Retirement Plans Oversight Committee and Plan Administrator
Antioch University Defined Contribution and Tax Deferred Annuity Plan
for Administrative Associate, Administrative and Faculty Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Antioch University Defined Contribution and Tax Deferred Annuity Plan for Administrative Associate, Administrative and Faculty Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated October 12, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Antioch University Defined Contribution and Tax Deferred Annuity Plan for Administrative Associate, Administrative and Faculty Employees

Notes to the Financial Statements

Note 1. Plan Description

The following brief description of the Antioch University Defined Contribution and Tax Deferred Annuity Plan for Administrative Associate, Administrative and Faculty Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan generally available to administrative associate, administrative and faculty employees of Antioch University (the University), except student employees and adjunct professors. If the employee is an administrative associate, administrative and faculty employees of Antioch University, they will immediately be eligible for the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to the maximum amount of pre-tax annual compensation, as defined by the Plan and as allowable under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year are eligible to contribute additional contributions, as allowable under the IRC. Also, any participant who has 15 years of service with the University may make Special Code Section 403(b) Catch-up Contributions. The Plan also permits employees to contribute amounts representing distributions from other qualified plans and Roth deferrals. The Plan allows the University to make discretionary contributions and to require participants to work at least 1,000 hours during the plan year in order to be eligible for the discretionary employer contribution. Effective July 2019, the University made discretionary, non-elective contributions based on job classification: 9% of compensation to executives and presidents, 6% of compensation to administrative and administrative associate participants, and 6% to faculty participants. Effective July 2020, the discretionary contribution for all eligible non-bargaining unit employees was reduced to 0% of compensation. Effective July 2021, the discretionary contribution was reinstated at 6% for all eligible non-bargaining unit employees.

In 2021, the University declared and paid a retroactive employer contribution based upon 6.25% of eligible compensation for July 1, 2020 through June 30, 2021, (the period of suspended discretionary contributions). The amount of the retroactive employer contribution for eligible non-bargaining unit employees was approximately \$1,182,000.

Participant accounts: Each participant's account is credited with the participant's contributions, the University's contributions and plan earnings. The allocation of the participant's and University's contributions follows the participant's directed investment options. Allocations of plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions as well as the University's contributions, plus actual earnings thereon.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes to the Financial Statements

Note 1. Plan Description (Continued)

Plan loans: Prior to February 2020, the Plan allowed plan loans where participants obtained loans directly from Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF), using a portion of their account balance in the Plan as security for the loan (see Note 8).

Notes receivable from participants: In February 2020, TIAA stopped issuing plan loans and notes receivable from participants were permitted where participants borrow directly from their plan accounts. Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. A participant is permitted to have three loans outstanding at a time. The loan amount processes as a reduction of the elected participant's investment funds on a pro-rata basis. Loan terms may not be greater than five years unless the loan qualifies as a home loan. The loans are secured by the balance in the participant's account and have a fixed interest rate of 1% over prime interest rate. As of December 31, 2021, the prime interest rate was 3.25%. Principal and interest is paid directly by the participant to TIAA and CREF.

Payment of benefits: On termination of service due to severance of employment, death, disability, or retirement, a participant or the beneficiary may elect to receive either a lump-sum amount equal to the vested value of his or her account, a partial payout, or installment payments as outlined by the Plan. A participant is also entitled to apply his or her individual account toward the purchase of an annuity contract.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the University at their discretion.

Note 2. Summary of Significant Accounting Policies

Plan termination: Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Basis of accounting: The financial statements are prepared under the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Antioch University Defined Contribution and Tax Deferred Annuity Plan
for Administrative Associate, Administrative and Faculty Employees**

Notes to the Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Except for certain contracts held by TIAA and CREF described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University determines the Plan's valuation policies utilizing information provided by the investment trustees and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions: Participant contributions are recognized when the employee's contribution is withheld from the employee's compensation. Employer contributions are recognized each pay date when the related compensation is paid to employees.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Approximately 43% and 44% of the Plan's investments are held in two funds at December 31, 2021 and 2020, respectively. As such, this is considered a concentration of credit risk.

The guaranteed annuity contract has been certified at contract value, which approximates fair value, as reported to the Plan by TIAA and CREF. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant causing the financial statements to become materially misstated.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF)

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by TIAA and CREF, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 30,690,519	\$ 28,386,114
Variable annuity contracts	89,948,057	82,913,380
Guaranteed annuity contract non fully benefit responsive	47,897,260	47,932,563
Pooled separate account	6,511,503	5,647,765
	<u>175,047,339</u>	<u>164,879,822</u>
Investments, at contract value:		
Guaranteed annuity contract—fully benefit responsive	8,663,191	8,671,165
	<u>\$183,710,530</u>	<u>\$173,550,987</u>
Notes receivable from participants	<u>\$ 102,881</u>	<u>\$ 103,843</u>

TIAA and CREF also certified to the completeness and accuracy of the net appreciation in the fair value of investments of \$16,622,875 and interest and dividend of \$3,043,865 for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Antioch University Defined Contribution and Tax Deferred Annuity Plan
for Administrative Associate, Administrative and Faculty Employees**

Notes to the Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: Valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Pooled separate account: The TIAA Real Estate Fund is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unitholder's investment rises and falls with the return on the underlying assets in the account.

Guaranteed annuity contract: The non-fully benefit responsive portion of the fixed annuity contract is reported at contract value which approximates fair value. This determination is based on TIAA and CREF's credit rating and yield during 2021 and 2020 being comparable to similar alternative investments and the interest rate which resets annually being comparable to a 10-year U.S. treasury bond.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,690,519	\$ -	\$ -	\$ 30,690,519
Variable annuity contracts	89,948,057	-	-	89,948,057
Guaranteed annuity contract—non-fully benefit responsive	-	-	47,897,260	47,897,260
Pooled separate account	6,511,503	-	-	6,511,503
	<u>\$127,150,079</u>	<u>\$ -</u>	<u>\$ 47,897,260</u>	<u>\$175,047,339</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,386,114	\$ -	\$ -	\$ 28,386,114
Variable annuity contracts	82,913,380	-	-	82,913,380
Guaranteed annuity contract—non-fully benefit responsive	-	-	47,932,563	47,932,563
Pooled separate account	5,647,765	-	-	5,647,765
	<u>\$116,947,259</u>	<u>\$ -</u>	<u>\$ 47,932,563</u>	<u>\$164,879,822</u>

Changes in fair value levels: The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

The Plan's Level 3 investment assets had purchases of \$2,265,274 and issuances of \$3,766,264 for the year ended December 31, 2021.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements: The following table represents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	2021 Fair Value	2020 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values

Notes to the Financial Statements

Note 5. Investment Contracts with TIAA and CREF

The Plan has a guaranteed annuity contract with TIAA and CREF. Under this contract are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the guaranteed fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA and CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are viewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following information relates to the non-fully benefit responsive investment contracts:

	2021	2020
Average yields:		
Based on actual earnings	3.55%	4.01%
Based on interest rate credited to participants	3.39%	3.99%

Investment contracts that are not fully benefit responsive are included in the financial statements at contract value as reported by TIAA and CREF. TIAA and CREF has reported to the Plan that contract value approximates fair value for these investments at December 31, 2021 and 2020.

**Antioch University Defined Contribution and Tax Deferred Annuity Plan
for Administrative Associate, Administrative and Faculty Employees**

Notes to the Financial Statements

Note 6. Party-in-Interest Transactions

Certain plan investments are managed by TIAA and CREF, the trustee of certain investments, and, therefore, these transactions qualify as party-in-interest.

Certain employees of the University provide administrative services for the Plan and are not reimbursed for their services from the Plan.

During 2021, the Plan paid administrative fees in the amount of \$176,895 to the trustee and plan service providers.

Note 7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America (U.S. GAAP) require plan management to evaluate tax positions taken by the Plan. As of December 31, 2021 and 2020, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain income tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. Generally, the statute of limitations restricts federal and state examinations by tax authorities to three to five years from the date of filing. When and if applicable, potential interest and penalty costs are accrued as incurred, with expenses recognized in income taxes in the statements of changes in net assets available for benefits.

Note 8. Plan Loans

Prior to February 2020, participants could borrow from TIAA and CREF using a portion of their plan account as security for the loan. The maximum loan amount may be the lesser of \$50,000 or 50% of their account balance. The loans bear interest at rates that range from 4.00% to 4.44%, which are commensurate with local prevailing rates as determined periodically by TIAA and CREF. Principal and interest is paid ratably through monthly or quarterly payments by the participants to TIAA and CREF. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

The loan balances as of December 31, 2021 and 2020, are \$56,183 and \$118,844, respectively. Under the borrowing terms, \$56,183 and \$118,844 of plan assets at December 31, 2021 and 2020, respectively, serve as collateral to these loans.

In the event of default, such loans are reportable to participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. At December 31, 2021 and 2020, there were outstanding loan balances in default of \$6,153 and \$5,898, respectively.

Notes to the Financial Statements

Note 9. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The Plan has implemented certain provisions allowed by the CARES Act, which allows special coronavirus-related distributions, an increase in plan loan amount, deferral of loan payments, and waiver of 2020 requirement minimum distributions. The features within the act were implemented during the year, as required by the IRS. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.
