Plan Administrator and 401(k) Investment Committee  
Adaptimmune LLC Retirement Plan  
Philadelphia, Pennsylvania

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Adaptimmune LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a qualified institution that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to fraud or error may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

### **Significant deficiencies**

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

### **Employer Contribution Sources**

During our audit, we noted there were three pay periods where the employer contributions were posted to their employer match source versus the employer safe harbor contribution source. As the employer match contribution has five years grade vesting schedule while safe harbor contribution were immediately 100% vesting. This cause incorrect benefit payment amount as forfeitures did not calculate based on the correct amount. We recommend reviewing the process for remitting contributions to ensure they are posted to the proper source.

*Management's response: Adaptimmune agrees with the issue of a few instances where employer contributions were mis posted by contribution type. Management will continue to review the contribution coding at the payroll level for proper integration at the record keeper level.*

### **Participant Contribution Reconciliation**

During our testing of employee and employer contributions, we noted six participants in our sample selected for testing that had differences in their Employer profit sharing contribution amounts per payroll as compared to the amount deposited in their participant accounts. We recommend that Plan management implement policies and procedures to review all participant contribution remittances to ensure that the participant accounts are in agreement with contributions per payroll.

*Management's response: Adaptimmune agrees with audit testing instances of differences in the Employer profit sharing contribution amounts and the amount deposited into their participant accounts. Management will implement polices and procedures to review all participant contribution remittances to ensure that the participant accounts agree with contributions per payroll.*

### **Other deficiency in internal control**

During our audit, we became aware of an other deficiency in internal control. While the nature and magnitude of the other deficiency in internal control is not considered important enough to merit the attention of those charged with governance, it is considered of sufficient importance to merit management's attention and are included herein to provide a single, comprehensive communication for both those charged with governance and management.

#### **Timing of contributions**

Department of Labor Regulation 2510.3-102 requires that amounts that participants have withheld from their wages by an Employer be contributed to the plan on the earliest date on which such contributions can reasonably be segregated from the Employer's general assets. In any event, employee salary deferrals must be segregated from Employer assets no later than the 15th business day of the month following the month in which they would otherwise have been payable to the participant in cash. If an Employer does not deposit deferrals into the plan as soon as they can be reasonably segregated, they are considered as holding plan assets. This results in a prohibited transaction (a non-exempt extension of credit between the plan and a party in interest).

During our audit, we noted that various salary reduction contributions were not segregated from the general assets of the Employer and deposited to the trust in a timely manner. These late

contributions must be treated as prohibited transactions, as noted above. As such, they will be required to be reported on the supplemental schedule of delinquent participant contributions with parties in interest for the plan year ended December 31, 2021. Correction of the prohibited transaction must be made by confirming that the salary reduction contributions have been paid to the trust, and submitting an interest payment to the trust, for allocation to the plan participants' accounts, that is attributable to the period of the resulting extension of credit.

During our current audit, we also obtained an understanding of your current payroll practices and noted that salary reduction contributions were segregated from the general assets of the employer and deposited on an inconsistent basis and outside the requirements of the Department of Labor rules. The current payroll practice could be challenged as it does demonstrate that the segregation of the assets can occur on a shorter period of time when reviewing certain payroll periods during the year. We recommend that the current payroll practice be reviewed closely and consideration be taken to implement new procedures to segregate and deposit employee salary reduction contributions to the trust on a more frequent basis, such as following your payroll tax remittance schedule. In the event this would be administratively burdensome, we recommend you maintain documentation to support your current payroll practice. Since timely remittance is one of the Department of Labor's (DOL) top enforcement initiatives, documentation must be maintained to support your position and protect the fiduciaries of the Plan.

*Management's response: Adaptimmune agrees there were some late contribution remittances. Adaptimmune has shifted to an automatic feed between the payroll system and the record keeper. The payroll process and procedures will be reviewed to implement more timely procedures to segregate and deposit employee salary reduction contributions to the trust.*

#### **Participant and Employer Contribution Calculations**

During our testing of contributions, we noted one instance where the employee and employer contribution recalculations did not agree with the amount noted per payroll. This error was caused by the correction of bonus check. We recommend that Plan management verify the accuracy of the participant and employer contributions closely when an unusual payroll issue arises. We also recommend you discuss this matter with your legal counsel to determine proper corrective action if any.

*Management's response: Adaptimmune agrees with the audit testing instance where the employer and employee contribution amount did not agree with the amount per payroll. Management will implement more stringent review of unusual payroll transactions.*

#### **Loan Policy**

During our audit, we noted a violation of the Plan's loan policy. The loan policy currently specifies participants may not have more than one loan outstanding at any point in time. During our testing, we noted one participant in violation of this policy. By not adhering to the written loan policy, the Department of Labor may regard the Plan as not falling within the statutory prohibitive transaction exemption of ERISA section 408, which would result in the non-exempt extension of credit between the plan and a party in interest for each participant loan granted. We recommend you consult with your service provider to correct this by either amending the loan policy to incorporate

current practices or have the participants who fall outside the loan policy consolidate their loans into one new loan.

*Management's response: Adaptimmune agrees there was one instance of violation of the Adaptimmune loan policy. The plan loan policy has been amended for a second loan option to participants.*

**Management's response**

Adaptimmune LLC Retirement Plan's written response were not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Plan Administrator and 401(k) Investment Committee  
Adaptimmune LLC Retirement Plan  
Philadelphia, Pennsylvania

We have performed an audit of the financial statements of Adaptimmune LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with ERISA Section 103(a)(3)(C) pursuant to Code of Federal Regulations (CFR), *Labor*, Title 29, Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and have issued our report thereon dated October 6, 2022. The audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a qualified institution that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and whether the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit in our engagement letter dated February 16, 2022. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant audit findings or issues**

#### ***Qualitative aspects of accounting practices***

##### **Accounting policies**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Adaptimmune LLC Retirement Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2021.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

##### **Accounting estimates**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management.

**Financial statement disclosures**

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive financial statement disclosure is disclosure related to nonexempt prohibited transactions for delinquent participant contributions.

The financial statement disclosures are neutral, consistent, and clear.

**Significant unusual transactions**

We identified no significant unusual transactions.

**Difficulties encountered in performing the audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

**Uncorrected misstatements**

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

**Corrected misstatements**

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

**Disagreements with management**

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

**Management representations**

We have requested certain representations from management that are included in the management representation letter dated October 6, 2022.

**Management consultations with other independent accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Significant issues discussed with management prior to engagement**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the Plan's auditors. On January 27, 2022, we presented management with our formal audit plan and we discussed the following matters:

- The new significant audit standard need to implement for the Plan audit with year-ended December 31, 2021: SAS 136: *Forming and Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*.

The result of those discussions was not a condition to our engagement.

#### **ERISA-required supplemental schedules**

With respect to the ERISA-required supplemental schedules accompanying the financial statements, we performed certain audit procedures to express an opinion on whether the form and content of the supplemental schedules, other than the information agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We compared and reconciled the ERISA-required supplemental schedules to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated October 6, 2022.

#### **Reading the draft Form 5500**

Audit standards require that we obtain and read a draft of the Form 5500 that is substantially complete prior to the dating of our auditors' report. The purpose of these procedures is to identify material inconsistencies, if any, with the audited Plan financial statements. These audit procedures are not sufficient nor are they intended to determine that the Form 5500 is completely and accurately prepared. We did not identify any material inconsistencies between the Form 5500 and the audited financial statements.
