INDEPENDENT AUDITORS' REPORT-2021

Plan Administrator and Participants
J.F. Allen Company
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to audit the accompanying financial statements of J.F. Allen Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of J.F. Allen Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of J.F. Allen Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about J.F. Allen Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of J.F. Allen Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about J.F. Allen Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT - 2020

Plan Administrator and Participants
J.F. Allen Company 401(k) Profit Sharing Plan

We were engaged to audit the accompanying statement of net assets for benefits of J.F. Allen Company 401(k) Profit Sharing Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4 which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The J. F. Allen Company 401(k) Profit Sharing Plan (the Plan), as restated, was established by the J. F. Allen Company on December 1, 1976. It is designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and salary reduction plan covering substantially all employees of the J. F. Allen Company, Keystone Stabilization, LLC, Cooper Asphalt, LLC, and Alcon Trucking Company (Controlled Group of Employers) who have thirty days of service (immediately for Davis Bacon contributions, one year of service for purposes of Employer's safe harbor contributions, and two years for purposes of Employers' discretionary contributions) and are age eighteen or older. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Davis Bacon contributions begin immediately and are not subject to any age restriction. Employees covered by collective bargaining agreements are excluded from the Plan.

Contributions

Each year, plan participants may elect to contribute up to 100% of their pretax annual compensation not to exceed the maximum allowable by the Internal Revenue Code as defined in the Plan agreement. Both pre-tax and after-tax (Roth) deferrals are permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 3% of eligible compensation and their contributions invested in the designated balanced fund until changed by the participant. Additionally, each April 1, the deferral rate is increased 1% until it reaches a maximum of 6%. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers"). Contributions are subject to certain limitations as defined in the Plan agreement, and as limited by statute.

Beginning in 2009, certain employees agreed to contribute 50% of the fringe benefit portion of prevailing wages earned, which can be in addition to salary reduction contributions. The Employers can contribute to the Plan a discretionary amount.

Beginning in 2019, the Plan implemented a Safe Harbor function within the Plan. The Safe Harbor function requires the Plan Sponsor to make non-elective contributions of at least 3% of the compensation for all eligible participants.

J.F. ALLEN COMPANY
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

For the year ended December 31, 2021, the employer contributed \$691,004, through prevailing wage fringe benefits, profit sharing, and safe harbor non-elective contributions, to participant accounts.

Participant Accounts

Each participant's account is credited with the participant's elective salary reductions and an allocation of (1) the Employers' discretionary contributions, (2) fringe benefit related contributions, (3) the Employer's safe harbor contributions, and (4) the Plan's earnings. Allocations are based on participant compensation or account balances, as defined. Participant accounts are invested in accordance with each participant's request to one or more of several funds.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions or the percentages invested in each of these options, or transfer funds among these options on any business day.

Vesting

Participants are immediately vested in all contributions to the Plan, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow up to 50% of their account balance. The maximum loan amount is \$50,000. Loans are required to be repaid, through payroll deductions, within five years. All loans bear interest at rates ranging from 4.25% - 6.25%. Outstanding loans as of December 31, 2021 and 2020 amounted to \$98,539 and \$62,626, respectively.

Payment of Benefits

Upon retirement and certain other events, participants will receive their account under one of more of the options available under the Plan.

Forfeited Accounts

Forfeitures are to be used to pay Plan expenses or reduce future employer contributions. During the year ended December 31, 2021, the Plan did not incur additional excess aggregate forfeitures. At December 31, 2021 and 2020, there were no forfeited non-vested account balances.

**J.F. ALLEN COMPANY
401(k) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Amendments

In 2019, the Board of Trustees amended the Plan. This amendment allowed for the inclusion of Cooper Asphalt, LLC to participate in the Plan. Cooper Asphalt, LLC is part of the same controlled group as the other participating employers. The new employer adopted and agreed to be bound by the terms of the Plan, effective January 1, 2019.

In 2019, the Board of Trustees amended the Plan to add a 3% Safe Harbor and change the investment structure within the plan. The Plan Sponsor has elected to make annual, minimum contributions of 3% of the compensation for all eligible participants. The Plan investments were adjusted from money market and mutual fund accounts measured at fair market value, to a fully benefit-responsive investment contract measured at contract value and pooled separate accounts measured at fair market value (SEE Note 2 for investment valuation accounting policies). Additionally, as a result of the change in investments to insurance contracts, the investments are now certified by Massachusetts Mutual Life Insurance Company ("Mass Mutual"). The amendments made to the Plan were effective January 1, 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on an appropriate current market rate adjusted for the counterparty's credit quality, liquidity, and any risk margins on unobservable parameters, over the accounts expected duration.

J.F. ALLEN COMPANY
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Under certain requirements of professional accounting and financial reporting standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by professional accounting standards, the Statement of Net Assets Available for Benefits presents the guaranteed investment contract at contract value.

The value of a unit in a pooled separate account is the fair market value of investments in the account as of the valuation date, plus cash balances and accruals less accounts payable, expenses and taxes that are allocable to the account, divided by the number of outstanding participation units in the account. Securities held in the pooled separate accounts are valued based on quoted market prices. If there is no readily available market value for a particular security, the investment manager will determine the fair market value of such investment in accordance with accepted practices and applicable laws and regulations. As of any date, the value of the Plan's share of a separate account will equal the number of participation units held by the Plan multiplied by the participation unit value.

The Plan does not require collateral to secure investment instruments.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid for by the Company and are excluded from these financial statements. Fees paid by the Plan are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued. There has been no material event noted during the period that would either impact the results in the report or the Company's results going forward.

NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The plan maintains, as an investment option for participants, a benefit responsive investment contract through Massachusetts Mutual Life Insurance Company (“Mass Mutual”). Mass Mutual maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no allowances against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis and can be changed at any time by Mass Mutual with written notice.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents including those that adversely affects Mass Mutual’s sole determination, (2) changes to the Plan’s prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract value of the investment contract at December 31, 2021 and 2020, was \$300,520 and \$335,077, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts

Investments in the Plan's variable investment account (pooled separate account) are reported at fair value in the accompanying statement of net assets available for benefits.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. The Plans investments held in the pooled separate account and administered by Mass Mutual are valued entirely using Level 2 inputs (observable inputs other than quoted prices for identical assets).

The valuation methodology used for the assets measured at fair value and held in the pooled separate account was the accumulated units of the variable investment that are credited to participant's account (also known as the participant's variable investment account "Account Value").

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Fair Value Measurement at the End of the Reporting Period using:	
	Fair Value	Active Markets Level 2
December 31, 2021		
Pooled Separate Account:		
Mutual funds	\$ 15,156,566	\$ 15,156,566
Total investments at fair value	<u>\$ 15,156,566</u>	<u>\$ 15,156,566</u>

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Fair Value Measurement at the End of the Reporting Period using:	
	Fair Value	Active Markets Level 1
December 31, 2020		
Pooled Separate Account:		
Mutual funds	\$ 13,063,623	\$ 13,063,623
Total investments at fair value	<u>\$ 13,063,623</u>	<u>\$ 13,063,623</u>

The preceding methods described may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020, are reported in net appreciation in fair value of investments.

NOTE 5 – INFORMATION CERTIFIED BY PLAN TRUSTEE

The trustee of the Plan has certified that certain information is complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021. Such information includes the composition, cost and current value of all investments, as reported in the statement of net assets available for benefits, and the interest and dividends and net appreciation in fair value of investments, as reported in the statement of changes in net assets available for benefits.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

NOTE 8 – TAX STATUS

On December 22, 1994, the employers adopted a regional prototype cash or deferred profit-sharing plan and trust for the J. F. Allen Company 401(k) Profit Sharing Plan. The Internal Revenue Service has determined and informed the sponsor of the regional prototype plan by letter dated May 19, 1993 that the regional prototype plan and related trust are designed in accordance with applicable provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 9 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The principal owners of J.F. Allen Company (the plan sponsor) are also the trustees of J.F. Allen Company 401(k) Profit Sharing Plan. J.F. Allen Company provides certain accounting and administrative services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions. Plan administrative expenses of \$84,440 for the year ended December 31, 2021 are comprised of investment advisory, recordkeeping, information management, and program and administrative fees paid to the plan trustee and recordkeeper.

NOTE 10 – CARES ACT AND SECURE ACT

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of the new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan’s assets. The Plan is not able to estimate the effects of the COVID-19 outbreak on investment values and returns for future reporting periods.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

The Plan has also implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan to, among others, allow in-service withdrawals for childbirth and adoption expenses, allow retirees to delay taking RMD until age 72, and increase the maximum amount of the automatic contribution from 10% to 15%. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
