Independent Auditors' Report

To the Administrative Committee of
Cheil USA, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cheil USA, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 30, 2021 and December 31, 2020, and the related statement of changes in net assets available for benefits for the period from January 1, 2021 through December 30, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 30, 2021 and December 31, 2020, and for the period from January 1, 2021, through December 30, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As disclosed in Note 1, effective December 30, 2021, the Plan was merged into, and all assets were transferred to, the McKinney Retirement Plan. The Plan will no longer have reporting requirements after December 30, 2021, as all account balances were zero.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CHEIL USA, INC. 401(k) PLAN
Notes to Financial Statements

December 30, 2021

(1) Description of the Plan

The following description of the Cheil USA, Inc. 401(k) Plan (the “Plan”) provides only general information. Effective December 30, 2021, the Plan was merged into, and all assets were transferred to, the McKinney Retirement Plan. The Plan will no longer have reporting requirements after December 30, 2021, as all account balances were zero. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

a) General

The Plan is a defined contribution plan covering all full-time employees of Cheil USA, Inc. (the “Company”). Employees are eligible to participate in the Plan upon completing one month of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, as complete and accurate, except for comparing the information certified by the Trustee to information included in the financial statements.

b) Eligibility

Employees are eligible to participate in the Plan upon completing one month of service and attainment of age 21.

c) Contributions

Eligible employees may elect to defer, not less than 1%, but up to 100% of employees’ compensation each year instead of receiving that amount in cash. However, employee total deferrals in any taxable year may not exceed a dollar limit by the Plan, and subject to Internal Revenue Code (the Code) limitations on deferral contributions of \$19,500 for 2021. Participants are not permitted to make after-tax voluntary contributions. Participants age 50 or older may elect to defer additional amounts to the Plan up to the legal annual maximum set by the IRS, which was \$6,500 in 2021. Catch-up contributions designated as pre-tax deferrals are eligible for employer matching contributions.

The Company may contribute to the Plan on behalf of each participant a matching contribution equal to 50% of each participant’s contribution, but not to exceed 3% of compensations.

The Company also may make discretionary profit-sharing contribution to the Plan. For the period from January 1, 2021, through December 30, 2021, no discretionary profit-sharing contributions were made by the Company.

CHEIL USA, INC. 401(k) PLAN
Notes to Financial Statements

December 30, 2021

d) *Participants' Accounts*

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of the Plan's earnings, as well as charged with withdrawals and an allocation of the Plan's losses and administrative expenses. Allocations of the Plan's earnings and losses are made daily to participants' accounts in proportion to their respective account balances within each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e) *Investments*

Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching contributions are automatically invested in the same funds as the participant contributions.

f) *Vesting*

Participants are vested immediately in their contributions plus actual earnings thereon. Matching employer contributions are vested in accordance with the following schedule:

Years of Service	Vested percentage
Less than 1 year	0%
At least 1 year but less than 2	20%
At least 2 years but less than 3	40%
At least 3 years but less than 4	60%
At least 4 years but less than 5	80%
5 years or more	100%

g) *Forfeited Accounts*

In the event a participant terminates employment prior to satisfying 100% vesting, the portion of employer contributions, which is not vested, is forfeited at that time. Forfeited contributions are used to reduce future employer contribution or to pay administrative expense under the Plan, which would otherwise be paid by the Company.

At December 30, 2021 and December 31, 2020, there were forfeited non-vested accounts of \$-0- and \$192,139, respectively. \$18,659 of forfeitures were used to reduce employer contribution or to pay administrative expenses during the period from January 1, 2021, through December 30, 2021. Remained amount of forfeitures has been transferred to the McKinney Retirement Plan.

h) *Payment of Benefits*

On termination of services due to death, disability, severance from employment, or retirement, a participant may elect to receive a distribution amount equal to the value of the participant's

CHEIL USA, INC. 401(k) PLAN
Notes to Financial Statements

December 30, 2021

vested interest in his or her account. If the vested account balance is more than \$1,000, a participant may elect to receive a distribution in:

- A single lump-sum payment in cash
- Installments over a period of not more than his or her assumed life expectancy (or the assumed life expectancies of participant and participant's beneficiary)

In times of financial hardship, the funds in the participant's account are available for withdrawal if a condition is satisfied in terms of emergent medical care, principal for a residence, and educational fees. Such withdrawals are subject to tax as ordinary income.

i) *Notes Receivable from Participants*

Participants may borrow from their fund accounts up to a maximum equal to \$50,000 or 50% of participant's vested interest in the plan and no less than \$1,000. The loans are secured by the balance in the participant's account and bear interest rate at 1% above prime rate (as specified in the Wall Street Journal), which is fixed at the time of the loan.

Loans are to be paid in no later than five years, except for loans made for the purchase of a principal residence in which case the term of the loan can be extended to thirty years.

As of December 30, 2021, and December 31, 2020, there were no outstanding notes receivable from participants.

(2) *Summary of Significant Accounting Policies*

a) *Basis of Accounting*

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, which are based on quoted market values. Shares of common and collective funds are valued based on the value of the underlying assets of the fund as determined by the fund manager.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

CHEIL USA, INC. 401(k) PLAN

Notes to Financial Statements

December 30, 2021

d) *Net Appreciation (Depreciation) in Fair Value of Investments*

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

f) *Payment of Benefits*

Benefits are recorded when paid.

g) *Administrative Expenses*

The Plan's expenses are paid by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

CHEIL USA, INC. 401(k) PLAN

Notes to Financial Statements

December 30, 2021

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value pursuant to the fair value hierarchy:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The value is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

Common/collective trusts: Valued at the net asset value (NAV) per share/unit reported at the close of business every day. Shares/units in common/collective trusts can be redeemed daily on demand. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 30, 2021, there was no investment assets held by the Plan. The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets that are measured at fair value as of December 31, 2020.

Investments at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 2,004,115	—	—	\$ 2,004,115
Investments measured at net asset value *				461,648
Total				<u>\$ 2,465,763</u>

* Investment that is measured at fair value using the net asset value per share (or its equivalent) practical expedient has not been categorized in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amount presented in the Statements of Net Assets Available for Benefits.

(4) Federal Income Tax Status

The Company adopted a prototype non-standardized safe harbor profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from Internal Revenue Service on November 27, 2001, which stated that the prototype non-standardized safe harbor profit sharing plan is acceptable under Section 401 of the Internal Revenue Code (IRC).

Effective April 1, 2009, the Company adopted new prototype non-standardized profit-sharing plan with a cash or deferral arrangement sponsored by Ascensus, Inc., which received a favorable opinion letter from the IRS on March 31, 2008, that stated that the prototype plan is acceptable under section 401 of the IRC. Although the Plan, the prototype non-standardized safe harbor profit sharing plan,

CHEIL USA, INC. 401(k) PLAN
Notes to Financial Statements

December 30, 2021

and the prototype non-standardized profit-sharing plan have been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by US taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 30, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2018.

(5) Related Party and Party-in-Interest Transactions

Ascensus LLC serves as a recordkeeper. Fees paid by the Plan to Ascensus LLC for certain recordkeeping and administrative services for the period from January 1, 2021, through December 30, 2021, amounted to \$9,416.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts and therefore, these transactions qualify as party-in-interest transactions.

Other notable related party transactions and party-in-interest transactions for services provided to the Plan by the related party and party-in-interest disclosed.

(6) Concentrations of Credit Risks

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are generally diversified into various financial instruments.

(7) Risk and Uncertainties

The Plan provides for various investment options in common stocks, a money market fund, a guaranteed interest account, and in registered investment companies which invest in combinations of

CHEIL USA, INC. 401(k) PLAN
Notes to Financial Statements

stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Subsequent Events

For the period from January 1, 2021, through December 30, 2021, subsequent events were evaluated through October 10, 2022, the date the financial statements were available to be issued.

(9) Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan as of December 30, 2021 and December 31, 2020, and for the period from January 1, 2021 through December 30, 2021, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Ascensus Trust Company, the trustee of the Plan as of December 30, 2021 and December 31, 2020, and for the period from January 1, 2021 through December 30, 2021. No auditing procedures were performed by the independent public accountants as permitted by 29CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements and supplementary schedule.

The trustee holds the Plan's investment assets and execute investment transactions. The plan administrator obtained certifications from the trustee as of December 30, 2021 and December 31, 2020, and for the period from January 1, 2021 through December 30, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.
