Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Western National Group 401(k) Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Western National Group 401(k) Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Western National Group 401(k) Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Western National Group 401(k) Employee Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Western National Group 401(k) Employee Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Western National Group 401(k) Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Western National Group 401(k) Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and (2) Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Western National Group 401(k) Employee Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Western National Group 401(k) Employee Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the Western National Group 401(k) Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Subsequent to December 31, 2021, the Plan changed its name to WNG 401(k) Plan.

General

The Plan was adopted on January 1, 1993 to qualify as a defined contribution plan subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan covers substantially all employees of Western National Properties dba Western National Group, Multifamily Ancillary Group, Western National Securities, Resident Group Services, Inc., Western National Builders and Western National Contractors. Collectively, all of the employers will be known as the “Company” or “Employer”.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan with the exception of collectively bargained employees, non-resident aliens who received no compensation from the Company which constitutes U.S. source income and leased employees. Eligible employees who have attained at least 21 years of age may participate in the Plan on the first day of the month following completion of 3 months of service.

Subsequent to December 31, 2021, the eligibility requirements were amended to include interns, independent contractors, temporary or seasonal and Puerto Rico based employees as ineligible to participate in the Plan. In addition, the age requirement was removed.

Contributions

The Company’s eligible employees may contribute up to 100% of their eligible pre-tax compensation subject to the limitations as defined by the Internal Revenue Code (“IRC”) each year. Participants may also rollover amounts representing distributions from other qualified retirement plans.

The Company may make matching and/or profit sharing contributions as determined each year by the Company’s management. Participants must be at least 21 years of age and complete one year of service to be eligible for Company contributions. Subsequent to December 31, 2021, the age requirement to be eligible for Company contributions was removed. For the year ended December 31, 2021, the Company matched 50% of the participant’s deferral up to 6% of their eligible compensation.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Note 1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching and/or profit sharing contributions, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest are paid ratably through payroll deductions.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions and in their Company matching contributions and earnings on their Company matching contributions. Participants shall become vested in their Company discretionary contribution and earnings on Company discretionary contributions as follows:

<u>Years of Vested Service</u>	<u>Vested Percentage</u>
Less than one	0%
At least one year	20%
At least two years	40%
At least three years	60%
At least four years	80%
At least five years or more	100%

Note 1. Description of the Plan (continued)

Forfeitures

Forfeitures from Company contributions may be used to reduce future Company matching contributions or to pay Plan expenses. During the Plan year ended December 31, 2021, approximately \$46,300 of forfeitures were used to offset Company contributions and no amounts were utilized to offset administrative expenses. As of December 31, 2021 and 2020, total forfeitures available for use were approximately \$18,000 and \$27,000, respectively.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant accounts and are included in administrative expenses. Additionally, plan record-keeping fees that are not paid by forfeitures may be charged directly to participant accounts.

Investment management related expenses are included in net appreciation (depreciation) of fair value of investments. A portion of the investment management related expenses represent revenue sharing expenses earned by Great-West Life & Annuity Insurance Company (the record-keeper and insurance contract issuer) and Great-West Trust Company (the investment custodian). These revenue sharing fees are paid by certain investment funds held by the Plan. These fees are credited back to the Plan and have been netted with administrative expenses. These revenue sharing credits may be used to reduce Plan expenses or can be allocated to participants. Total revenue sharing credits of approximately \$123,700 were received by the Plan during the year ended December 31, 2021. Approximately \$120,400 of revenue sharing credits were used to pay Plan administrative expenses during the year ended December 31, 2021, and have been netted against administrative fee expenses on the statement of changes in net assets available for benefits. As of December 31, 2021 and 2020, the amount of available revenue sharing credits totaled approximately \$42,400 and \$38,800, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Participants may also elect to rollover to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding \$1,000 but not exceeding \$5,000, may be rolled into an individual retirement account. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment.

With the plan administrator's approval, in-service distributions are allowed from all or part of the participant's aggregate contributions in the event of financial hardship. In-service distributions are also allowed from all or part of the participant's vested account when the participant reaches the age of 59½.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. The net assets of the Plan are allocated entirely to individual participants' accounts, except for the forfeiture account and the amount of available revenue sharing fees discussed in Note 1.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value except for fully benefit-responsive investment contract which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Contribution Funding

The Company funds its participant contributions and Company matching contributions on a bi-monthly basis. Discretionary profit sharing contributions, if any, are funded annually.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Insurance Contracts

Guaranteed Interest Account

The Plan participates in a contract with Great-West Life & Annuity Insurance Company (“Great-West”) whereby the assets of the Plan are part of the general assets of Great-West. This contract is identified and accounted for as a fully benefit responsive investment contract. The contract is supported by an investment portfolio held in Great-West’s general account. This investment portfolio is identified as the Key Guaranteed Portfolio Fund. The guaranteed interest account provides guaranteed interest rates for specified periods of time as determined or allowed by the contract.

The rate credited is the rate in effect on the day when each deposit is directed to the funds. The interest crediting rate is reset quarterly. The methodology for calculating the interest crediting rate is based on the underlying earnings of the Key Guaranteed Portfolio Fund and prevailing market conditions.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract since the contract was determined to be fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guarantees made with regard to the guaranteed interest account are supported by Great-West’s general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement), however, there are possible market value adjustments when funds are withdrawn prior to their maturity. There may be withdrawal restrictions associated with these contracts based on certain Plan level initiated transactions.

The following are the average yields of the guaranteed interest account for the years ended December 31, 2021 and 2020:

	<u>Years Ended December 31,</u>	
	<u>2021</u>	<u>2020</u>
Average interest crediting rate	<u>0.90%</u>	<u>1.04%</u>
Crediting rate in effect at year end	<u>0.80%</u>	<u>0.90%</u>

Note 4. Information Certified by the Investment Contract Issuer and Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company, an investment contract issuer, and Great-West Trust Company, LLC, the investment custodian, as of December 31, 2021 and 2020 and for the year ended December 31, 2021, as complete and accurate, except for comparing such information certified by the investment contract issuer and investment custodian of the Plan to information included in the Plan's financial statements and supplemental schedules:

d) Supplemental Schedule:

Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment contract issuer, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual funds: These investments are public investment securities valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

Fair Value Measurements Using Input Type				
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 44,402,024</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 44,402,024</u>
Total investments, at fair value	<u>\$ 44,402,024</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 44,402,024</u>
Fair Value Measurements Using Input Type				
<u>December 31, 2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 36,870,711</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 36,870,711</u>
Total investments, at fair value	<u>\$ 36,870,711</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 36,870,711</u>

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Related Party and Party-In-Interest Transactions

The Plan has an investment in a guaranteed interest account which is part of the general assets of Great-West Life & Annuity Insurance Company and investments in certain mutual funds sponsored by an affiliated entity. Great-West Life & Annuity Insurance Company is the investment contract issuer which holds the investment contracts.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Great-West Life & Annuity Insurance Company, Great-West Trust Company, LLC, and other investment custodians and investment advisors.

Additionally, certain recordkeeping fees are paid directly to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Tax Status

The Plan has adopted a volume submitter plan document which received a favorable opinion letter on June 30, 2020 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax return generally remains open for Federal tax audits for three years from the filing date.

Note 10. Prohibited Transactions

During the Plan years ended December 31, 2021 and 2020, the plan sponsor inadvertently failed to deposit \$593 and \$772, respectively, of participant deferrals within the required timeframe as stated by ERISA. The deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and deposited the lost earnings during 2022 and 2021, respectively.

The Plan Sponsor has self-corrected the prohibited transactions and does not believe this will impact the Plan's tax status.
