Cold Spring Granite Company 401(k) Retirement Plan
Cold Spring, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Cold Spring Granite Company 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Cold Spring Granite Company 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cold Spring Granite Company 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cold Spring Granite Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cold Spring Granite Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) and schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matters (Continued)

2021 Supplemental Schedules Required by ERISA (Continued)

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Cold Spring Granite Company 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cold Spring Granite Company 401(k) Retirement Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cold Spring Granite Company 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), available to substantially all employees of the Cold Spring Granite Company (Coldspring) and participating employer Stone Panels International LLC (collectively referred to as the "Company") who are at least 18 years old and have completed 60 days of service beginning with the first date of employment. Plan entry dates are the first day of each month upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During December 2021, the Plan was amended for the following provisions:

- 1) On December 1, 2021, re-enroll participants who have a salary reduction agreement that is not at least equal to the automatic deferral percentage unless they make a new contrary election. Participants who previously declined automatic deferral increases shall have their contrary election expire and thereafter will be subject to future scheduled automatic deferral increases unless they make a new contrary election.
- 2) On January 1, 2022, increase the automatic deferral enrollment to 9% (previously 8%). Participants hired after January 1, 2019 and prior to January 1, 2020 will be auto enrolled at 7% unless they make a contrary election. Participants hired after January 1, 2020 and prior to January 1, 2022 will be auto enrolled at 8% unless they make a contrary election.
- 3) The effective date of the annual auto increase was changed to December 1st (previously May 1st). Participants auto enrolled on or after December 2, 2021 are auto enrolled in Roth (previously Pre-tax). Participants auto enrolled prior to December 2, 2021, will continue to escalate in Pre-tax, those enrolled after December 2, 2021, will escalate in Roth.

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their compensation up to 75% (50% prior to October 1, 2020), subject to certain maximum individual limits. Effective February 1, 2020 through January 1, 2022, participants were automatically enrolled to withhold 8% (previously 7%) of their compensation if they have not completed a salary deferral agreement by the time they are eligible to make deferrals. The Plan automatically increases this percentage annually on May 1 (December 1 beginning in 2022) by 1% of their compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

During 2021 and 2020, the Company made discretionary matching contributions as follows:

Employee Deferral Election as a Percentage of Compensation	Discretionary Employer Match as a Percentage of the Employees' Compensation	
	2021	2020
1%	0.75%	0.75%
2%	1.50%	1.50%
3%	1.75%	1.75%
4%	2.00%	2.00%
5%	2.50%	2.50%
6%	3.00%	3.00%
7%	3.25%	3.25%
8%-75%	3.50%	3.50%

The Company may also make discretionary profit sharing contributions. Employees are generally eligible for an allocation of the profit sharing contribution if they are participating in the Plan, employed on the last day of the calendar year, and have completed 1,000 hours of service. No such contributions were made during 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions, including rollover contributions and investment earnings or losses on these contributions, are always fully vested. Participants become 100% vested in their Company matching contributions, profit sharing contributions, forfeiture amounts, and related investment earnings or losses upon attainment of one of the following conditions:

1. Reach age 65 and are still employed by the Company,
2. Termination of employment at an earlier age because of permanent disability,
3. Death,
4. Plan termination, or
5. Completing two years of service with the Company.

Cold Spring Granite Company 401(k) Retirement Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures attributable to matching contributions are used to reduce the Company's matching contribution in the year in which the forfeiture occurs. Forfeitures from profit sharing accounts are allocated to the profit sharing accounts of participating employees in the same way that other profit sharing contributions are allocated. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$5,931 and \$4,888, respectively. In 2021 and 2020, employer matching contributions were reduced by \$24,519 and \$17,800, respectively, from forfeited nonvested accounts.

Payment of Benefits

Participants may generally receive benefits from the Plan upon retirement, disability, death, or termination of service. Participants may elect to receive a lump sum amount equal to the value of their account or periodic installments. If the participant's vested balance exceeds \$5,000, the participant is required to consent to any distribution before they reach the later of age 62 or normal retirement age. Participants may be entitled to receive in-service distributions also, if they incur a disability or are age 59½. In-service distributions are limited to one in any plan year.

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 increased the age limit for required minimum distributions from 70½ to 72. Terminated participants may elect to have the Plan hold their accounts for distribution to them at a date not later than April 1 of the calendar year after which they attain age 72 (age 70½ if prior to January 1, 2020). Terminated participants who elect this will continue to share in the income, expenses, gains, and losses of the Plan until their accounts are distributed.

Notes Receivable from Participants

Eligible participants may borrow against the value of their accounts. The maximum amount for any loan may not exceed the lesser of (1) \$50,000 less the difference between the participant's highest outstanding loan balance during the 12 month period ending on the day the loan was made and the participant's current outstanding loan balance on the day on which the loan was made or (2) 50% of the vested portion of the participant's account balance. The minimum principal amount for any loan is \$1,000. Only two loans may be taken in a calendar year and a participant may not have more than two outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants who were adversely impacted by COVID-19. The provisions of CARES Act were effective and operationalized immediately, prior to amending the Plan Document.

**Cold Spring Granite Company 401(k) Retirement Plan
Notes to Financial Statements**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Coronavirus Aid, Relief, and Economic Security (CARES) Act (Continued)

The Plan has implemented the following relief provisions:

- Coronavirus-related distributions: Qualified participants could take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions could be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.
- Participant loans: Increase loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reflected at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued as of the measurement date. The administrative committee and plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded using the accrual basis of accounting. Net appreciation represents the Plan's gains or losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Funding Policy

Company discretionary matching contributions are generally remitted to the Plan at the same time as employee deferrals. Any Company discretionary matching contributions relating to the "true up" are remitted to the Plan in the following year. Company discretionary profit sharing contributions are remitted to the Plan after the end of the Plan year as soon as administratively feasible.

Cold Spring Granite Company 401(k) Retirement Plan

Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATION

Certain information related to noninterest bearing cash, investments, and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including noninterest bearing cash, investments, and notes receivable from participants held as of December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB, the trustees of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Cold Spring Granite Company 401(k) Retirement Plan
Notes to Financial Statements

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled separate accounts: valued at net asset value (NAV) of units of the separate accounts at year-end. The NAV is used as a practical expedient to estimate fair value. There are currently no redemption restrictions on these investments. Participant transactions (purchases and sales) may occur daily.

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair values of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2021				
Registered investment companies	<u>\$ 82,662,898</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 82,662,898
Investments measured at net asset value (NAV)				<u>18,599,487</u>
Total investments at fair value				<u>\$ 101,262,385</u>
December 31, 2020				
Registered investment companies	<u>\$ 74,988,405</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 74,988,405
Investments measured at net asset value (NAV)				<u>16,401,312</u>
Total investments at fair value				<u>\$ 91,389,717</u>

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan adopted the provisions of ASC 946-210 with respect to the fully benefit-responsive investment contract held by the Principal Preservation Separate Account, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Principal Preservation Separate Account is a product of Prudential Retirement Insurance and Annuity Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on many factors, including current economic and market conditions and the general interest rate environment. The interest crediting rates are reviewed on a semi-annual basis for resetting and the effective rate will never be less than 1.5%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, or (e) premature termination of the contract. The plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 6 – TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated April 29, 2014. The letter states that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since adoption of the prototype plan, however the plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustees. These transactions qualify as party in interest transactions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items for 2021 and 2020 between the financial statements and Schedule H of Form 5500.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan was restated effective January 1, 2022, and the restated Plan is relying on an opinion letter dated December 4, 2020, received from the IRS on the prototype plan. There were no other significant or material plan provision changes.

In addition, the Company increased its matching contributions as follows:

Independent Auditor's Report

To the Administrative Committee and Plan Administrator
Cold Spring Granite Company 401(k) Retirement Plan
Cold Spring, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Cold Spring Granite Company 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Cold Spring Granite Company 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cold Spring Granite Company 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cold Spring Granite Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cold Spring Granite Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) and schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matters (Continued)

2021 Supplemental Schedules Required by ERISA (Continued)

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Cold Spring Granite Company 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cold Spring Granite Company 401(k) Retirement Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cold Spring Granite Company 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), available to substantially all employees of the Cold Spring Granite Company (Coldspring) and participating employer Stone Panels International LLC (collectively referred to as the "Company") who are at least 18 years old and have completed 60 days of service beginning with the first date of employment. Plan entry dates are the first day of each month upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During December 2021, the Plan was amended for the following provisions:

- 1) On December 1, 2021, re-enroll participants who have a salary reduction agreement that is not at least equal to the automatic deferral percentage unless they make a new contrary election. Participants who previously declined automatic deferral increases shall have their contrary election expire and thereafter will be subject to future scheduled automatic deferral increases unless they make a new contrary election.
- 2) On January 1, 2022, increase the automatic deferral enrollment to 9% (previously 8%). Participants hired after January 1, 2019 and prior to January 1, 2020 will be auto enrolled at 7% unless they make a contrary election. Participants hired after January 1, 2020 and prior to January 1, 2022 will be auto enrolled at 8% unless they make a contrary election.
- 3) The effective date of the annual auto increase was changed to December 1st (previously May 1st). Participants auto enrolled on or after December 2, 2021 are auto enrolled in Roth (previously Pre-tax). Participants auto enrolled prior to December 2, 2021, will continue to escalate in Pre-tax, those enrolled after December 2, 2021, will escalate in Roth.

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their compensation up to 75% (50% prior to October 1, 2020), subject to certain maximum individual limits. Effective February 1, 2020 through January 1, 2022, participants were automatically enrolled to withhold 8% (previously 7%) of their compensation if they have not completed a salary deferral agreement by the time they are eligible to make deferrals. The Plan automatically increases this percentage annually on May 1 (December 1 beginning in 2022) by 1% of their compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

During 2021 and 2020, the Company made discretionary matching contributions as follows:

Employee Deferral Election as a Percentage of Compensation	Discretionary Employer Match as a Percentage of the Employees' Compensation	
	2021	2020
1%	0.75%	0.75%
2%	1.50%	1.50%
3%	1.75%	1.75%
4%	2.00%	2.00%
5%	2.50%	2.50%
6%	3.00%	3.00%
7%	3.25%	3.25%
8%-75%	3.50%	3.50%

The Company may also make discretionary profit sharing contributions. Employees are generally eligible for an allocation of the profit sharing contribution if they are participating in the Plan, employed on the last day of the calendar year, and have completed 1,000 hours of service. No such contributions were made during 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions, including rollover contributions and investment earnings or losses on these contributions, are always fully vested. Participants become 100% vested in their Company matching contributions, profit sharing contributions, forfeiture amounts, and related investment earnings or losses upon attainment of one of the following conditions:

1. Reach age 65 and are still employed by the Company,
2. Termination of employment at an earlier age because of permanent disability,
3. Death,
4. Plan termination, or
5. Completing two years of service with the Company.

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures attributable to matching contributions are used to reduce the Company's matching contribution in the year in which the forfeiture occurs. Forfeitures from profit sharing accounts are allocated to the profit sharing accounts of participating employees in the same way that other profit sharing contributions are allocated. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$5,931 and \$4,888, respectively. In 2021 and 2020, employer matching contributions were reduced by \$24,519 and \$17,800, respectively, from forfeited nonvested accounts.

Payment of Benefits

Participants may generally receive benefits from the Plan upon retirement, disability, death, or termination of service. Participants may elect to receive a lump sum amount equal to the value of their account or periodic installments. If the participant's vested balance exceeds \$5,000, the participant is required to consent to any distribution before they reach the later of age 62 or normal retirement age. Participants may be entitled to receive in-service distributions also, if they incur a disability or are age 59½. In-service distributions are limited to one in any plan year.

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 increased the age limit for required minimum distributions from 70½ to 72. Terminated participants may elect to have the Plan hold their accounts for distribution to them at a date not later than April 1 of the calendar year after which they attain age 72 (age 70½ if prior to January 1, 2020). Terminated participants who elect this will continue to share in the income, expenses, gains, and losses of the Plan until their accounts are distributed.

Notes Receivable from Participants

Eligible participants may borrow against the value of their accounts. The maximum amount for any loan may not exceed the lesser of (1) \$50,000 less the difference between the participant's highest outstanding loan balance during the 12 month period ending on the day the loan was made and the participant's current outstanding loan balance on the day on which the loan was made or (2) 50% of the vested portion of the participant's account balance. The minimum principal amount for any loan is \$1,000. Only two loans may be taken in a calendar year and a participant may not have more than two outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants who were adversely impacted by COVID-19. The provisions of CARES Act were effective and operationalized immediately, prior to amending the Plan Document.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Coronavirus Aid, Relief, and Economic Security (CARES) Act (Continued)

The Plan has implemented the following relief provisions:

- Coronavirus-related distributions: Qualified participants could take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions could be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.
- Participant loans: Increase loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reflected at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued as of the measurement date. The administrative committee and plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded using the accrual basis of accounting. Net appreciation represents the Plan's gains or losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Funding Policy

Company discretionary matching contributions are generally remitted to the Plan at the same time as employee deferrals. Any Company discretionary matching contributions relating to the "true up" are remitted to the Plan in the following year. Company discretionary profit sharing contributions are remitted to the Plan after the end of the Plan year as soon as administratively feasible.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATION

Certain information related to noninterest bearing cash, investments, and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including noninterest bearing cash, investments, and notes receivable from participants held as of December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB, the trustees of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Cold Spring Granite Company 401(k) Retirement Plan
Notes to Financial Statements

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled separate accounts: valued at net asset value (NAV) of units of the separate accounts at year-end. The NAV is used as a practical expedient to estimate fair value. There are currently no redemption restrictions on these investments. Participant transactions (purchases and sales) may occur daily.

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair values of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2021				
Registered investment companies	<u>\$ 82,662,898</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 82,662,898

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan adopted the provisions of ASC 946-210 with respect to the fully benefit-responsive investment contract held by the Principal Preservation Separate Account, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Principal Preservation Separate Account is a product of Prudential Retirement Insurance and Annuity Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on many factors, including current economic and market conditions and the general interest rate environment. The interest crediting rates are reviewed on a semi-annual basis for resetting and the effective rate will never be less than 1.5%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, or (e) premature termination of the contract. The plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 6 – TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated April 29, 2014. The letter states that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since adoption of the prototype plan, however the plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustees. These transactions qualify as party in interest transactions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items for 2021 and 2020 between the financial statements and Schedule H of Form 5500.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan was restated effective January 1, 2022, and the restated Plan is relying on an opinion letter dated December 4, 2020, received from the IRS on the prototype plan. There were no other significant or material plan provision changes.

In addition, the Company increased its matching contributions as follows:

Employee Deferral Election as a Percentage of Compensation	Discretionary Employer Match as a Percentage of the Employees' Compensation	
	2022	2021
1%	0.75%	0.75%
