Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Midwest Regional Bancorp, Inc. 401(k) Plan
Festus, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Midwest Regional Bancorp, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions, as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MIDWEST REGIONAL BANCORP, INC. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Description of plan

The following description of **Midwest Regional Bancorp, Inc. 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Midwest Regional Bancorp, Inc. (the Company) who are not under a collective bargaining agreement or are not non-resident aliens and have attained age 21. Participants enter the Plan on the first day of each quarter. Participants are eligible for the discretionary matching and profit-sharing contributions if they meet the eligibility requirements above, complete 1 year of service, and are employed on the last day of the Plan year.

The Plan was originally established on January 1, 2007. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective July 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan, appropriateness of the Plan's investment offerings, and monitoring investment performance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from age 70 ½ to 72. The Plan is in the process of operationally being amended to implement certain changes related to the SECURE Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted. The CARES Act provides immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by the coronavirus. The Plan made the election not to be amended to allow for the provisions of the CARES Act related to coronavirus distributions and loans. The Plan was amended to allow for the temporary waiver of required minimum distributions for the 2020 calendar year.

Effective January 1, 2021, the Plan was amended to require participants to complete one year of service and 1,000 hours to be eligible for the discretionary matching and profit-sharing contributions if they are at least 21 years of age and are employed on the last day of the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the

Plan. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company provides a safe harbor match contribution of 100 percent of salary deferrals that do not exceed 4 percent of eligible compensation.

The Company may, at its discretion, elect to make a profit sharing or match contribution to the Plan. For the years ended December 31, 2021 and 2020, the Company profit sharing contribution amounts were \$88,240 and \$114,307, respectively. For the years ended December 31, 2021 and 2020, the Company match contribution amounts were \$360,792 and \$364,809, respectively.

Participants may also contribute amounts representing distribution from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company safe harbor contribution, Company discretionary contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual deferral contributions and Company safe harbor contributions, plus actual earnings thereon. Vesting in the Company discretionary contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is 100 percent vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1 percent. Principal and interest are paid ratably through payroll deductions.

Payments of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or partial payments. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Administrator will authorize the benefit payment without the participant's consent.

Forfeited accounts

Forfeited non-vested accounts can be used to reduce future Company contributions or used to reduce administrative expenses. Forfeited non-vested accounts as of December 31, 2021 and 2020 were \$15,730 and \$10,413, respectively. There were \$5,004 and \$6,501 of forfeitures used to reduce profit sharing contributions for the years ended December 31, 2021 and 2020, respectively. There were \$0 used to reduce administrative expenses for both the years ended December 31, 2021 and 2020.

2. Summary of significant accounting policies

This summary of significant accounting policies is presented to assist in understanding the Plan Administrator's financial statements. The financial statements and notes are representations of the Plan Administrator's management, which is responsible for their integrity and objectivity. In preparing financial statements, the Plan Administrator makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent notes receivable are recorded as distributions based on the terms of the Plan document.

Payment of benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

3. Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Money market funds: Investments in money market funds are valued at the daily closing price as reported by the fund.

Insurance contract - unallocated: Valued based on fair value of investments held within a contract account which holds unallocated funds from forfeitures before being allocated out to the plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>Assets at Fair Market Value as of December 31, 2021</u>

4. Summary of certified information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from John Hancock Life Insurance Company for the years ended December 31, 2021 and 2020, that investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020, and net change in fair value of investments and interest income for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's custodian.

John Hancock has provided a certification for the following investments, notes receivable, and related interest:

Pooled separate accounts	\$ 7,050,722	\$ 6,001,379
Notes receivable from participants	70,300	32,182
Net appreciation in fair value of investments	704,244	825,280
Interest on notes receivable from participants	2,681	1,465
Insurance contract - unallocated	15,730	10,413

5. Nonparticipant – directed investments

Information about the net assets available for benefits and the significant components of the changes in net assets available for benefits relating to the nonparticipant – directed investments is as follows:

	2021	2020
Net assets available for benefits:		
Money market funds	\$ 4,333	\$ 208,810
Total net assets available for benefits	\$ 4,333	\$ 208,810
Changes in net assets available for benefits		
Interest	\$ 335	\$ 1,332
Interest on notes receivable from participants	-	26
Total changes in net assets available for benefits	\$ 335	\$ 1,358

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Tax status

The Plan was designed under a prototype non-standardized profit-sharing plan accepted by the Internal Revenue Service by a letter dated March 31, 2014, in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended and restated since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income

taxes has been included in the Plan's financial statements. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income examinations for years prior to 2018.

8. Related party transactions and party-in-interest transactions

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan holds nonparticipant directed accounts with the Plan Sponsor, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health; however, these measures are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits, as mentioned above. Because of the uncertainty of markets during this time, Plan management is unable to estimate the total impact the pandemic will have.
