ -	\$ 9,137,429
Total Assets in Fair Value Hierarchy	<u>\$ 9,137,429</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,137,429
Investments Measured at Net Asset Value (a)				<u>\$ 434,148</u>
Investments at Fair Value				<u>\$ 9,571,577</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits – modified cash basis.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	\$ 487,502	NA	Daily	NA
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	\$ 434,148	NA	Daily	NA

Note 4: Income Tax Status

The Internal Revenue Service has issued an opinion letter dated May 18, 2015, that the non-standardized prototype plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related non-standardized prototype plan documents have been amended since receiving the opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statement of Net Assets Available for Benefits – Modified Cash Basis.

Best Buddies International, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 6: Information Prepared and Certified by Trustee of Plan

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as being complete and accurate by John Hancock Trust Company (the trustee of the plan):

	2021	2020
Assets at December 31:		
Investments, at fair value	\$ 12,064,382	\$ 9,571,577
Notes receivable from participants	237,569	251,295
	2021	
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	1,621,077	
Dividends from registered investment companies - mutual funds	106,339	
Interest on notes receivable from participants	12,936	

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. John Hancock Trust Company, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 8: Administration Fees

From January 1, 2021 through December 31, 2021, plan participants were charged a fee based on fixed basis point pricing at 29 basis points of total plan assets determined by calculating a daily rate and multiplying the percentage by the total value of all participants' accounts on each day during the month. This was also subject to various revenue sharing offsets, as applicable. The participants may also be expected to pay transaction fees for things such as loan set ups or distributions. Total expenses for the Plan year ended December 31, 2021 were \$71,613. The Company pays all other significant administration fees.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Note 10: Concentrations

Three and two investment balances accounted for approximately 35 and 25 percent of total assets held at December 31, 2021 and 2020, respectively.
