INDEPENDENT AUDITORS' REPORT

To the Administrator of
First IC Bank 401(k) Plan
Doraville, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the First IC Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the First IC Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the First IC Bank 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the First IC Bank 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First IC Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the First IC Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The following description of the First IC Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is The First Intercontinental Bank (the Company, Plan Sponsor, or Plan Administrator). The Plan is a defined contribution plan covering substantially all employees of the Company. Effective April 1, 2021, the Plan Sponsor changed their name to The First IC Bank. As further described below, participants ceased contributions under the Fidelity plan ceased on March 31, 2021. On April 1, 2021, participants began contributing to the Georgia Bankers Association Master Pension and Profit Sharing Plan Trusts. The assets in the Fidelity plan were liquidated and transferred to the Georgia Bankers Association Master Pension and Profit Sharing Plan Trusts on May 14, 2021.

Participants are eligible to participate in the Plan if they are age 21 or older and have completed three months of service. All employees are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each calendar quarter after the aforementioned eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). See Plan amendments below.

Plan amendments

Effective April 1, 2021, the Plan Sponsor executed an adoption agreement to participate in the Georgia Bankers Association Master Pension and Profit Sharing Plan Trusts. This adoption agreement is substantially the same as the previous adoption agreement with the following exceptions:

- In conjunction with the Plan Sponsor's name change noted above, the name of the Plan was changed to the First IC Bank 401(k) Plan;
- The Plan's definition of compensation was modified to exclude bonuses, commissions, overtime, and other incentive compensation. Additionally, the following items are no longer excluded from the Plan's definition of compensation: income from the exercise of non-qualified stock options or stock appreciation rights, compensation recognized from restricted stock vesting, amounts realized from the sale, exchange, or disposition of stock required under a statutory stock option, other amounts which receive special tax benefits, and any distributions from a deferred compensation plan;

There are no additional requirements for participants to receive a discretionary employer matching contribution. Both discretionary employer matching contributions and employer profit-sharing contributions are determined annually.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's safe-harbor matching contributions, employer discretionary matching contributions, if any, discretionary employer profit-sharing contributions, if any, Plan expenses, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to a distribution of the vested value of his or her account upon termination of service, disability, or death. Participants must take distributions as lump sum payments. Additionally, in-service withdrawals of a participant's deferrals and Roth contributions are permitted in cases of proven financial hardship. In-service withdrawals from all vested account balances are allowed upon attainment of age 59 1/2. A participant terminating with a balance of \$1,000 or less will have their vested account distributed directly to them in a lump sum payment. As noted in the amendments section above, the 1,000 threshold was increased to \$5,000 effective April 1, 2021.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are for a maximum of five years, except for notes for the purchase of a primary residence which may be up to 10 years. Participants may have only one note outstanding at any given time and may only request one note in any calendar year. Notes are secured by the participant's account and bear interest at the prevailing market rate. The interest rate was defined as the Prime rate plus 2% effective April 1, 2021. Principal and interest are paid ratably through payroll deductions. Participants may prepay their note at any time.

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as determined by the Plan Sponsor. The Company absorbs a portion of the administrative expenses of the Plan. Fees charged for processing notes receivable from participants, as well as other account transaction fees, are charged directly to the account of the applicable participant.

Restatement

The December 31, 2020 financial statements have been restated to reflect \$573,175 of corrective employer contributions receivable related to various operational errors for Plan years 2014 through 2021. The December 31, 2019 net assets available for benefits were also restated to increase net assets by \$493,322 to reflect corrective employer contributions receivable at that time related to these operational errors. See Note 8 for additional information related to the corrections.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

FIRST IC BANK 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- Shares of registered investment company funds (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.
- Shares of money market funds are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Stable value fund investments are valued at the NAV of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund invests in guaranteed investment contracts and debt securities and provides for redemptions by the Plan at reported net asset value per share.

FIRST IC BANK 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

- Common collective trust investments are valued based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. The collective trusts are not quoted in an active market and do not meet the practical expedient requirement and are therefore considered a Level 2 investment. The fair value of these investments have been estimated using the net asset value per share as reported by the custodian. These collective trusts do not have any unfunded commitments and there are no restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	<u>Fair Value Measurements at December 31, 2021</u>			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Certain Level 1 fair value investments were transferred to Level 2 fair value measurement investments when the Plan converted to the GBA master trust plan on April 1, 2021. Additionally, certain Level 1 fair value investments were also transferred to investments using NAV as a practical expedient on April 1, 2021.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2022, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2021, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustees:

December 31, 2021 and 2020

Note 4 - Interest in Master Trust:

The Plan's investments at December 31, 2021 are in the Georgia Bankers Association (GBA) Master Pension and Profit-Sharing Trusts, which are maintained for the purpose of collective investment and administration of the pension and profit-sharing plans of members of the GBA. Each pension and profit-sharing plan maintains a proportionate interest in each of the funds in which it participates and shares ratably with the other plans in the income, expenses, profits, and losses thereof, except for investments in company stocks, certificates of deposit, and insurance policies for which only those participating members maintain an interest in these options. The master trusts' fair value is determined at each valuation date, which is the last regular business day of each calendar month.

Every year, each participating member of a pension plan may designate the percentage of funding contributions to be invested in each fund. A participating member may make the same designation for investment of profit-sharing plan funds, unless the member has elected a 401(k) feature and permits each participant to make such a determination within the 401(k) or profit-sharing plan.

Net investment income is allocated monthly based on the proportionate interest held by each plan and includes the gain or loss on the sale of securities, unrealized appreciation or depreciation on securities held, dividend and interest income, and expenses relating to the services of investment counsel and investment custodian.

Expenses incurred directly by a plan are allocated 100% to that plan. All other expenses are allocated to the participating plans based on each plan's proportionate interest in the master trusts.

At December 31, 2021, the Plan's interest in the mutual funds of the master trusts was approximately 3.5%. The Plan's interest in the stable value fund at December 31, 2021 was approximately 3.5%. The Plan's interest in the common collective trusts at December 31, 2021 was approximately 0.7%. The percentage of the Plan's participation in the master trusts was determined based on the December 31, 2021 and 2020 net asset values for the investment fund options chosen by the participants.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 5 - Party-in-interest transactions:

The trustees and their affiliates and GBA Retirement Services, Inc., perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan pays a portion of the Plan's administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules. Plan expenses paid to parties-in-interest totaled \$14,625 for the year ended December 31, 2021.

Note 6 - Plan termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts will become fully vested.

Note 7 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2018.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 8 - Plan compliance and operational errors:

Operational errors regarding the use of incorrect compensation to calculate certain participant contributions and associated employer safe-harbor matching contributions were identified related to Plan years 2014 through 2021. Operational errors regarding the timing of certain participants entering the Plan were also identified. Management consulted with ERISA counsel to quantify the amounts that are needed to correct these errors. Employer corrective contributions totaling \$590,339, including lost earnings, were calculated to make participants whole. Management identified the corrective amounts, by year, which was used to record the appropriate employer corrective contribution receivable at December 31, 2021 and 2020, and to restate the December 31, 2019 net asset balance. The calculated amounts are awaiting final approval, at which time management will contribute these amounts to the Plan and allocate the appropriate amounts to the accounts of affected participants. Management believes this will bring the Plan into compliance with the IRC.
