Independent Auditor's Report

To the Plan Administrator
The Little Potato Company USA, Inc. 401(k) Plan
DeForest, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Little Potato Company USA, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year then ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Little Potato Company USA, Inc. 401(k) (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of The Little Potato Company USA, Inc. (Company). The Plan is designed to comply with Section 401(k) and the regulations thereunder of the Internal Revenue Code (IRC), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In 2021, the Plan appointed Securian Financial ("Securian" a business unit of Minnesota Life Insurance Company) as a Plan trustee and recordkeeper. Effective April 1, 2021, all Plan assets certified and held under Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") were transferred to Minnesota Life Insurance Company d/b/a Securian Financial ("Securian").

Eligibility

Employees become eligible for the Plan upon reaching age 21 and completing three months of service. Once eligible, employees can enter the Plan on the first day of the month following satisfaction of the eligibility requirements.

Effective January 1, 2022, the Plan amended the eligibility requirements to exclude residents of Puerto Rico as being eligible for the Plan.

Contributions

Under the Plan, employees can contribute up to 100% of their compensation subject to certain IRC limitations. Elective contributions by the employee can be made on a pre-tax or Roth basis. The Plan permits eligible participants to make "catch-up" contributions each year starting the year the participant attains age 50 subject to certain IRC limitations. Employees can contribute into the Plan eligible rollover distributions received from prior employers' qualified plans.

The Plan has an automatic enrollment feature. Under this feature, unless the employee affirmatively elects otherwise, any new employee will be deemed to have entered into a salary reduction agreement and elected to make elective contributions into the Plan coinciding with the employee's qualifying entry date. Automatic elective contributions are initially set at 6% for the first two years of an employee's annual eligible compensation and are automatically increased 1% annually until the employee has reached 10% or entered into a salary reduction agreement. Eligible employees may change or stop the amount of their elective contributions at any time subsequent to their automatic enrollment.

Under the Plan, the Company provides matching contributions of 100% of the employee's contributions up to 3% of eligible compensation, plus 50% of the employee's contributions that exceed 3% but that do not exceed 5% of eligible compensation.

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

The Plan provides for the Company to make discretionary profit-sharing contributions. The employee must be attain 1,000 hour of service during the plan year and be employed as of the last day of the year to be eligible to receive the discretionary contribution. For the year ended December 31, 2021, there was no employer discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company match or discretionary contribution (as applicable), an allocation of Plan earnings or losses, and is charged with withdrawals and administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective and rollover contributions and any income or loss thereon. Participants are 100% vested in their Company matching contributions after two years of service. Participants vest in discretionary Company profit-sharing contributions as follows:

<i>Vesting year of service</i>	<i>Percentage Vested</i>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants earn one year of service for each 12-month period of time they are employed, beginning on the employment commencement date.

A participant's accrued benefits shall become 100% vested upon such participant's death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any time. Loan terms could range from one to five years, except for the purchase of a primary residence, for which the loan term could not exceed 15 years. Effective April 1, 2021, loan terms for the purchase of a primary residence could not exceed 30 years. Participant loan fees are payable by the participant. Principal and interest is paid ratably through payroll deductions. A participant may prepay at any time the entire loan without penalty. Loans are secured by the participant's vested balance and carry a fixed, commercially reasonable rate of interest equal to the prime rate plus 1%. The loans bear interest at a rate of 4.25%-6.00% at December 31, 2021. As of December 31, 2021, loans were due on various dates through December 2029.

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Upon termination of service because of retirement (age 65) or disability, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account balance or to retain the balance in the Plan. Upon death of a participant prior to the commencement of distribution of any benefit under the Plan, or prior to the complete distribution of his or her accounts, his or her surviving beneficiary shall be entitled to a death benefit equal to the sum of such participant's accounts as of the date of his or her death, payable in a lump sum. On termination of service for reasons other than retirement, disability, or death, participants may elect to receive a lump-sum amount equal to the value of his or her vested account balance or to retain the balance in the Plan. All accounts with a balance of less than \$5,000 upon termination of service for any reason shall have their entire balance distributed in a single lump-sum as soon as administratively feasible. Participants may elect to withdraw all or any part of their vested matching contributions after completion of five years of plan participation. Participants may also request a hardship withdrawal from their elective deferrals and rollover contributions. As of December 31, 2021, no distributions had been requested by participants but not yet distributed.

Forfeitures

Forfeitures arise as a result of participants who separate from service with the employer before becoming 100% vested in the employer's contributions and earnings thereon. Forfeitures of non-vested participant balances may be used to pay Plan expenses, allocated as an additional employer contribution, used to reduce any matching contributions, or offset employer contributions that are qualified nonelective contributions, qualified matching contributions and contributions made pursuant to Code Section 401(k)(12)(ADP Safe Harbor Contributions). As of December 31, 2021 and 2020, unallocated forfeited balances totaled \$57,549 and \$52,817 respectively. During 2021, \$8,165 of forfeitures were used to pay administrative expenses or offset employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan shall be paid from the Plan; however, the Company may elect to pay expenses directly. Plan recordkeeping, administrative, and consulting fees are allocated to participant accounts based on account balances. Participant-specific transaction fees for distributions or notes receivable from participants are charged directly to the appropriate participant account.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, except for the guaranteed investment contract, which is valued at contract value, in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of the investment securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Collective Investment Trusts

Collective investment trusts are valued at the net asset value ("NAV") of units in the trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Mutual funds are valued at daily closing prices, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Pooled separate accounts are valued at the NAV of the units of accounts held by the Plan. The NAV is used as a practical expedient in estimating fair value. The NAV of the accounts is based on the quoted market price of the underlying assets, which consist primarily of publicly issued bonds or common stocks or other equity securities of domestic or foreign companies or units of other separate accounts or interests in other commingled investments held that invest in common stock or other types of equity or debt instruments. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest net of any allowance for uncollectible amounts. No allowance for credit losses

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

had been recorded as of December 31, 2021 or 2020. The Plan classifies all notes receivable from participants with no payments received in a financial quarter as in default. Defaulted loans offset are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's contract holder and trustees, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, as well as Minnesota Life Insurance Company d/b/a Securian Financial, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and note receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at the end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to the above information, except for comparing such information to the related amounts included in the accompanying financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The valuation methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2021 and 2020.

The remainder of this page intentionally left blank.

* Investments in the collective investment trusts and pooled separate accounts are measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Guaranteed Investment Contract

Prior to the change from Principal to Securian, the Plan offered a benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Principal may not terminate the contract at any amount less than contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. All funds associated with the guaranteed investment contract were transferred to Securian and invested in pooled separate accounts effective April 1, 2021.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Party-in-Interest Transactions

Included in the Plan's investments as of December 31, 2020, was a guaranteed interest account managed by Principal Life Insurance Company, contract holder and affiliate of the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustees were \$9,677 in the year ended December 31, 2021, which are recorded in administrative expenses on the accompanying statement of changes in net assets available for benefits.

The Plan is administered by the Company. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan allows participants to take out loans from the Plan which are considered exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the participants' accounts will become fully vested and non-forfeitable.

8. Tax Status

The Plan has adopted a prototype plan. The Internal Revenue Service (IRS) has notified the prototype plan sponsor by letter dated June 30, 2020, that the Plan and related trust are designed in

The Little Potato Company USA, Inc. 401(k) Plan

Notes to Financial Statements

accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements and the participants' account balances.

Included in investments at December 31, 2021, are investments in the T. Rowe Price Large Cap Value totaling \$930,645, and T. Rowe Price Large Cap Growth totaling \$914,932, which each represent 10% or more of total investments at December 31, 2021.

Included in investments at December 31, 2020, are investments in the Principal Lifetime Hybrid 2025 Collective Investment Trust totaling \$543,110, Principal Lifetime Hybrid 2030 Collective Investment Trust totaling \$540,162, Principal Lifetime Hybrid 2040 Collective Investment Trust totaling \$436,655, which each represent 10% or more of total investments at December 31, 2020.

10. Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, the date the Plan's financial statements were available to be issued.
