## **Independent Auditor's Report**

RSM US LLP

Participants and Retirement Plan Committee  
Roseman University of Health Sciences Defined Contribution Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements**

We have performed an audit of the financial statements of Roseman University of Health Sciences Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion on the 2021 Financial Statements**

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion on the 2021 Financial Statements**

As described in Note 9, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

### **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the 2021 Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

#### **Other Matters**

##### **2021 Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

##### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated October 14, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

## Roseman University of Health Sciences Defined Contribution Plan

### Notes to Financial Statements

---

#### Note 1. Description of Plan

The following description of Roseman University of Health Sciences Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan document, which is available from the Plan Administrator, for a more complete description of the Plan's provisions.

**General and eligibility:** The Plan is a defined contribution plan covering substantially all employees of Roseman University of Health Sciences (the University or Plan Sponsor). Employees are eligible to participate in the Plan immediately upon commencement of employment. Employees who normally work less than 20 hours per week, independent contractors, leased employees, or employees who are students enrolled and regularly attending classes at the University are not eligible to participate in the Plan.

The Plan utilizes Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (together, TIAA-CREF), and Transamerica Retirement Solutions, LLC (Transamerica), as the record keepers and TIAA-CREF and State Street Bank and Trust Company (State Street) as asset custodians for the Plan. The Plan was established effective December 17, 2003, in accordance with the provisions of Section 403(b) of the Internal Revenue Code (the IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The vice president of facilities and risk management of the University serves as the Plan Administrator. An individual university executive is the designated trustee for the Plan.

**Contributions:** Eligible employees may elect to contribute a percentage of their eligible compensation, as defined in the Plan, up to the annual limit allowed by the IRC. The University's matching contributions are equal to 125% of each participant's salary reduction contributions of up to 6%, resulting in a maximum matching contribution of 7.5% of eligible compensation. The Plan also permits employees to make Roth deferral contributions. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the calendar year shall be eligible to make catch-up contributions in accordance with, and subject to, the limitations of Section 414(v) of the IRC. All employees who have 15 years of service with a qualified organization may also make special catch-up contributions in accordance with, and subject to, the limitations of Section 402(g). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All current Plan contributions are deposited to accounts held at State Street. Participants with accounts at TIAA-CREF can opt to leave their funds in those investments or request transfers to other investments held by State Street.

**Participant accounts:** Each participant's account is credited with (a) the participant's contributions, (b) the University's matching contribution and (c) an allocation of Plan earnings, and is charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

**Vesting:** Participants are immediately 100% vested in their contributions, University matching contributions and earnings thereon.

#### Note 1. Description of Plan (Continued)

**Notes receivable from participants:** Participants can borrow funds at a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in Transamerica. Effective October 1, 2020, participants can have up to two loans outstanding at a time. Prior to October 1, 2020, participants could have up to four loans outstanding. The loans are secured by the participant's account balance and bear interest at a reasonable rate based on the prevailing rates charged by persons in the business of lending money for loans that would be made in similar circumstances. The terms of the loan shall not exceed five years unless the purpose of the loan is for the purchase of the participant's primary residence, in which case the term of the loan shall not exceed 15 years. Principal and interest are paid ratably through at least quarterly payroll deductions or repaid directly to the Plan. Loans to participants are available only through Transamerica.

**Benefits and withdrawals:** Upon termination of service, retirement, death or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated Plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, fixed annuities, variable annuities or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes. Minimum required distributions for participants who have reached age 70½ also apply per Internal Revenue Service (IRS) regulations.

**Transfers between accounts:** Participants are permitted to transfer funds between their CREF pooled separate account, variable annuity contracts and mutual funds, and into the TIAA annuity account at any time. However, transfers out of the TIAA annuity account into any CREF account held by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of 10 years.

**Plan loans:** Participants may borrow directly against their TIAA Traditional Annuity using a portion of their Plan account as security for the loan from TIAA-CREF. These loans do not occur directly within a participant's account, nor are they assets of the Plan. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their balance in the TIAA Traditional Annuity account. To secure Plan loans, participants are required to pledge as collateral TIAA Traditional Annuity account value equal to 110% of the outstanding loan balance in the event of default. Interest on these loans is paid directly to TIAA-CREF with rates ranging from 4.00% to 4.92% and maturity dates through August 2029 as of December 31, 2021 and 2020, respectively.

Participants had outstanding Plan loan balances due to TIAA-CREF of \$130,198 and \$186,070 as of December 31, 2021 and 2020, respectively. These loans were collateralized by Traditional Annuity account balances of \$271,950 and \$359,407 as of December 31, 2021 and 2020, respectively.

**Termination:** The University intends to continue the Plan indefinitely, but reserves the right to amend, modify, terminate or discontinue further contributions or payments under the Plan at any time, subject to the provisions of ERISA.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates:** The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Risks and uncertainties:** Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. No allowances for credit losses have been recorded as of December 31, 2021 or 2020. Delinquent loans are treated as distributions, based on the terms of the Plan document.

**Payment of benefits:** Benefit payments to participants are recorded when paid.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment-related expenses are charged directly to the participant's account and are included in administrative expenses.

**Subsequent events:** The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

## Roseman University of Health Sciences Defined Contribution Plan

### Notes to Financial Statements

#### **Note 3. TIAA Traditional Annuity**

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA-CREF.

The Plan's TIAA Traditional Annuity investments are offered to the Plan through Group Retirement Annuity (GRA) contracts. The TIAA Traditional Annuity holdings within the GRA contract have liquidity restrictions and are nonbenefit-responsive. Distributions, withdrawals and transfers out of these contracts can only be made in 10 annual installments through Transfer Payout Annuities.

Contributions to the TIAA Traditional Annuities are used to purchase a guaranteed amount of future retirement benefits. TIAA provides participant annuities, which are considered unallocated contracts. The TIAA Traditional Annuities guarantee principal and a minimum interest crediting rate of 3%. Additional amounts above the guaranteed minimum interest crediting rate may be declared at the discretion of the TIAA Board of Trustees on an annual basis. When declared, the additional amounts remain in effect for the declaration year that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. During 2021 and 2020, the average crediting rate for these annuities was 4.65% and 3.25%, respectively.

#### **Note 4. Related-Party and Party-in-Interest Transactions**

The Plan invests in annuities and a pooled separate account managed by TIAA-CREF and also an interest-bearing cash account held by State Street. TIAA-CREF and State Street are custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

#### **Note 5. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Roseman University of Health Sciences Defined Contribution Plan

### Notes to Financial Statements

---

#### Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The determination of what constitutes observable inputs requires judgment by the Plan's management. Plan management considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

**Mutual funds:** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

**Pooled separate account:** The pooled separate account is valued at a daily unit value that is published on recognized exchanges, but the account is not traded on recognized exchanges. The account invests in real estate properties and real estate-related investments. Transfers out of the pooled separate account are limited to one per calendar quarter. Internal transfers into the TIAA pooled separate account will be prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed \$150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term.

**Variable annuities:** CREF variable annuities are valued at daily unit values that are published on recognized exchanges, but the funds are not traded on recognized exchanges. TIAA access variable annuities are valued at daily unit values that are published on the TIAA website. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the funds.

**Traditional annuities:** The TIAA traditional annuities are reported at fair value based on the contract value of the investments, which TIAA-CREF has indicated approximates fair value (see Note 3). This determination is based on TIAA-CREF's credit rating and yield during 2021 and 2020 being comparable to similar alternative investments, and the interest rate being comparable to a 10-year treasury bond.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

|                                      | 2021          |              |              |               |

#### Note 6. Benefit-Responsive Insurance Contract

The Plan has entered into a benefit-responsive insurance contract with The Standard Insurance Company (The Standard). The Standard maintains the participant-directed contributions in an account called The Standard Stable Asset Fund (the Fund). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to Plan participants.

Because the insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed insurance contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. These contracts are included in the financial statements at contract value, as reported to the Plan by The Standard.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There is no guaranteed crediting interest rate. Instead, the crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options

#### Note 6. Benefit-Responsive Insurance Contract (Continued)

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

#### Note 8. Tax Status

The Plan has adopted a volume submitter plan sponsored by Transamerica Retirement Solutions, LLC. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 9. Net Assets Available for Benefits

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) plans from annual Form 5500 reporting, disclosure and audit requirements under Title I of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan's year ended December 31, 2009. The Plan and TIAA-CREF have not maintained sufficiently detailed accounting records relating to the Plan's annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the completeness of the Plan's net assets available for benefits as of December 31, 2021 and 2020, and changes in net assets available for benefits for the year ended December 31, 2021, could not be verified.

#### Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
