Independent Auditor's Report

To the Plan Administrator
Metro Christian Academy 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Metro Christian Academy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Metro Christian Academy 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Christian Academy 401(k) Plan's ability to continue as a going concern for one year subsequent to the date which the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metro Christian Academy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Christian Academy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Metro Christian Academy 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan

The following description of the Metro Christian Academy 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established and effective October 1, 2013, and is a defined contribution plan sponsored by Tulsa Christian Education Corporation (the Employer). The purpose of the Plan is to provide retirement income to eligible employees through a program of voluntary tax-deferred and/or Roth contributions matched in part by supplemental participating employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective January 1, 2016, and has since been further amended, to maintain compliance with relevant legislative and regulatory requirements.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES" Act) was enacted to provide economic relief to companies and individuals in response to the COVID-19 pandemic. Plans could voluntarily adopt these provisions by placing them in operation without amending the plan as long as the plan management makes the required amendments to plan documents before the last day of the first plan year beginning on or after January 1, 2022. Plan management adopted the following provisions of the CARES Act during 2020:

- Qualified individuals, as defined in the CARES Act, were permitted to take a coronavirus-related distribution of up to \$100,000 (not to exceed the participant's vested account balance) from their retirement plan account on or before December 30, 2020, without a 10 percent early withdrawal penalty.
- Required minimum distributions were suspended for 2020.

The Plan was amended effective April 1, 2021, changing the auto enrollment for participants that do not make an elective deferral contribution from three to four percent. Additionally, the involuntary distribution amount of terminated participants increased from \$1,000 to \$5,000.

2. Eligibility

All eligible employees can elect to have salary withheld and contributed to the Plan. An employee becomes eligible to participate in the Plan on the first day of the month following one month of service with the Employer. The employee becomes eligible to receive employer contributions on the first day of the month coinciding with the completion of one year of service. Employees are credited with one year of service if they have worked at least 1,000 hours at the end of a year of service with the Employer. Certain employees, including those covered by a collective bargaining agreement, non-resident aliens, and leased, casual part-time, temporary, and seasonal employees, are excluded from Plan eligibility.

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan - Continued

3. Contributions

Participants of the Plan may contribute up to 100 percent of their compensation in the form of pre-tax and/or Roth elective deferrals, subject to IRS limitations, as defined by the Plan. Participants are automatically enrolled in the Plan at three percent unless an election is made to not participate or defer a different percentage prior to the auto-enrollment period. The Employer makes a matching contribution to the Plan each pay period. The Employer matched 100 percent of the first four percent of eligible participants' compensation contributed to the Plan during the year ended December 31, 2021.

The Plan also permits profit sharing contributions; however, the Employer did not elect to make such contributions during the year ended December 31, 2021.

Participants may also contribute amounts representing distributions from other qualified plans.

4. Participant Accounts and Investment Options

Each individual participant, and beneficiary if applicable, shall direct the Plan's custodian in writing, by internet access, or by phone to invest all of the assets in his/her account in one or more of the investment options.

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are 100 percent vested at all times in their salary deferral account balance and in the Employer's matching contributions.

6. Payment of Benefits

An active participant's aggregate account balance will become eligible for distribution because of death, disability, termination of employment, or attainment of age 59½. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions are available to participants and are subject to account balance limitations and specified eligibility requirements.

During 2020, Plan management expanded its hardship option to allow hardship distributions for participants that experienced a financial loss due to the COVID-19 pandemic. Also during 2020, Plan management adopted certain provisions of the CARES Act related to distributions made to qualified individuals as defined by the CARES Act (see Note A.1).

Note A – Description of the Plan - Continued

7. Administrative Expenses

Cost and expenses of administering the Plan may be paid from Plan assets. During 2021, accounting and administrative fees of \$52,669 were paid by the Plan. In addition, some costs related to the Plan are paid directly by the Employer and are excluded from these statements.

Note B – Summary of Significant Accounting Policies

1. Financial Statement Presentation

The accompanying financial statements have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America.

2. Investment Valuation and Income Recognition

Investments available for benefits are comprised of pooled separate accounts held by the Plan custodian. Investment balances are carried at fair value, based upon the market value of the pooled separate account's underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

3. Benefits Paid

Benefit payments to participants are recorded upon distribution.

4. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Subsequent Events

Management has evaluated subsequent events through October 11, 2022, the date which the financial statements were available to be issued.

The Plan was restated effective January 1, 2022, to maintain compliance with relevant legislative and regulatory requirements.

Notes to Financial Statements

December 31, 2021 and 2020

Note C – Information Prepared and Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

Note D – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note E – Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820 provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Plan may use valuation techniques consistent with the market, income and cost approaches to measure fair value.

As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements.

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
- Level 2: Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
- Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. In accordance with ASU No. 2015-07, the Plan's investments in pooled separate accounts for which the practical expedient is used to measure fair value at net asset value (NAV) are removed from the fair value hierarchy.

Notes to Financial Statements

December 31, 2021 and 2020

Note E – Fair Value Measurements - Continued

At December 31, 2021 and 2020, the Plan's investments held by the custodian consisted of pooled separate accounts. Each pooled separate account holds shares of a single underlying mutual fund and whose value is based on net asset value of the mutual fund held by the pooled separate account at year-end.

The net asset values of each underlying mutual fund are quoted in an active market. The fair value of each pooled separate account held by the Plan is expressed as a total unit value and is determined on a daily basis.

Because of the re-investment of dividends received from the underlying mutual funds and administrative fees paid by the pooled separate accounts, the price per unit of each pooled separate account does not equal the price per share of the respective underlying mutual fund, and the number of units of each pooled separate account does not equal the number of shares held of its respective underlying mutual fund; however, the total dollars in each pooled separate account net of other liabilities equals the dollar amount of shares held of the underlying mutual fund.

The pooled separate account's net asset per share value (as provided by the custodian of the Plan) is not publicly quoted in active markets, but is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E – Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Funds measured at NAV (1)
December 31, 2021					
Pooled separate accounts	\$ 5,138,752	\$ -	\$ -	\$ -	\$ 5,138,752

		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Funds measured at NAV (1)
December 31, 2020					
Pooled separate accounts	\$ 4,525,612	\$ -	\$ -	\$ -	\$ 4,525,612

(1) In accordance with Subtopic 820-10, pooled separate accounts that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy table presented above. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on the net asset value (NAV) practical expedient per share as of December 31, 2021 and 2020, respectively.

Fair value at December 31,	2021	2020
Target date	\$ 3,109,780	\$ 2,592,908
Aggressive growth	675,496	1,443,669
Growth	1,161,055	322,834
Income	70,107	57,260
Conservative	122,314	108,941
	<u>\$ 5,138,752</u>	<u>\$ 4,525,612</u>

The nature, risk, and investment objectives of the investments described above, for which fair value is estimated at NAV, can be found in the Plan's participant enrollment literature.

Notes to Financial Statements

December 31, 2021 and 2020

Note F – Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter profit sharing plan with cash or deferred arrangement. The volume submitter plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions in accordance with the applicable statute of limitations; however, there are currently no audits for any tax periods in progress.

Note G – Related Parties and Parties-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

With the ongoing COVID-19 pandemic, economic uncertainties and investment market volatility have arisen, which may negatively impact the Plan and the Employer's operations. The extent, nature, and duration of such are unknown at this time.
