INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Central Ohio UFCW Unions and Retail Employers Pension Plan

Opinion

We have audited the financial statements of Central Ohio UFCW Unions and Retail Employers Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Central Ohio UFCW Unions and Retail Employers Pension Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedules of employer contributions, administrative expenses, and investment expenses are provided for informational purposes only. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule of assets (held at end of year), including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule of assets (held at end of year), is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content of the supplemental schedule of assets (held at end of year) is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTRAL OHIO UFCW UNIONS AND RETAIL EMPLOYERS PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit multiemployer pension plan providing retirement benefits for those employees who are covered under collective bargaining agreements between the unions and employers participating in the Plan. The Plan is subject to the provisions of ERISA, as amended.

The Board of Trustees, comprised of a union group and an employer group of representatives, each having equal voting power, has overall responsibility for the operation and administration of the Plan.

The Plan has an Administrative Services Agreement with Heartland Benefit Plan Administration, LLC to handle daily administration duties of the Plan.

Contributions

The Plan is funded by employer contributions in accordance with the terms of the participating employers' collective bargaining agreements. No contributions are permitted by employees. According to the Plan's actuary, the contributions for the years ended December 31, 2021 and 2020 exceeded the minimum funding requirements of ERISA.

Pension Benefits

The pension benefits provided by the Plan are established by the Board of Trustees administering the Plan. Participants may receive their benefits upon application at or after attaining normal retirement age, or early retirement age if applicable, as specified in the plan document and the applicable participation agreement. Survivor benefits are provided for the surviving spouses of participants who die before beginning to receive their vested benefits.

Vesting

Employees become vested after five years of service.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Cash

Cash is defined as currency on hand, in demand deposits, and short-term highly liquid investments readily convertible to cash.

Concentrations

Credit Risk - The Plan maintains its cash balance in financial institutions, which at times may exceed federally insured limits. As of December 31, 2021 and 2020, the Plan had \$-0- and \$290,690, respectively, deposited in excess of the FDIC insurance limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risks on cash.

Employers - One employer accounted for approximately 99% of the Plan's contributions during the years ended December 31, 2021 and 2020.

Contributions Receivable

Contributions receivable as of December 31, 2021 and 2020 represent contributions earned but not received at year end. Since these contributions were received in subsequent periods, an allowance for doubtful accounts is unnecessary. Delinquent accounts, if any, are not recognized as income until received.

Revenue Recognition

Employer Contributions – Contributions are received from signatory employers for the operation of the Plan. Contributions are recognized as revenue in the period in which covered work is performed and benefit coverage is provided, based on contribution rates set forth in the applicable CBA. Employers are required to remit contributions monthly.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments include gains and losses on investments bought and sold as well as held during the year. Certain investment expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year-end but before financial statements are issued or available to be issued. These events and transactions either provide additional evidence about conditions that existed at year-end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year-end but arose after that date (that is, unrecognized subsequent events).

Management has evaluated subsequent events through October 14, 2022, the date on which the financial statements were available to be issued. Management has determined that there are no significant unrecognized subsequent events through that date.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions, to the services employees of the Plan's participating employers have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on hours of credit service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS (Continued)

The actuarial present value of accumulated plan benefits is determined by the actuary of the Plan, Milliman, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were:

a) Mortality Rates:

- Pre-retirement (actives and vested terminations): The RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2019 from the 2006 base year and projected forward using MP-2019 on a generational basis with employee rates before commencement and annuitant rates after commencement.
- Post-retirement (including beneficiaries): The RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2019 from the 2006 base year and projected forward using MP-2019 on a generational basis with employee rates before commencement and annuitant rates after commencement.
- Disabled Participants: The RP-2014 Disabled mortality tables (male and female rates) adjusted to reflect Mortality Improvement Scale MP-2019 from the 2006 base year and projected forward using MP-2019 on a generational basis.

b) Retirement age assumptions:

Age	Rate
55 - 57	3%
58 - 60	2%
61 - 64	12%
65	20%
66 - 69	15%
70+	100%

c) Interest:

- All other purposes – 7% per year, net of investment expenses

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the accumulated plan benefits were made as of January 1, 2021. Had the valuation been performed as of December 31 2020, there would be no material differences.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Cash equivalents: Valued at amortized cost, which approximates fair value.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective funds and 103-12 investment entities: Valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Partnership: GCM Grosvenor Secondary Opportunities Feeder Fund II, L.P.: The GCM Grosvenor Secondary Opportunities Feeder Fund II, L.P. is a Cayman Islands exempted limited partnership formed to achieve capital appreciation through the discount at which investments are acquired and the appreciation of the underlying portfolio companies. All of the assets are invested in the GCM Grosvenor Secondary Opportunities Fund II, L.P. The value of the partnership in the accompanying financial statements is at NAV per unit outstanding.

Other Investment: RREEF America REIT II Fund: RREEF America REIT II Fund (REIT) is a corporation classified as a real estate investment trust and is organized to serve as a collective investment vehicle through which eligible investors may invest in a professionally managed real estate portfolio consisting of multi-family, industrial, retail and office properties in targeted metropolitan areas within the continental United States. The principal investment objective of REIT is to generate attractive, predictable investment returns from a target portfolio of low-risk equity investments in income-producing real estate while maximizing the total return to shareholders through cash dividends and appreciation in the value of REIT shares. RREEF America LLC (RREEF) serves as investment advisor to REIT.

RREEF values REIT's real estate investments based on external valuations performed annually by independent real estate appraisers. Additionally, RREEF will perform annual internal valuations on each of the real estate investments in REIT, with the exception of recently acquired real estate investments. Cost plus capital additions are used to approximate estimated fair value until the real estate investments are first appraised. Quarterly, RREEF presents the results of both the internal and external valuations to REIT's Board of Directors for final approval. The periodic valuation of REIT's total portfolio including the related loans and bonds payable serves as the basis for determining REIT's net asset value. Determination of estimated fair value involves subjective assumptions and estimates. The value of the REIT in the accompanying financial statements is at NAV per outstanding unit.

**CENTRAL OHIO UFCW UNIONS AND
RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values and are not necessarily an indication of the risk associated with investing in those securities. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets at Fair Value as of December 31, 2021

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS AND FUNDING POLICY

Actuarial present value of accumulated plan benefits as of December 31, 2020, using an investment return assumption of 7% (net of investment-related expenses) per annum compounded annually is as follows:

Vested benefits	
Retired participants and beneficiaries	\$ 34,095,692
Other Participants	24,315,250

	58,410,942
Nonvested benefits	323,945

TOTAL ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS	<u><u>\$ 58,734,887</u></u>

The changes in the actuarial present value of accumulated plan benefits during the year ending December 31, 2020 are as follows:

Value at the beginning of plan year	\$ 59,423,501
Increase (decrease) attributable to:	
Benefits paid	(4,385,903)
Reduction in average discount period	3,989,670
Administrative expenses paid	(554,074)
Actuarial experience and accumulation of benefits	261,693
	<hr/>
ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS, DECEMBER 31, 2020	<u><u>\$ 58,734,887</u></u>

The above calculations were determined by the actuary for the Plan, Milliman, using the entry age normal actuarial cost method. The actuary is responsible for the computation of the necessary funding provisions of ERISA as they apply to the Plan.

The increase in the present value of accumulated plan benefits is attributed to the benefit accruals earned by actives and other liability/demographic experience during the 2020 plan year.

Additional pertinent information is contained in the actuarial report dated January 13, 2022, presenting the results of the actuarial valuation of the Plan as of January 1, 2021. The actuary of the Plan is currently preparing a valuation as of January 1, 2022, but as of the date of this report it has not been completed.

6. PLAN TERMINATION

The Trustees may terminate the Plan in whole or in part, to the extent the termination is permitted by law. If the Plan is partially or completely terminated, all affected Plan participants will become fully vested in the benefits, to the extent funded, they have earned as of the termination date.

Upon termination, and after any necessary approval of the Pension Benefit Guaranty Corporation ("PBGC"), the Trustees shall apply the Trust to pay or to provide for the payment of any and all obligations of the Plan and shall distribute and allocate all assets of the Trust in accordance with the provisions of the Plan; provided, however, that no part of the corpus or income of the Trust shall be used for or diverted to purposes other than for the exclusive benefit of the participants, former participants or their beneficiaries or dependents, or the administrative expenses of the Plan or for other payments in accordance with the provisions of the Trust agreement. If the assets held under the terminated Plan are insufficient to discharge the obligations of the Plan, the degree of insurance coverage, the priority of claims and the distribution of assets and insurance proceeds to all claimants shall be in accordance with PBGC regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fifth Third Bank, the custodian, therefore, these transactions qualify as party-in-interest. These transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations.

8. TAX STATUS

The Internal Revenue Service ("IRS") issued its latest determination letter dated August 11, 2015 applicable to amendments adopted through January 20, 2010 which states that the Plan continues to qualify under the appropriate sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Board of Trustees and tax counsel believe that the Plan is designed and is currently operated in compliance with applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RETAIL EMPLOYERS PENSION PLAN**
NOTES TO FINANCIAL STATEMENTS (Continued)

9. RELATED PARTY TRANSACTIONS

The Plan has an Administrative Services Agreement with the Heartland Benefit Plan Administrators, LLC (the LLC), which is a related entity of the Heartland Health & Wellness Fund (the Fund). The Plan shares some common Trustees with the Fund. Under this arrangement certain administrative expenses are shared by the Plan, the Fund, and UFCW Heartland Pension Fund based on an allocation methodology approved by the Board. Administrative costs attributable to only one plan are paid directly by that plan. Shared administrative expenses were \$141,223 and \$147,566 for the years ended December 31, 2021 and 2020, respectively. As of December 31, 2021 and 2020, the amounts owed for these administrative services were \$11,562 and \$10,193 and are included in accounts payable on the statements of net assets available for benefits.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

Appendix A – Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded and accounted for. There are several commonly-used cost methods which differ in how much of the ultimate cost is assigned to each prior and future year.

Actuarial Cost Method

The actuarial cost method used for determining the plan's ERISA funding requirements and the FASB ASC Topic 960 accounting requirements is the unit credit actuarial cost method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on service at both the beginning and the end of the current year. The plan's normal cost is the sum of the present value of the portion of each active participant's benefit attributable to the current year of service. The plan's accrued liability is the sum of (a) the present value of the portion of each active participant's accrued benefit attributable to all prior years of service plus (b) the present value of each inactive participant's future benefits.

Funding Requirements

Each year employer contributions must fund the normal cost and amortize a portion of the unfunded actuarial accrued liability. IRS minimum funding rules specify amortization schedules for the unfunded actuarial accrued liability, depending on the source of increase or decrease (Plan amendments, assumption changes, gains/losses, etc.).

Another factor can also affect funding requirements. The excess, if any, of past contributions over the accumulated minimum required amount creates a credit balance, which may be used to offset the minimum required contribution.

Asset Valuation Method

Five-year smoothing method. The actuarial value of assets is equal to the market value of assets adjusted to recognize differences between the expected value of assets and the actual market value of assets over five years at a rate of 20% per year. The expected value of assets for the year is the market value of assets at the valuation date for the prior year brought forward with interest at the valuation rate to the current year plus contributions minus benefit payments, all adjusted with interest at the valuation rate to the valuation date for the current year. The actuarial value of assets cannot be less than 80% or more than 120% of the market value of assets.

Attachment to 2021 Form 5500
Schedule MB, line 6 - Statement of Actuarial Assumptions/Methods
Central Ohio UFCW Unions and Retail Employers Pension Plan
EIN/PN: 31-6089169/001

Special Amortization Rule

The Plan's investment loss for the plan year ended December 31, 2008 is treated separately from other investment gains/losses to be amortized in equal installments over the period beginning from January 1, 2009 through December 31, 2037.

The portion of the net experience loss is based on the prospective method as described in Notice 2010-83. The total loss of \$17,667,545 equals the investment loss for the year ended December 31, 2008. The schedule of amortization bases is as follows:

Year	Initial Amount (Gain)/Loss	Years in Amortization Base	Years in Offset Base
1/1/2009	\$10,612,985	29	15
1/1/2010	1,415,986	28	15
1/1/2011	1,250,221	27	15
1/1/2012	1,469,826	26	15
1/1/2013	1,591,717	25	15
1/1/2014	<u>1,326,810</u>	24	15
Total	\$17,667,545		

Withdrawal Liability

The actuarial value of assets is used for determining unfunded vested benefit liability for withdrawal liability.

Changes in Actuarial Methods Since Prior Valuation

Effective with the 2021 plan year, the actuarial cost method used for determining the ERISA minimum funding requirement was changed from the entry age normal actuarial cost method to the unit credit actuarial cost method, and the asset valuation method was changed from four-year smoothing to five-year smoothing.

Appendix B – Summary of Actuarial Assumptions

A brief description of the assumptions used to determine the Plan's liability for future benefit payments and the value of future contribution income is presented below.

ECONOMIC ASSUMPTIONS

Interest Rates

ERISA minimum funding and FASB ASC Topic 960 plan accounting: 7.00% per year (net of investment-related expenses).

Rationale: The above interest rate assumption was selected based on the Plan's target asset allocation (updated in October, 2020 and shown below), combined with capital market assumptions from several sources, as well as published studies summarizing the expectations of various investment experts. This information was then used to develop forward looking expected long-term expected returns, producing a range of potential reasonable expectations according to industry experts. Based on this information, an assumption was selected that, in our professional judgement, is not expected to have any significant bias.

Asset Class	Target Allocation Percentages
Fixed Income	20.0%
US Equity	25.0
Non-US Equity	25.0
Real Estate	15.0
Diversified Asset Classes	10.0
Private Equity	5.0

Withdrawal liability: January 2021 PBGC annuity basis interest rates of 1.69% for the first 20 years and 1.66% thereafter.

Current liability (RPA '94): 2.08% per year.

Expenses

Administrative expenses: Assumed equal to the prior year administrative expenses (net of investment-related expenses) increased by 3% plus a reserve for reciprocity of \$0.25 per hour worked in prior year for active participants.

For FASB ASC Topic 960 plan accounting, the present value of the administrative expenses was calculated by projecting the payment of expected administrative expenses for the duration of the Plan's liabilities. The duration of the Plan's liabilities was calculated to be approximately 11 years as of January 1, 2021 and January 1, 2020.

Rationale: The expenses assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Mortality

ERISA minimum funding, FASB ASC Topic 960 plan accounting, and withdrawal liability: For non-disabled participants, RP-2014 Blue Collar mortality tables (male and female rates) with three year set forward adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a

generational basis with employee rates before commencement and annuitant rates after commencement. For disabled participants, RP-2014 Disabled mortality tables (male and female rates) adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year and projected forward using MP-2018 on a generational basis.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above-mentioned published mortality tables in which credible mortality experience was analyzed and made adjustments to reflect actual and projected plan experience. The assumption selected is reasonable for the contingency being measured and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Current liability (RPA '94): IRS 2021 annuitant and non-annuitant mortality tables (male and female rates) with projection for mortality improvement, updated annually, as mandated by the IRS.

Retirement

Active participants: Annual rates of retirement are shown in the following table for active participants who are eligible to retire.

Age	Rate
55-57	3%
58-60	2
61-64	12
65	20
66-69	15
70+	100

Based on the above rates, the Plan's weighted average retirement age from active service is 65.

Terminated vested participants: The assumed age of commencement of deferred benefits is age 62 for Tier 1 participants (except those noted below) and age 65 for Tier 2 participants, Tier 1 participants terminated before 10/1/1985 for Local 1059 and before 4/1/1985 for Local 75, and Meat Division participants.

Participants over the Plan's Normal Retirement Age who have not yet attained age 71 are assumed to receive an actuarially increased benefit at their deferred retirement date. For participants age 71 and older, it is assumed that not all will receive their actuarially increased benefit from the Plan.

Rationale: The retirement assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Termination

Annual rates of termination are based on age and years of Service. Sample select and ultimate termination rates used are shown in the following table.

Marital Characteristics

For participants not in pay status: Percentage of participants married are based on March, 2010 U.S. Census Bureau Table. Males are assumed to be three years older than spouses.

For participants in pay status: Actual birth dates of beneficiaries are included in the census data, where relevant.

For beneficiaries: Actual birth dates are included in the census data, where relevant.

***Rationale:** The marital characteristics assumption is based on past and projected experience and is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.*

Appendix C – Summary of Principal Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Definitions – Class 1059 Participants

Plan Year and Effective Date: The plan year is the calendar year. The plan was originally established effective as of September 1, 1967. The plan document was restated effective January 1, 2015 and amended effective January 1, 2021.

Union: Union Local 1059 chartered by the United Food and Commercial Workers International Union, AFL-CIO-CLC, or any other local union chartered by the United Food and Commercial Workers International Union which adopts the Plan.

Employers Included: Any employer who is not primarily engaged in the sale of food products and who enters into a collective bargaining agreement with the union requiring contributions to be made to the Plan. The term "employer" also includes the union, the Plan, and any jointly administered health and welfare, vacation, or other type of employee benefit plan to which any union or employer participating in the Plan is a party, which adopts the Plan in accordance with its provisions.

Employees Included: Any person will commence participation on the January 1 or July 1 following the last to occur of (a) the date the first contribution on his behalf is made to the Plan, (b) his attainment of age 21, and (c) the first anniversary of the date his employment commenced if he has then had at least 455 hours of service. Anyone included under the prior provisions of the Plan as of October 31, 1986 will continue as a participant.

Vesting Service: "Vesting service" determines a participant's eligibility for benefits and consists of the following periods of employment, unless provided otherwise in the employer's participation agreement:

- (a) For the period before an employer's participation date, an employee will receive one year of vesting service for each calendar year in which he had three months of employment. Vesting service for that period may also be given for excused years and employment by nonparticipating employers.
- (b) For the period after an employer's participation date, an employee covered by a collective bargaining agreement will receive a full year of vesting service if he earns 455 or more hours of service in a calendar year.
- (c) However, if an employee is not covered by a collective bargaining agreement, his vesting service will be determined on an elapsed time basis and then only if such noncovered employment immediately precedes or follows employment with the same employer that is covered by a collective bargaining agreement and there is no intervening quit, retirement or discharge.

Benefit Service: "Benefit service" determines the amount of a participant's benefit and is based on calendar years as follows:

- (a) For the period during which no contributions were made on behalf of the employee because contributions were not required per the Collective Bargaining Agreement, he will receive one year of benefit service for 12 months of employment after the employee's participation date, provided he received vesting service as provided in the Vesting Service definition above. If he had less than 12 months of employment, he will receive

a partial year of benefit service based on quarters, and no benefit service for less than 3 months of employment.

- (b) For the period before 1976 during which contributions were made on behalf of the employee, he will receive one full year of benefit service if he earned 1,820 or more hours of service; a partial year based on quarters if he earned less than 1,820 hours, but at least 455 hours; and no benefit service for less than 455 hours of service. For the period after 1975 during which contributions were made on behalf of the employee, he will receive benefit service in accordance with the following schedule:

Hours of Service Earned	Years of Benefit Service before January 1, 2010	Years of Benefit Service after December 31, 2009
1,800+	1.00	1.00
1,700 – 1,799	0.88	0.88
1,600 – 1,699	0.83	0.83
1,500 – 1,599	0.78	0.78
1,400 – 1,499	0.73	0.73
1,300 – 1,399	0.68	0.68
1,200 – 1,299	0.63	0.63
1,100 – 1,199	0.58	0.58
1,000 – 1,099	0.53	0.53
900 - 999	0.48	0.48
800 - 899	0.43	0.43
750 - 799	0.38	0.38
455 - 749	0.25	0.00
< 455	0.00	0.00

An employee whose participation or re-participation in the Plan commences after 1975 on some day other than January 1 will receive benefit service for such year equal to his hours of service divided by 2,080 even though he earned less than 455 hours of service provided he earned a full year of vesting service for such calendar year.

Normal Pension – Class 1059 Participants

With respect to service earned before January 1, 2010, Normal Retirement Age is on or after attainment of age 62 and the completion of either 5 years of vesting service or five years of Plan participation after January 1, 1988.

With respect to service earned after December 31, 2009, Normal Retirement Age is on or after attainment of age 65 and the completion of either 5 years of vesting service or 5 years of Plan participation after January 1, 1988.

Attachment to 2021 Form 5500
Schedule MB, line 6 - Summary of Plan Provisions
Central Ohio UFCW Unions and Retail Employers Pension Plan
EIN/PN: 31-6089169/001

For those participants hired or rehired after December 31, 2005 subject to the special benefit rates described in the paragraph 5 below, Normal Retirement Age is on or after attainment of age 65 and completion of 5 years of vesting service.

If the participant earns at least 455 hours of service after September 30, 1997, the monthly pension on a single-life basis is equal to the sum of (a), (b), (c), (d), (e) and (f) below:

- (a) \$29.50 multiplied by participant's years of Benefit Service for Benefit Service earned prior to January 1, 2000, plus:
- (b) \$36.50 multiplied by participant's years of Benefit Service earned after January 1, 2000 and prior to January 1, 2004 (excluding active participants who were transferred to the Southwestern Ohio Plan effective July 1, 2000), plus:
- (c) \$29.50 multiplied by a participant's years of Benefit Service earned between January 1, 2004 and December 31, 2005, plus:
- (d) \$17.50 multiplied by a participant's years of Benefit Service earned between January 1, 2006 and December 31, 2009, plus;
- (e) \$13.50 multiplied by a participant's years of Benefit Service earned between January 1, 2010 and December 31, 2020, plus;
- (f) \$18.50 multiplied by a participant's years of Benefit Service earned after December 31, 2020.

For those participants who are hired by participating employers after December 31, 2005, their benefit rate for Benefit Service earned under the Plan shall be \$14 for Benefit Service earned before January 1, 2010, \$10 for Benefit Service earned after December 31, 2009 to December 31, 2020 and \$15 for Benefit Service earned after December 31, 2020. These benefit rates shall also be applied to participants who had earned Benefit Service in the Plan prior to January 1, 2006, and who terminated their employment with a participating employer and who were then rehired by an employer participating in the Plan after December 31, 2005 with regard to any Benefit Service earned by such individual after their rehire.

The Plan contains special conditions regarding the following current (or former) employers: Gamble's Soft-Line Distribution Center, Ohio Lamp and Fixture Company, Dolly Madison - Columbus and Huntington, Goldman's Inc., Concord City Clothing, Inc., Seaway Distributing, Inc., and Cook United.

The monthly amount of any pension benefit payable to a former participant who is ineligible to have the amount of his benefit computed at the \$29.50 pension benefit rate will be increased by 15.56% effective January 1, 1998. (Not including deferred vested retirees whether or not in pay status and not including certain participants with special limitations as described in the previous paragraph.)

Early Pension – Class 1059 Participants

Early retirement on or after the participant's 55th birthday and completion of 5 or more years of vesting service or 10 or more years of vesting service if participant is subject to benefit rates described in the fifth paragraph of the Normal Pension Benefit plan provision above.

Monthly pension on a single-life basis payable at a participant's Normal Retirement Age is computed in the same manner as a Normal Pension described above.

If payment commences prior to the participant's Normal Retirement Age, the amount is reduced by 1/12 of 3% for each month that the pension commencement date precedes age 62, except for Benefit Service earned after December 31, 2009, that amount is reduced by 1/12 of 6% for each month the pension commencement date precedes age 65.

If the participant is subject to the benefit rates described in the fifth paragraph of the Normal Pension Benefit plan provision above, the amount is reduced by 1/12 of 6% for each month that the pension commencement date precedes age 65.

Vested Pension – Class 1059 Participants

Termination of employment after any age and completion of 5 or more years of vesting service.

Monthly pension on a single-life basis payable at Normal Retirement Age is computed in the same manner as a Normal Pension described above. If payments commence prior thereto, the amount is as described in the Early Pension plan provision above if the participant meets the requirements for an Early Pension.

Surviving Spouse Benefit – Class 1059 Participants

Upon death of a vested terminated employee or an active vested employee, the spouse will be entitled to a life annuity equal to one-half of the benefit the participant would have been entitled to receive in the form of a Fifty Percent Participant and Spouse Annuity as of the first day of the month in which the participant would have attained age 55 if the participant met the service requirements for an Early Pension before his death or termination of employment. Otherwise the benefit will commence as of the first day of the month in which the participant would have attained age 65.

Forms of Payment – Class 1059 Participants

Automatic Fifty Percent Participant and Spouse Annuity: If a participant is married on the date his pension payment commences, payment will be made in the form of a Fifty Percent Participant and Spouse Annuity unless he elects otherwise in writing. Under this form of payment, a reduced amount will be paid to the participant for his lifetime, and his surviving spouse will receive thereafter a lifetime survivorship pension equal to 50% of the participant's reduced pension. The reduced pension payable to the participant is calculated in accordance with a schedule set forth in Appendix B of the Plan document.

Optional Benefits: If payment of an Early Pension commences before the participant is eligible to receive a Social Security benefit, he may elect the level income option, the level income 50% participant and spouse annuity, or the level income 75% participant and spouse annuity. The 75% participant and spouse annuity and 50% participant and spouse annuity with pop-up feature are also available. The Plan also provides the quarterly, semi-annual or lump sum payments of a pension of less than \$25, and small pensions with an actuarial value of \$1,000 or less.

Definitions – Class 75 Participants

Plan Year and Effective Date: The plan year is the calendar year. The plan was originally established effective as of September 1, 1967. The plan document was restated effective January 1, 2015 and amended effective January 1, 2021.

Union: Local No. 75 chartered by the United Food and Commercial Workers International Union, AFL-CIO-CLC.

Employers Included: Any employer that signs a collective bargaining agreement with the Union or an agreement with the trustees requiring contributions to the Plan, and makes the required contributions. Also, the Union, the Plan and any other related jointly administered plan accepted for participation by the trustees, and which makes the required contributions.

Employees Included: An employee of an included employer will become a participant on the January 1 or July 1 after the last to occur of (a) the date for which the first contribution is due to the Plan on his behalf, (b) his 21st birthday, and (c) the last day of a 12-month period, measured by anniversaries of his date of hire, during which he

has completed at least 520 hours of service (which may include the crediting of 190 hours in any month of employment by an employer when a Plan contribution was not required).

Vesting Service: A participant's Vesting Service determines eligibility for a vested benefit, and is principally based on calendar years in which an employee has at least 520 Hours of Service while covered by a collective bargaining agreement with the Union.

Benefit Service: The amount of benefit payable under the Plan is determined by a participant's Benefit service, principally based on calendar years in which an employee had contributions made to the Plan on his behalf, with credit for the calendar year determined by the following schedule:

Hours of Service Earned	Years of Benefit Service before January 1, 2010	Years of Benefit Service after December 31, 2009
1,800+	1.00	1.00
1,700 – 1,799	0.88	0.88

For pension computation purposes, past service credits are reduced by 20% with respect to employment periods prior to 1971 with Greenhill's Consumer Service, Inc. and by 20% for employment prior to May 1, 1974 with Dolly Madison Bakeries. Employees of Super-X Drug Store No. 123 shall receive no past service credit for employment prior to April 5, 1978.

Normal Retirement Benefit – Class 75 Participants

With respect to service earned before January 1, 2010, Normal Retirement Age is on or after attainment of age 62 and the completion of either 5 years of vesting service or five years of Plan participation after January 1, 1988.

With respect to service earned after December 31, 2009, Normal Retirement Age is on or after attainment of age 65 and the completion of either 5 years of vesting service or 5 years of Plan participation after January 1, 1988.

For those participants hired or rehired after December 31, 2007, Normal Retirement Age is on or after attainment of age 65 and completion of 5 years of vesting service.

The amount of the normal pension in the form of a monthly income for life is equal to the sum of (a), (b), (c) (d), (e) and (f) below:

(a) \$29.50 multiplied by the participant's years of benefit service for benefit service earned through December 31, 2004, and

(b) For benefit service earned after December 31, 2004

- \$25.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.76 or more per Hour of Service;
- \$16.90 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.57 or more but less than \$.76 per Hour of Service;
- \$8.50 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.38 or more but less than \$.57 per Hour of Service, plus

(c) For benefit service earned after December 31, 2007

- \$14.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.76 or more per Hour of Service;
- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.57 or more but less than \$.76 per Hour of Service;
- \$7.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.38 per Hour of Service but less than \$.57 per Hour of Service; plus

(d) For benefit service earned after December 31, 2009

- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.86 or more per Hour of Service;
- \$7.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.67 or more but less than \$.86 per Hour of Service;
- \$4.80 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.48 or more but less than \$.67 per Hour of Service.

(e) For benefit service earned after December 31, 2011

- \$10.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$1.06 or more per Hour of Service;

(f) For benefit service earned after December 31, 2020

- \$15.00 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$1.27 or more per Hour of Service;
- \$7.40 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.87 or more but less than \$1.27 per Hour of Service;
- \$4.80 multiplied by the participant's years of benefit service which are attributable to Hours of Service for which contributions are made to the Plan at the rate of \$.68 or more but less than \$.87 per Hour of Service.

Early Pension – Class 75 Participants

"Early pension" is payable upon employee's retirement after attainment of age 55 and completion of 5 or more years of vesting service or 10 or more years of vesting service if participant was hired or rehired after December 31, 2007.

Monthly pension on a single-life basis payable at a participant's Normal Retirement Age is computed in the same manner as a normal pension above.

If payment commences prior to the participant's Normal Retirement Age, the amount is reduced by 1/12 of 3% for each month that the pension commencement date precedes age 62, except for Benefit Service earned after December 31, 2009, that amount is reduced by 1/12 of 6% for each month the pension commencement date precedes age 65.

If the participant was hired or rehired after December 31, 2007, the amount of benefit related to service earned after that date is reduced by 1/12 of 6% for each month that the pension commencement date precedes age 65.

Vested Pension – Class 75 Participants

The right to a vested benefit is attained upon completion of 5 or more years of vesting service.

Monthly amount of vested pension commencing at Normal Retirement Age is determined as for normal retirement, considering benefit service to actual termination.

For participants who terminated before July 1, 2000, if payments begin before Normal Retirement Age, the amount is reduced by 1/12 of 6% for each month of early payment prior to age 65 (or age 62 if 520 hours of service were earned after April 1, 1985). If 520 hours of service earned after December 31, 1999 and termination after July 1, 2000, the amount is reduced by 1/12 of 3% for each month of early payment prior to age 62.

For participants who terminate after December 31, 2009, if payments commence prior Normal Retirement Age, the amount is as described in the Early Retirement Benefit plan provision above if the participant meets the requirements for an Early Pension.

Surviving Spouse Benefit – Class 75 Participants

Upon death of a vested terminated employee or an active vested employee, the spouse will be entitled to a life annuity equal to one-half of the benefit the participant would have been entitled to receive in the form of a Fifty Participant and Spouse Annuity as of the first day of the month in which the participant would have attained age 55 if the participant met the service requirements for an Early Pension before his death or termination of employment. Otherwise the benefit will commence as of the first day of the month in which the participant would have attained age 65.

Forms of Payment – Class 75 Participants

Automatic Fifty Percent Participant and Spouse Annuity: The benefit of a participant who is married when his pension payments commence will be paid in the form of a Fifty Percent Participant and Spouse Annuity, unless he elects a monthly income for life. Under this form of payment, a reduced income is payable to the participant for life, and an amount equal to 50% of the benefit is paid to the surviving spouse after the participant's death. The reduced amount is determined by a table in the Plan which varies the reduction according to relative ages of the participant and the spouse. A separate table applies only to disabled retirees.

Optional Benefits: The following optional forms of payments are available for non-disability retirements after July 1, 2000:

- (a) 50% Participant and Spouse Annuity with Pop Up Feature
- (b) Level Income Option
- (c) Level Income Option with 50% Participant and Spouse Annuity
- (d) Level Income Option with 75% Participant and Spouse Annuity
- (e) 75% Participant and Spouse Annuity

If the actuarial equivalent of a participant's pension is less than \$5,000, a lump sum payment shall be made in lieu of such pension subject to the participant's consent.

Plan Merger

Effective October 1, 1991, the UFCW Union Local 1099 - Meat Division Pension Plan was merged into this Plan. Former participants in the Local 1099 Meat Plan receive, at retirement, a benefit equal to:

- (a) The benefit accrued under the Local 1099 - Meat Division Pension Plan for service through September 30, 1991, plus
- (b) The benefit computed under the provisions of this plan based on service, if any, on or after October 1, 1991.

Changes in Principal Plan Provisions Since Prior Valuation

This valuation reflects the plan provisions in effect on January 1, 2021, which are the same provisions that were valued in the January 1, 2020 actuarial valuation report except:

- The \$13.50 multiplier increased to \$18.50 for years of Benefit Service earned after December 31, 2020
- The \$10.00 multiplier increased to \$15.00 for years of Benefit Service earned after December 31, 2020.
